Hello Dan,
Is Juan or anyone else in your office able to recall any specific instances where your office stepped in to stop renters from getting displaced? If so, perhaps a search could be done based on address, or if there is no address conduct a search using the terms "renter," "eviction," "displace," etc. Adrian's request also includes a search for emails between your and tenant advocates that relate to instances wherein your office helped tenants avoid displacement/eviction. Based on Juan's description of there being only "several" instances, the search results should not be that voluminous. It is also possible that your office's anti-displacement efforts are only partially documented in email. You are only responsible for producing your documented efforts. Does this make sense?

> Yes, the request is very broad and a bit vague as you described. Have you performed an initial search based on what you believe is the criteria he is looking for? If it results in a voluminous amount of documents, you can always inform the requester of the initial count and ask if he can narrow the search either by timeframe or additional keywords (or both). If he does not want to narrow it down, then simply set a production date out a number of months according to how long it will take you to review.

Frank

Frank and Bethelwel,

Please see below for a long message from Adrian, asking for:

"So I need to take a look at records that will allow me to enumerate and understand each such "instance in East Hollywood" as well as any other not-in-East-Hollywood "sorts of cases" similar to these "several instances". These might include but not be limited to emails to/from tenants or tenant advocates, landlords, attorneys repping landlords or tenants, letters to/from landlords, tenants, advocates, and so on. Also anything else that's related to these "several instances" and others not in East Hollywood."

I am CCing my colleagues Juan Fregoso (since Adrian's request was piqued by a recent CPRA request that Juan completed) and George Hakopiants (who covers East Hollywood).

I think I understand what Adrian is asking for, but as is often the case, it's broad and overly complicated. Can we get him to refine the ask in some way?

I need to provide the initial response to him by Tuesday 7/14.

Thank you,

To: Dan Halden <daniel.halden@lacity.org>

Good morning, Mr. Halden!

I am informed by your colleague Mr. Fregoso (see attached email) that "there have been several instances in East Hollywood in which we have had to step in and work out something in favor of renters or people who are experiencing the threat of displacement." Given his characteristic attachment to dramatically overheated rhetoric it's no surprise that he doesn't expect anyone "to know about these sorts of cases because we generally do not advertise this as they are examples of private casework."

As I am, sadly, not able to understand how CD13 organizes or labels its records or, for that matter, does anything at all, I am taking advantage of the right afforded to me by both the CPRA and the Constitution of California to describe these records by their content and/or function rather than their official names and relying on you, playing the role of the "reasonable" person anticipated by the statute, to determine what's responsive.

So I need to take a look at records that will allow me to enumerate and understand each such "instance in East Hollywood" as well as any other not-in-East-Hollywood "sorts of cases" similar to these "several instances". These might include but not be limited to emails to/from tenants or tenant advocates, landlords, attorneys repping landlords or tenants, letters to/from landlords, tenants, advocates, and so on. Also anything else that's related to these "several instances" and others not in East Hollywood.

As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

Hi Dan,

I tried to call but I might have an old business card because both your direct line and office number said they were disconnected? So I hope this gets to you.

I was reaching out because our director of social services is putting together a potential zoom Townhall to discuss eviction protections, EDD claims and extensions and potentially health insurance questions. She has been talking to Brad Sherman's office, Adrian Nazarian and Jesse Gabriel and it's looking like they would all like to participate in someway and we are working on dates. She is also bringing in the Coalition for Economic Survival to discuss the eviction issue. It would probably only be 60 minutes.

I don't know if this is the kind of thing that Mitch likes to do, but if you think he might be interested or would like to discuss or present city resources, we would of course love to have him. If the answer is yes, I can connect you with Tina, who is coordinating this, or connect her to whoever in your office would be the right person to discuss Mitch's contribution and schedule.

Thank you and I hope all is well with you,

Keith

If so, perhaps a search could be done based on address, or if there is no address conduct a search using the terms "renter," "eviction," "displace," etc. Adrian's request also includes a search for emails between your and tenant advocates that relate to instances wherein your office helped tenants avoid displacement/eviction. Based on Juan's description of there being only "several" instances, the search results should not be that voluminous. It is also possible that your office's anti-displacement efforts are only partially documented in email. You are only responsible for producing your documented efforts. Does this make sense?

If he does not want to narrow it down, then simply set a production date out a number of months according to how long it will take you to review.

Subject: CPRA request (CD13.2020.07.04.a)
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Mr. Halden!

I am informed by your colleague Mr. Fregoso (see attached email) that "there have been several instances in East Hollywood in which we have had to step in and work out something in favor of renters or people who are experiencing the threat of displacement." Given his characteristic attachment to dramatically overheated rhetoric it's no surprise that he doesn't expect anyone "to know about these sorts of cases because we generally do not advertise this as they are examples of private casework."

As I am, sadly, not able to understand how CD13 organizes or labels its records or, for that matter, does anything at all, I am taking advantage of the right afforded to me by both the CPRA and the Constitution of California to describe these records by their content and/or function rather than their official names and relying on you, playing the role of the "reasonable" person anticipated by the statute, to determine what's responsive.

So I need to take a look at records that will allow me to enumerate and understand each such "instance in East Hollywood" as well as any other not-in-East-Hollywood "sorts of cases" similar to these "several instances". These might include but not be limited to emails to/from tenants or tenant advocates, landlords, attorneys repping landlords or tenants, letters to/from landlords, tenants, advocates, and so on. Also anything else that's related to these "several instances" and others not in East Hollywood.

As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

See below from Keith McNutt with the Actor's Fund. They are interested in some kind of town hall. Frankly I do like the general idea of MOF doing a town hall or something that is arts-focused, but the topics he suggested (for the most part) are not under City jurisdiction. What do you all think?

Hi Dan,

I tried to call but I might have an old business card because both your direct line and office number said they were disconnected? So I hope this gets to you.

I was reaching out because our director of social services is putting together a potential zoom Townhall to discuss eviction protections, EDD claims and extensions and potentially health insurance questions. She has been talking to Brad Sherman's office, Adrian Nazarian and Jesse Gabriel and it's looking like they would all like to participate in someway and we are working on dates. She is also bringing in the Coalition for Economic Survival to discuss the eviction issue. It would probably only be 60 minutes.

I don't know if this is the kind of thing that Mitch likes to do, but if you think he might be interested or would like to discuss or present city resources, we would of course love to have him. If the answer is yes, I can connect you with Tina, who is coordinating this, or connect her to whoever in your office would be the right person to discuss Mitch's contribution and schedule.

Thank you and I hope all is well with you,

Keith

Hi Dan,

Thank you and I hope all is well with you,

Hi Tony,
ITA received another CPRA request for "2019-2020 emails in account daniel.halden@lacity.org that are to/from/cc/bcc any of the following correspondents:
a. christine.peters@lacity.org
b. jeanne.min@lacity.org
c. tony.arranaga@lacity.org"

Because the subject of the search includes your emails, we will share the results with you for your review prior to their release. Please note that the results include over 11,000 emails and the requester refuses to narrow their query.

Please provide ITA your timeframe for reviewing the results and we will work on converting the results to PDF for your convenience.

Thank you.

Hi Dan,
If the redactions you made were of identifying information (email, home addresses, home phone numbers) of private citizens, then your prior explanation is sufficient.

Mr. Halden,

Can you please just tell me against what public interest in releasing the redacted information you weighed whatever interest it is that you're trying to describe below and found to be *clearly* outweighed by it? I'm pretty sure you actually know it's not sufficient just to state the interest in withholding. There's some interest in releasing and you must have weighed your withholding-interest against it. What is it?

Thanks!

Hi Dan,

I tried to call but I might have an old business card because both your direct line and office number said they were disconnected? So I hope this gets to you.

I was reaching out because our director of social services is putting together a potential zoom Townhall to discuss eviction protections, EDD claims and extensions and potentially health insurance questions. She has been talking to Brad Sherman's office, Adrian Nazarian and Jesse Gabriel and it's looking like they would all like to participate in someway and we are working on dates. She is also bringing in the Coalition for Economic Survival to discuss the eviction issue. It would probably only be 60 minutes.

I don't know if this is the kind of thing that Mitch likes to do, but if you think he might be interested or would like to discuss or present city resources, we would of course love to have him. If the answer is yes, I can connect you with Tina, who is coordinating this, or connect her to whoever in your office would be the right person to discuss Mitch's contribution and schedule.

Thank you and I hope all is well with you,

Keith

Hi Frank and Bethelwel,

One more from me today, related to Adrian. I am CCing my colleague Juan who completed this request (it pertained only to him). Please see below. My questions are:

1) **MBOX...** I don't even know what that is, or how to produce what he wants in whatever format that is. What is it? Are we obligated to reproduce this request in the "MBOX" format?

2) Given the above, are we obligated to respond? If so, how?

Good morning, Mr. Halden.

Although you did send some putatively responsive records, you exported them as PDfs for some reason. As I'm sure you know by now it's required to produce in MBOX format on request. Furthermore, the method you use to transmutate emails into this random file format deletes a lot of important information. You have not claimed any exemptions that might cover this information so you're required to produce it. Or justify its non-production by citing exemptions. The exemption you cited to justify redacting the names of CD13 correspondents, as indefensible as it is, can't possibly be stretched to cover email metadata. So please produce the emails as an MBOX file. If you must redact the metadata do it in a text editor so as not to disturb the file format, and cite exemptions that cover the actual information withheld.

Thanks,

A.

Hi Tony,
ITA received another CPRA request for "2019-2020 emails in account daniel.halden@lacity.org that are to/from/cc/bcc any of the following correspondents:
a. christine.peters@lacity.org
b. jeanne.min@lacity.org

Because the subject of the search includes your emails, we will share the results with you for your review prior to their release. Please note that the results include over 11,000 emails and the requester refuses to narrow their query.

Please provide ITA your timeframe for reviewing the results and we will work on converting the results to PDF for your convenience.

Thank you.

Hi there

A message was added to record request #20-3733:

Thank you for getting back to me. However, the pdf you sent over contained only one production invoice, for a video titled "LA River City Council Follies Season 4 the Clip Show". I'm specifically interested in the budgets for all the videos in the series that have been posted to Mitch O'Farrell's Youtube account. Specifically Los Angeles River Follies Season 1 (https://www.youtube.com/watch?v=cqVPwJavU_A), Los Angeles River Follies Season 2 (https://www.youtube.com/watch?v=DQA-wX4Zh0c), Los Angeles River Follies Season 3 (https://www.youtube.com/watch?v=iMtsHZiyaQE&t=3s), and Los Angeles River Follies Season 5 "The Councilmember's Dream" (https://youtu.be/Xl2PP9x5ogw). Please send over the budgets or invoices associated with production of those videos. You already provided the invoice for season 4, thank you.

You can simply state that it is the City's position that pdf productions comply with section 6253.9 of the Government Code.

1) **MBOX...** I don't even know what that is, or how to produce what he wants in whatever format that is. What is it? Are we obligated to reproduce this request in the "MBOX" format?

2) Given the above, are we obligated to respond? If so, how?

Good morning, Mr. Halden.

Although you did send some putatively responsive records, you exported them as PDFs for some reason. As I'm sure you know by now it's required to produce in MBOX format on request. Furthermore, the method you use to transmutate emails into this random file format deletes a lot of important information. You have not claimed any exemptions that might cover this information so you're required to produce it. Or justify its non-production by citing exemptions. The exemption you cited to justify redacting the names of CD13 correspondents, as indefensible as it is, can't possibly be stretched to cover email metadata. So please produce the emails as an MBOX file. If you must redact the metadata do it in a text editor so as not to disturb the file format, and cite exemptions that cover the actual information withheld.

Thanks,

A.

Mr. Halden,

Can you please just tell me against what public interest in releasing the redacted information you weighed whatever interest it is that you're trying to describe below and found to be *clearly* outweighed by it? I'm pretty sure you actually know it's not sufficient just to state the interest in withholding. There's some interest in releasing and you must have weighed your withholding-interest against it. What is it?

Thanks!

Hi Frank and Bethelwel,

One more from me today, related to Adrian. I am CCing my colleague Juan who completed this request (it pertained only to him). Please see below. My questions are:

1) **MBOX...** I don't even know what that is, or how to produce what he wants in whatever format that is. What is it? Are we obligated to reproduce this request in the "MBOX" format?

2) Given the above, are we obligated to respond? If so, how?

Thank you,

Dan Halden

Good morning, Mr. Halden.

Although you did send some putatively responsive records, you exported them as PDFs for some reason. As I'm sure you know by now it's required to produce in MBOX format on request. Furthermore, the method you use to transmutate emails into this random file format deletes a lot of important information. You have not claimed any exemptions that might cover this information so you're required to produce it. Or justify its non-production by citing exemptions. The exemption you cited to justify redacting the names of CD13 correspondents, as indefensible as it is, can't possibly be stretched to cover email metadata. So please produce the emails as an MBOX file. If you must redact the metadata do it in a text editor so as not to disturb the file format, and cite exemptions that cover the actual information withheld.

Thanks,

A.

In all seriousness, this request will need to be narrowed either by date range or individuals involved or both. You can explain to the requester that a search of this scope will result in tens of thousands of documents that will need to be collected and reviewed, a process that could take at least 18 months or more given staffing limitations and the current remote working situation. Request that they please narrow their request by time frame, key words or a smaller list of staff. Once you get a response, then we can figure out how to proceed.

Staff reports are basically updates on policy and neighborhood projects to brief the Councilmember. Typically, staff writes up a report every week so over the course of seven years, that would be over 300 staff reports per staff member that Adrian is requesting.

Hello Max,
Thanks for reaching out. Just for our clarification, what information is contained in staff reports? Are they materials that the councilmember or the executive staff uses when determining policy? Also, how many of these documents do you retain?

Thanks,
Frank

Hi Frank/Bethelwel,

Our office received a CPRA request from someone (we believe it's Adrian using a pseudonym) and he's asking for 7 years worth of staff reports. Would this be considered deliberative?

Thanks,

Hi Tony,
This communication is protected by the attorney-client privilege. Your only obligation under the CPRA is to provide responsive documents to the requester. Provide the responsive documents to the requester and close the request. Adrian filed a similar request with our ITA department and they intend to respond in a similar fashion.

Hi Frank and Bethelwel-- We received this request from Adrian. Other than the hassle of having to re-produce the same responsive docs, do we have to make our responsive docs available to the public (instead of just the requester)?
Adrian has been trying to make a point recently -- and is making several duplicate requests but under a different name.

Hi there

A message was added to record request #20-3757:

It's not possible for all of these to be exempt via deliberative process, which applies only to specific executive decisions. While I suppose it's plausible that the exemption might apply to parts of these there's just no way it applies to every word in every one of them. Please reconsider your ill-advised closure of this request and reverse it by Friday, July 3 or I'll proceed as if you're standing by it. Also please supply name/title of person who made this decision as rquired by law.

Hi there

Record request #20-3757 has been closed. The closure reason supplied was:

The search for documents pertaining to request #20-3757 is complete.

The council office possesses responsive documents; however, they are exempt under deliberative process, as they are specifically prepared by staff to inform the day-to-day decision-making of the councilmember. Releasing the documents to the public would have the effect of impairing candid communications within the agency necessary for effective governance. Therefore, the public interest in nondisclosure outweighs the public interest in disclosure pursuant to Government Code section 6255.

This request is now closed.

Here's a recap of the action taken today during the Council meeting.

View this email in your browser

Friends,

Change is coming.

Earlier today, I signed onto an initiative that develops an unarmed model of crisis response, diverting non-violent related emergency calls for service away from police officers and to the appropriate social service agencies.

As policy makers, we are taking a fresh look at the role law enforcement plays in keeping our neighborhoods safe for all Angelenos. I am committed to this reform. I am also part of the resolution in support of the federal Justice in Policing Act. In addition, we will be focusing on the significant role institutional racism has played in poverty and homelessness in Los Angeles. In the coming weeks, we will hear a follow-up report generated from last year's Summit on Poverty, and take a forensic look at the data. This will help us identify funding priorities to invest in historically neglected communities.

The movement is underway, and the peaceful protests against racism across the country underscore the need for us to focus on the tasks at hand.

This is the first of many steps forward.

Kind regards,

MITCH O'FARRELL

MARCHING FOR ALL BLACK LIVES MATTER

HOLLYWOOD - Councilmember O'Farrell marched in the All Black Lives Matter Solidarity March in Hollywood with Councilmember Curren D. Price, Jr., Councilmember Marqueece Harris-Dawson, Gabrielino-Tongva friends, the Salvadoran American Leadership & Educational Fund, and thousands of others. Thank you Black LGBTQIA Activists for Change (B.L.A.C.) for organizing this wonderful event of LGBTQIA+ unity and calling for an end to violence and systemic racism against Black lives.

'SAY THEIR NAMES' MEMORIAL

SILVER LAKE - Eli Caplan and Micah Woods created a 2.2-mile memorial called 'Say Their Names.' The ribbon installation along the Silver Lake Reservoir Complex honors the numerous unarmed Black Americans who have been killed in recent years. Hundreds gathered Sunday evening for a candlelight vigil, which began in silence for 8 minutes and 46 seconds, followed by a march around the complex.

HI-FI GATEWAY RENDERING UNVEILED

HISTORIC FILIPINOTOWN - The Historic Filipinotown Eastern Gateway project represents a continuation of creating landmarks celebrating the diversity of the 13th District and the City. Once completed later this year, Historic Filipinotown will have a permanent reminder that showcases the beauty and storied history of the Filipino community.

Adrian made a similar request for year-end reports from a different council office. This is the proposed response I drafted for that council office that you can use in this situation:
The council office possesses responsive documents; however, they are exempt under deliberative process, as they are specifically prepared by staff to inform the day-to-day decision-making of the councilmember. Releasing the documents to the public would have the effect of impairing candid communications within the agency necessary for effective governance. Therefore, the public interest in nondisclosure outweighs the public interest in disclosure pursuant to Government Code section 6255.

many responsive documents you have. Simply search your emails for the search terms and provide me the ballpark number.

Please ALSO tell me if you do NOT have responsive documents.

1) have outstanding responsive documents to this request: https://lacity.nextrequest.com/requests/20-2622

This number of estimated documents will help inform how much more time we need to have, especially since we've pushed it back already.

Hi there

A message was added to record request #20-952:

Thank you again for these but I wonder if they're what I asked for even independent of the problem with the year. I asked for reports to MOF. These reports appear to be to constituents or something. Surely MOF doesn't need Juan Fregoso to address sentences like this one to him: "For questions/concerns about any specific development or planning related issues, please reach out to the Planning Director, Craig Bullock (craig.bullock@lacity.org) or Planning Deputy Amy Ablakat (amy.ablakat@lacity.org). They work out of our City Hall office and can be reached at 213.473.7013"

I understand that this is still open but there's no way what you uploaded here is actually responsive. Please clarify what you're doing.

Thanks, Frank. Yes - our staff (myself included) is still working on this. I just can't give an accurate count of what's remaining, other than there is *something* remaining. Will respond and keep you posted with any questions. Thank you!!

Thanks, Frank.

For the first question (how many we have left to review) - I do not know the answer. Sorry. Staff is scrambling to do this as best they can, as efficiently as possible, while primarily working remotely.

For the second question (how many we are producing today) - as of right now, it's approximately 80 documents. We have 78 individual emails (in PDF form), plus a document with *I think* 4 emails in it -- it's a little hard for me to count on my small laptop screen. So to be safe, I'd like to say approximately 80 documents.

Please advise. thanks!

cheers,
Frank

There are quite a few number of documents that are ready to be released, and I'd like to go ahead and release them, while also requesting more time to complete the request.

Here is the request itself: https://lacity.nextrequest.com/requests/20-2622

Please advise on my below suggested response.

Hi Scott,
We have compiled a number of responsive documents and they have been released to you. Due to the extraordinary circumstances posed by the COVID-19 pandemic, our office is still searching for and compiling additional documents that may be responsive. We anticipate that this request will be completed by Tuesday, June 15, 2020. Thank you for your patience and understanding, and be safe.

Friends:

The events of the past week, here in Los Angeles and across the country, have particular resonance in the LGBTQ+ community. As an openly gay man of Indigenous heritage, I am keenly aware of the structural injustices that continue to pervade American society. We have never fully acknowledged nor reconciled the genocide of Native Americans, nor centuries of slavery and the institutional oppression of Black people before and after the Civil War. These histories feed into the pain and outrage expressed after the murder of George Floyd by police officers in Minneapolis, followed by the death of Tony McDade two days later in Florida. Allies and advocates against racism and injustice are now marching together as never before.

June is also Pride month, and this year in particular was to be the biggest celebration yet, commemorating 50 years of L.A. Pride, which began in 1970 when the world's first legally permitted Pride parade took place in Hollywood, in the 13th District.

The fight for LGBTQ+ rights began as a protest against police brutality and societal oppression of homosexuals. All of us have benefited from the sacrifices and courage of the pioneers in our community who fought for our rights and paved the way for people like me.

Now there is a new call to action, and we all have a part to play. In order to fulfill the promise of full equity for everyone, without the soul destroying scourge of racism, we must act to make change. The LGBTQ+ movement was born out of diversity: a transgender black woman - Marsha P. Johnson - led the protests at the Stonewall Inn in 1969, and it changed the world.

These events also have resonance for me, as I reflect on my own journey and the privilege I have because of the color of my skin. I proudly join in solidarity with the Black community.

I am with *you*. Together, onward we march.

RECAP: WEDNESDAY COUNCIL ACTION

LOS ANGELES - During Wednesday's meeting, the City Council unanimously approved an ordinance limiting the amount third-party food delivery apps can charge restaurants. The cap for food deliveries, an initiative of Councilmember O'Farrell, will be 15% and there will be a 5% cap per order for all other types of charges during the COVID-19 public health emergency. Lastly, Councilmember O'Farrell co-introduced a motion to develop a COVID-19 Homelessness Recovery Roadmap. The policy will serve to coordinate resources to provide essential services and housing for people experiencing homelessness; prevent and respond to future outbreaks of disease; and prevent residents impacted by the COVID-19 crisis from becoming homeless with a particular focus on housing all residents over the age of 65.

FOOD RESOURCES FOR LOCAL FAMILIES

EAST HOLLYWOOD - Last weekend, Councilmember O'Farrell visited Rick's Produce to help distribute 120 boxes of fresh produce and eggs to families in need in the 13th District. Thank you to the East Hollywood Neighborhood Council, community volunteers, and Rick's Produce for the collaboration in making this initiative possible. The next event will take place on Sunday, June 7 from 11am - 1pm at 755 N. Virgil Avenue.

Thanks for the update. That sounds fine, just curious as to where you were at in the process. If the numbers are not available but you are fairly certain that you will have additional responsive documents, simply giving the new production date for the remainder should be sufficient.

Thanks, Frank.

For the first question (how many we have left to review) - I do not know the answer. Sorry. Staff is scrambling to do this as best they can, as efficiently as possible, while primarily working remotely.

For the second question (how many we are producing today) - as of right now, it's approximately 80 documents. We have 78 individual emails (in PDF form), plus a document with *I think* 4 emails in it -- it's a little hard for me to count on my small laptop screen. So to be safe, I'd like to say approximately 80 documents.

Please advise. thanks!

Hello Dan,
Because Ms. Taylor is a prosecutor and not a legal adviser to the council office the attorney-client privilege is inapplicable in the instance. The email must therefore be disclosed, as no other exemptions apply.

Jerry,

Thanks for the information. Unfortunately, I cannot directly advise you or members of the public nor can I give legal advice. If you believe that your are being harassed you may want to document the incidents and seek a restraining order.

The following link will provide you with more concrete information for steps you can use to move forward.

http://www.courts.ca.gov/1044.htm

Some forms of harassment can be criminal violations like excessive annoying phone calls (PC 653m) or criminal threats (PC 422). If anyone is being threatened or feels they are danger they must make a report to the police. Unfortunately, I do not investigate crimes. If she is tresappsing then each of those incidents must be reported directly to the police.

I hope this helps.

Thanks,
Gabrielle

Hello Officer Preciado,

I'd like to set up a meeting with you, Gabriel, a representative form the Councilman's office, and local business operators including Cyrus Etemed who owns and leases to various businesses at the Merrick building located at 4845 Fountain Ave. and Janet (C-PAB) who's with the Scientology Church. You can easily guess this is about Tracy Walker, who had adamantly harassed our local businesses owners along with trespassing. She has also harassed me on the phone regarding my right to speak freely at a public zoning hearing.

This situation is out of control with her, and as the council's office will tell you, they also get endless complaints regarding her. About of 1/3 of their calls are from her according to the Field Deputy. We need you and Gabriel to advised us of our rights along with the proper protocol and course of action we need to take in order to help LAPD with enforceable action to end this against our local businesses. Please arrange a time and location with Gabriel so we can move forward.

Thanks so much!

RENTER ASSISTANCE: we are taking steps to fund $100 million for the COVID-19 Emergency Renters Assistance Subsidy Program.

Friends,

Protecting renters, ensuring that rental properties don't go into foreclosure, and adding stability to our residential housing and commercial tenant market has been my top priority since the pandemic began and the COVID-19 emergency orders went into effect.

This is why I have prioritized the allocation of $2 million of funding to help the most vulnerable renters and small businesses that I serve in the 13th District:

- **Rental Assistance** - I moved $1 million of discretionary funding into the City's Emergency Rental Assistance Subsidy (ERAS) Program. The program, which is administered by the City's Housing + Community Investment Department, will benefit eligible renters in the 13th District who are unable to pay their rent due to the COVID-19 crisis.
- **Small Business Assistance** - initiated the "Emergency Small Business Grant Program" for businesses in the 13th District with 26 or fewer employees. The program will assist those struggling to make ends meet during the public health emergency orders. According to the motion [attached], the program will be administered and developed in partnership with the City's Economic and Workforce Development Department.

And earlier today, City Council President Nury Martinez and I took another big step for the most disadvantaged renters across Los Angeles. I seconded her motion to move $100 million from the City's federal CARES Act fund to the City Council-created COVID-19 Emergency Renters Assistance Subsidy Program to help renters across the city.

I look forward to working with all city leaders to ensure that these subsidies benefit people with the greatest need, and I will continue advocating for additional resources at the state and federal level to keep Los Angeles on track for a full recovery.

Keeping people housed and businesses open during this unprecedented time is of utmost importance. For more information on renter protections and other actions we have taken to assist Angelenos, please visit this page on my website.

Stay safe,

MITCH O'FARRELL

$100 MILLION TO HELP WITH RENT

LOS ANGELES - Councilmember Mitch O'Farrell joined Mayor Eric Garcetti, Council President Nury Martinez, Councilmember Herb Wesson and Councilmember John Lee to announce a $100 million fund for renter assistance. The Council action is the largest COVID-19-related renters assistance program of any city in the nation.

RELIEF FOR RENTERS

LOS ANGELES - Renters affected by the COVID-19 pandemic are protected from eviction. The City Council recently adopted policy that includes: barring landlords from evicting residential and commercial tenants who are unable to pay rent due to and during the emergency period; barring no-fault evictions during the local emergency period; halting Ellis Act evictions for 60 days after the emergency order is lifted; and, waiving late fees and allowing residential tenants to pay back their rent for up to 12 months, or 3 months for commercial tenants, after the emergency order is lifted.

UPDATE: ROADMAP TO RECOVERY

LOS ANGELES - In a major milestone in our road map to recovery, Los Angeles County is aligning regulations to match the State in a phased approach that now permits the reopening of faith-based services, in-store shopping at retail stores, drive-in movies & other activities.

UPDATE: TESTING OPEN TO ALL

LOS ANGELES - Mayor Garcetti announced that COVID-19 testing sites have expanded hours to accommodate as many Angelenos as possible. Testing is now open to all, regardless of whether there are signs of symptoms. Additionally, same or next day testing appointments are now available at locations across the city.

CALLING ALL LGBTQ+ STORYTELLERS

LOS ANGELES - Councilmember O'Farrell is accepting entries from **LGBTQ+ community members, partners, and allies** for '**Pride & Pandemic**.' The series will feature essays and other forms of literary storytelling to share personal experiences of survival during the AIDS epidemic, which began in the 1980's, and how it relates to the COVID-19 pandemic we are living through today. Please send your essay to **LGBTRSVP@lacity.org** with "Pride Month Writing Submission" in the subject line. The deadline to submit is **Friday, June 5.**

Jerry,

Thanks for the information. Unfortunately, I cannot directly advise you or members of the public nor can I give legal advice. If you believe that your are being harassed you may want to document the incidents and seek a restraining order.

The following link will provide you with more concrete information for steps you can use to move forward.

http://www.courts.ca.gov/1044.htm

Some forms of harassment can be criminal violations like excessive annoying phone calls (PC 653m) or criminal threats (PC 422). If anyone is being threatened or feels they are danger they must make a report to the police. Unfortunately, I do not investigate crimes. If she is tresappsing then each of those incidents must be reported directly to the police.

I hope this helps.

Thanks,
Gabrielle

Hello Officer Preciado,

I'd like to set up a meeting with you, Gabriel, a representative form the Councilman's office, and local business operators including Cyrus Etemed who owns and leases to various businesses at the Merrick building located at 4845 Fountain Ave. and Janet (C-PAB) who's with the Scientology Church. You can easily guess this is about Tracy Walker, who had adamantly harassed our local businesses owners along with trespassing. She has also harassed me on the phone regarding my right to speak freely at a public zoning hearing.

This situation is out of control with her, and as the council's office will tell you, they also get endless complaints regarding her. About of 1/3 of their calls are from her according to the Field Deputy. We need you and Gabriel to advised us of our rights along with the proper protocol and course of action we need to take in order to help LAPD with enforceable action to end this against our local businesses. Please arrange a time and location with Gabriel so we can move forward.

Thanks so much!

Subject: Be Safe + An Exciting Update on the Walk of Fame Master Plan Project

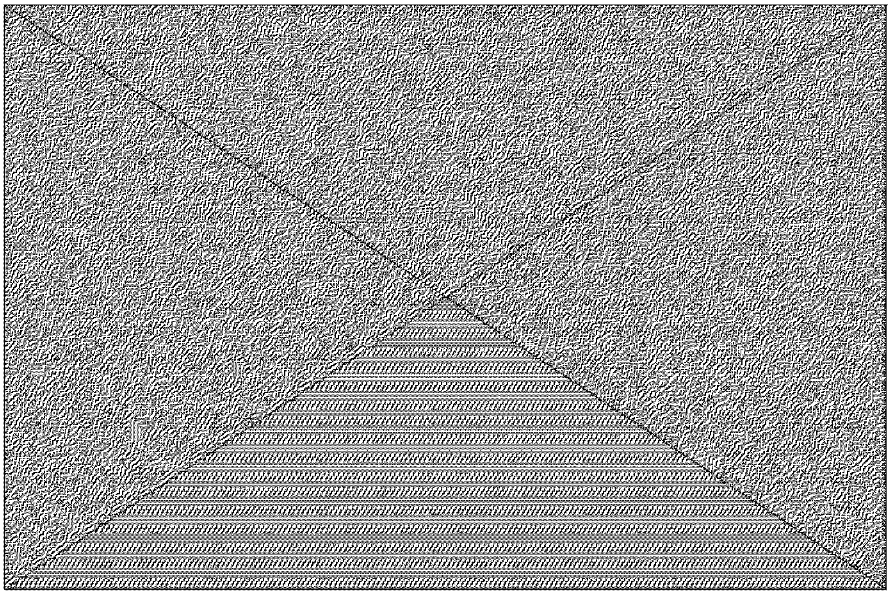
Neighbors,

I hope you are doing well. As we enter the Memorial Day holiday weekend, I want to encourage you to stay safe and remain cognizant of current protocols that remain in place due to COVID-19. As always, the office of Councilmember Mitch O'Farrell is here to assist. For the latest updates on Councilmember O'Farrell's work to protect Angelenos, please visit **http://cd13.com**.

As we begin to imagine a post-COVID world, the work to develop the **Walk of Fame Master Plan** remains as important as ever! Many of us have had great discussions regarding the project's goals and objectives, including its emphasis on designing space for and around people. This work continues. Here are some updates:

- **Virtual Roundtables Next Week** -- Next week, I will be hosting virtual roundtables on **Wednesday 5/27 at 2 PM**, and **Thursday 5/28 at 3 PM**. This is a great opportunity to help shape the Walk of Fame Master Plan project. Please be sure to check out the **Concept Plan** for the Walk of Fame Master Plan, and to also complete the **Survey**.

- **Walk of Fame Master Plan Gets an Award!** -- In a sign that our efforts are on the right track, I'm pleased to announce that the Walk of Fame Master Plan project has received an **"Award of Excellence**" from the Los Angeles chapter of the American Planning Association! While the full Master Plan is still in the works, this is a great validation of the collective work that has been done so far, including the valuable community feedback and participation. Thank you all!



Be safe, and I hope to "see" you at a roundtable next week.

Best,

Dan Halden

Thanks Dan. If you don't see any other issues, the production looks fine to us. Good luck

Hey Dan,
I would just give the requester the request. If he follows up with a request for the "full contents" of the requests themselves, you would have an obligation to that over minus any information that would be privileged.

Hi Frank and Bethelwel,

We have to respond to this request by tomorrow: https://lacity.nextrequest.com/requests/20-2919

The requester (99.9% positive it's Adrian, once again) wants copies of ALL CD13 CPRA requests currently on Next Request -- either open or closed. I'm trying to interpret what exactly they want. Here are my questions:

1) Do they want A) a list of requests that we have received, or B) the **FULL CONTENTS** of the requests themselves?

2) If it's B, are we under any obligation to provide that?

Thanks,

Frank and Bethelwel - another email/document needed for your review, please, for this request we are submitting today.

See below/attached. This is an email and document from LAPD, related to Walgreens, but currently in **DRAFT form.** It relates to a set of DRAFT operating conditions; my understanding from my colleague Amy Ablakat (CCed) is that these are not yet finalized; the finalized version will be submitted to Walgreens at some point.

My guess is that these can be **withheld** because they would be considered **"deliberative,"** is that correct?

Correct Dan. And in relation to the last email you sent, the last email in the attached propose Walgreens production can be withheld as deliberative as well since they are clearly discussing a draft.

This is an email and document from LAPD, related to Walgreens, but currently in **DRAFT form.** It relates to a set of DRAFT operating conditions; my understanding from my colleague Amy Ablakat (CCed) is that these are not yet finalized; the finalized version will be submitted to Walgreens at some point.

Subject: Best Practices Reminder for Public Records Requests
To: Mateljan, Frank <Frank.Mateljan@lacity.org>

Good Afternoon Council Colleagues,

As the transition begins into a more stable work environment, we wanted to take this opportunity to reach out and offer some guidance as to best practices regarding response and production of requests under the California Public Records Act (CPRA). As you may be aware, there have been no changes adopted on the state level to our statute obligations and timelines for response.

Once a CPRA is received:

1) Your office may send an email confirming the receipt of the request and an acknowledgement that a response is due within 10 days as to if responsive documents are available.

2) During the 10 day period, conduct a thorough search with all applicable custodians of potentially responsive documents per the parameters and search terms outlined in the CPRA request. If the terms are vague, please work with the requester to narrow or refine their search as appropriate.

3) On or before the 10 day period following the receipt of the CPRA request provide the requester with an estimate on how many potentially responsive documents have been identified following your search. If the volume and complexity of the search necessitates additional time to search for responsive documents, an 14 day extension may be requested.

4) Once your search is complete, either on the 10th or 24th day, provide an estimate on how many days you estimate it will take to fully review the documents either for withholdings or redactions. This estimate should be based on the total number of documents identified and any staffing/time restraints that are applicable given your workload. Given the circumstances of the COVID-19 emergency and the complexity of remote access working we are all facing, it is perfectly reasonable to estimate additional weeks for the completion of a production.

5) On the production date, please provide all documents to the requeter along with a citation of the reason for any withholdings due to privilege or redactions. If additional delays have been experienced, please inform the requester of those delays and provide a prompt estimate as to the new production date.

As always, Bethelwel and I are available to assist with any questions you may have. Thank you for your hard work on this issue, especially during these trying times.

best regards,
Frank Mateljan

Hard to say because I am not intimately familiar with this issue(s). I just noticed that there were emails (I think the final 3 emails) between CD13 staff and LAPD that referenced along the lines of "Let's make sure we are on the same page before we communicate back to the applicant" - that kind of stuff. Wasn't sure if that was deliberative or not, given that it is a conversation that references things that I assume were ultimately publicly communicated.

The request was submitted on April 23rd. We unfortunately missed the 10-day window to respond, so I would like to provide the initial response later today.

However, I for one am having difficulty of making sense of what exactly this person is asking for. Please see below for the request.

I can respond asking to extend the determination period (to May 17th), but I also feel like we should ask the requester to make their request more succinct or targeted if possible. The request *seems* to be targeted to Walgreens, but I also read it as including ALL correspondence between our office and LAPD, as well as City Planning. The requester also misrepresents Dana Harris and Brian White (who are LAPD employees) as working for City Planning.

In short, it seems like this is a bit all over the place, and I'd like for them to clarify. Can you help?

Bethelwel/Frank - see attached, with redactions. Please take a look again and let me know if this is good to go. There are still some conversations in here between CD13 and LAPD - are any of these able to be withheld or considered deliberative?

Thanks,

Frank and Bethelwel, we could use your help in figuring out how to respond to a CPRA request submitted to CD13 via NextRequest by an individual named Brian Washburn.

Brian Washburn

The request was submitted on April 23rd. We unfortunately missed the 10-day window to respond, so I would like to provide the initial response later today.

However, I for one am having difficulty of making sense of what exactly this person is asking for. Please see below for the request.

I can respond asking to extend the determination period (to May 17th), but I also feel like we should ask the requester to make their request more succinct or targeted if possible. The request *seems* to be targeted to Walgreens, but I also read it as including ALL correspondence between our office and LAPD, as well as City Planning. The requester also misrepresents Dana Harris and Brian White (who are LAPD employees) as working for City Planning.

In short, it seems like this is a bit all over the place, and I'd like for them to clarify. Can you help?

Thanks,
Dan

Hi Dan,
On initial glance, we would suggest redacting the phone numbers of the reporting party on the calls for service where the reporting party is not an employee of the Wallgreens store.

On Thu, May 21, 2020 at 3:56 PM Dan Halden <Daniel.Halden@lacity.org> wrote:

Bethelwel and Frank, please see attached. These documents are part of the package we will be sending to the requester **TOMORROW, Friday 5/22** (the due date). However, some of these are correspondence with LAPD so I wanted to first check with you before sending them. Are there any documents here that need to be further redacted or withheld?

Is there any "placeholder" response I can/should give to the requester this evening, or - at this point - can we just wait until tomorrow?

Thanks!

Frank and Bethelwel, we could use your help in figuring out how to respond to a CPRA request submitted to CD13 via NextRequest by an individual named Brian Washburn.

Brian Washburn
bwashburn@ssjlaw.com
Solomon Saltsman & Jamieson (Playa Del Rey, CA)

The request was submitted on April 23rd. We unfortunately missed the 10-day window to respond, so I would like to provide the initial response later today.

However, I for one am having difficulty of making sense of what exactly this person is asking for. Please see below for the request.

I can respond asking to extend the determination period (to May 17th), but I also feel like we should ask the requester to make their request more succinct or targeted if possible. The request *seems* to be targeted to Walgreens, but I also read it as including ALL correspondence between our office and LAPD, as well as City Planning. The requester also misrepresents Dana Harris and Brian White (who are LAPD employees) as working for City Planning.

In short, it seems like this is a bit all over the place, and I'd like for them to clarify. Can you help?

Thanks,
Dan

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking Juan Fregoso's emails pertaining to "Burlington," "michelle7748@outlook.com," BCCed to anyone @lacity.org, from 1/1/18 through 5/10/20.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request. Between 100-150 emails were

identified in an initial search.

Because of these unusual circumstances, we need more time in processing your request. We expect to have responsive documents compiled and completed by June 30, 2020.

Additionally, it would make things easier for our office if this request were handled through NextRequest. Would it be possible for you to submit this request through that portal? This is by no means a requirement, but it would be helpful to us. Please advise.

Hi Dan,

Thanks for touching base. Has your search been completed or do you need additional time to search inboxes for responsive documents? If you have all the documents, you can simply say that you have identified some potentially responsive documents and it will take until X date to complete the review. If you do need additional time to search, then your current draft response is perfectly acceptable.

As to NextRequest, you can certainly ask him to use the system, but be prepared for your requester to refuse. I would proceed as though it will not be going through NextRequest, but the line is good as a reminder for future requests. Who knows, he might agree to it.

please let me know if you need anything further. Good luck.

Here's a draft response. Juan has 100+ emails that turned up in an initial search, so I figured I would use the "voluminous" verbiage. Please advise:

Subject: CPRA request (CD13.2020.05.10.a)
To: Dan Halden <daniel.halden@lacity.org>

Good evening, Mr. Halden!

I need to take a look at all emails in the possession of Mr. Fregoso from between January 1, 2018 and May 10, 2020 that meet any of the following criteria:

1. Contain the word "Burlington"

OR

2. are to/from/cc/bcc michelle7748@outlook.com

OR

3. are sent by Mr. Fregoso and BCC-ed to anyone at lacity.org

This last is a little tricky to search for in Gmail but it's easy enough to do if you look it up. To save your valuable time may I suggest that you have Mr. Fregoso enter the following search string in the search field of his Gmail web client:

Burlington OR michelle7748@outlook.com OR bcc:lacity.org

You guys can probably figure out how to limit the dates so I won't bother you with that! As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

Thanks Dan. So Am I correct in assuming your search is complete and the 100-130 emails is the total? If that is the case, you can eliminate the "unusual circumstances" language and simply state that a thorough search has been completed and you have identified approximately 130 potentially responsive emails and the expected date of completion for your review for production will be June 30th. Short and sweet.

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking Juan Fregoso's emails pertaining to "Burlington," "michelle7748@outlook.com," BCCed to anyone @lacity.org, from 1/1/18 through 5/10/20.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request. Because of these unusual circumstances, we need more time in processing your request. We expect to have responsive documents compiled and completed by June 30, 2020.

Additionally, it would make things easier for our office if this request were handled through NextRequest. Would it be possible for you to submit this request through that portal? This is by no means a requirement, but it would be helpful to us. Please advise.

To: Dan Halden <daniel.halden@lacity.org>

Good evening, Mr. Halden!

I need to take a look at all emails in the possession of Mr. Fregoso from between January 1, 2018 and May 10, 2020 that meet any of the following criteria:

1. Contain the word "Burlington"

OR

2. are to/from/cc/bcc michelle7748@outlook.com

OR

3. are sent by Mr. Fregoso and BCC-ed to anyone at lacity.org

This last is a little tricky to search for in Gmail but it's easy enough to do if you look it up. To save your valuable time may I suggest that you have Mr. Fregoso enter the following search string in the search field of his Gmail web client:

Burlington OR michelle7748@outlook.com OR bcc:lacity.org

You guys can probably figure out how to limit the dates so I won't bother you with that! As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking Juan Fregoso's emails pertaining to "Burlington," "michelle7748@outlook.com," BCCed to anyone @lacity.org, from 1/1/18 through 5/10/20.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request. Between 100-150 emails were identified in an initial search.

Because of these unusual circumstances, we need more time in processing your request. We expect to have responsive documents compiled and completed by June 30, 2020.

Additionally, it would make things easier for our office if this request were handled through NextRequest. Would it be possible for you to submit this request through that portal? This is by no means a requirement, but it would be helpful to us. Please advise.

Thank you,
Dan

If you need additional time to conduct that search and get those numbers, that is what the 14 day extension is for. Given that, be prepared for a little pushback on your estimate of completion as two months is quite a ways out. Of course, you know best your bandwidth for completing these CPRAs, so we of course defer to you.

Hi Dan,
Thanks for touching base. Has your search been completed or do you need additional time to search inboxes for responsive documents? If you have all the documents, you can simply say that you have identified some potentially responsive documents and it will take until X date to complete the review. If you do need additional time to search, then your current draft response is perfectly acceptable.

As to NextRequest, you can certainly ask him to use the system, but be prepared for your requester to refuse. I would proceed as though it will not be going through NextRequest, but the line is good as a reminder for future requests. Who knows, he might agree to it.

please let me know if you need anything further. Good luck.

Frank and Bethelwel,

We are preparing the initial response for this request. (It is due by Wednesday, but we will send it by tomorrow - Tuesday).

I need you to advise us on both:

1) our suggested time frame
2) Next Request -- not *requiring* him to use it, but asking if he can submit there (it will make it easier on us)

Here's a draft response. Juan has 100+ emails that turned up in an initial search, so I figured I would use the "voluminous" verbiage. Please advise:

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking Juan Fregoso's emails pertaining to "Burlington," "michelle7748@outlook.com," BCCed to anyone @lacity.org, from 1/1/18 through 5/10/20.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of

separate and distinct records in order to respond to the request.

Because of these unusual circumstances, we need more time in processing your request. We expect to have responsive documents compiled and completed by July 17, 2020.

Additionally, it would make things easier for our office if this request were handled through NextRequest. Would it be possible for you to submit this request through that portal? This is by no means a requirement, but it would be helpful to us. Please advise.

Thank you,
Dan

We received a new CPRA request from Adrian Riskin 2 days ago, so I will provide within the initial 10 day time frame. This request pertains exclusively to my colleague Juan Fregoso, CCed here.

We had previously told Adrian that **new** requests should be submitted through Next Request. Are we allowed to direct him to do this, or no?

Subject: CPRA request (CD13.2020.05.10.a)
To: Dan Halden <daniel.halden@lacity.org>

Good evening, Mr. Halden!

I need to take a look at all emails in the possession of Mr. Fregoso from between January 1, 2018 and May 10, 2020 that meet any of the following criteria:

1. Contain the word "Burlington"

OR

2. are to/from/cc/bcc michelle7748@outlook.com

OR

3. are sent by Mr. Fregoso and BCC-ed to anyone at lacity.org

This last is a little tricky to search for in Gmail but it's easy enough to do if you look it up. To save your valuable time may I suggest that you have Mr. Fregoso enter the following search string in the search field of his Gmail web client:

Burlington OR michelle7748@outlook.com OR bcc:lacity.org

You guys can probably figure out how to limit the dates so I won't bother you with that! As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

Hope you are well and safe. I already turned this CPRA in, my deadline was last week per CB. We have received additional emails and may have calls this week from LAPD? Do we include these in the request?

Please let us know how to proceed.

William and Dave - we don't need you to search YOUR accounts, only the MOF accounts.

Please have your documents completed (with necessary redactions) before May 22nd. If you need the City Attorney to review anything, please provide them a few days in advance.

Thank you! :)

Dear Friends,

I hope this email finds each and everyone of you strong and resolute. While it has been difficult not seeing one another since our last working group meeting, please know that you have remained ever-present in my thoughts.

As we approach LGBTQ Awareness Month in a few short weeks, the Chief of Police would very much like to re-connect with those who can "Zoom" with us on June 4th, at 5:00 p.m., for the Chief's LGBTQ Virtual Forum. It will be so good to check in with you to see how you have been doing, concerns you may currently have, and any issues with which we can help you. I will be joining the Chief as your host.

You can submit questions in advance to Officer Julie Nony or Kristina Montoya or just ask them when you log into the meeting. You will be receiving an invitation to the Zoom Meeting in a follow up email.

My sincere hope is that you can take a bit of time to let us know what is on your mind. I look forward to the opportunity, as does the Chief, to be with you once again.

With deep respect and best wishes.

Subject: Invitation to the Chief of Police Forum

Dear Friends,

I hope this email finds each and everyone of you strong and resolute. While it has been difficult not seeing one another since our last working group meeting, please know that you have remained ever-present in my thoughts.

As we approach LGBTQ Awareness Month in a few short weeks, the Chief of Police would very much like to re-connect with those who can "Zoom" with us on June 4th, at 5:00 p.m., for the Chief's LGBTQ Virtual Forum. It will be so good to check in with you to see how you have been doing, concerns you may currently have, and any issues with which we can help you. I will be joining the Chief as your host.

You can submit questions in advance to Officer Julie Nony or Kristina Montoya or just ask them when you log into the meeting. You will be receiving an invitation to the Zoom Meeting in a follow up email.

My sincere hope is that you can take a bit of time to let us know what is on your mind. I look forward to the opportunity, as does the Chief, to be with you once again.

With deep respect and best wishes.

BEATRICE M. GIRMALA, Assistant Chief
Director, Office of Support Services

Thanks Dan. If it is possible, I would get as accurate a final count on documents as possible. If you need additional time to conduct that search and get those numbers, that is what the 14 day extension is for. Given that, be prepared for a little pushback on your estimate of completion as two months is quite a ways out. Of course, you know best your bandwidth for completing these CPRAs, so we of course defer to you.

Hi Dan,
Thanks for touching base. Has your search been completed or do you need additional time to search inboxes for responsive documents? If you do need additional time to search, then your current draft response is perfectly acceptable.

As to NextRequest, you can certainly ask him to use the system, but be prepared for your requester to refuse. I would proceed as though it will not be going through NextRequest, but the line is good as a reminder for future requests. Who knows, he might agree to it.

Here's a draft response. Juan has 100+ emails that turned up in an initial search, so I figured I would use the "voluminous" verbiage. Please advise:

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking Juan Fregoso's emails pertaining to "Burlington," "michelle7748@outlook.com," BCCed to anyone @lacity.org, from 1/1/18 through 5/10/20.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

Because of these unusual circumstances, we need more time in processing your request. We expect to have responsive documents compiled and completed by July 17, 2020.

Additionally, it would make things easier for our office if this request were handled through NextRequest. Would it be possible for you to submit this request through that portal? This is by no means a requirement, but it would be helpful to us. Please advise.

Thank you,
Dan

Good evening, Mr. Halden!

I need to take a look at all emails in the possession of Mr. Fregoso from between January 1, 2018 and May 10, 2020 that meet any of the following criteria:

1. Contain the word "Burlington"

OR

2. are to/from/cc/bcc michelle7748@outlook.com

OR

3. are sent by Mr. Fregoso and BCC-ed to anyone at lacity.org

This last is a little tricky to search for in Gmail but it's easy enough to do if you look it up. To save your valuable time may I suggest that you have Mr. Fregoso enter the following search string in the search field of his Gmail web client:

Burlington OR michelle7748@outlook.com OR bcc:lacity.org

You guys can probably figure out how to limit the dates so I won't bother you with that! As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

Frank and Bethelwel,

We are preparing the initial response for this request. (It is due by Wednesday, but we will send it by tomorrow - Tuesday).

I need you to advise us on both:

1) our suggested time frame
2) Next Request -- not *requiring* him to use it, but asking if he can submit there (it will make it easier on us)

Here's a draft response. Juan has 100+ emails that turned up in an initial search, so I figured I would use the "voluminous" verbiage. Please advise:

Hi Adrian,

This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking Juan Fregoso's emails pertaining to "Burlington," "michelle7748@outlook.com," BCCed to anyone @lacity.org, from 1/1/18 through 5/10/20.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

Because of these unusual circumstances, we need more time in processing your request. We expect to have responsive documents compiled and completed by July 17, 2020.

Additionally, it would make things easier for our office if this request were handled through NextRequest. Would it be possible for you to submit this request through that portal? This is by no means a requirement, but it would be helpful to us. Please advise.

Thank you,
Dan

We received a new CPRA request from Adrian Riskin 2 days ago, so I will provide within the initial 10 day time frame. This request pertains exclusively to my colleague Juan Fregoso, CCed here.

We had previously told Adrian that **new** requests should be submitted through Next Request. Are we allowed to direct him to do this, or no?

Good evening, Mr. Halden!

I need to take a look at all emails in the possession of Mr. Fregoso from between January 1, 2018 and May 10, 2020 that meet any of the following criteria:

1. Contain the word "Burlington"

OR

2. are to/from/cc/bcc michelle7748@outlook.com

OR

3. are sent by Mr. Fregoso and BCC-ed to anyone at lacity.org

This last is a little tricky to search for in Gmail but it's easy enough to do if you look it up. To save your valuable time may I suggest that you have Mr. Fregoso enter the following search string in the search field of his Gmail web client:

Burlington OR michelle7748@outlook.com OR bcc:lacity.org

You guys can probably figure out how to limit the dates so I won't bother you with that! As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. Subject: Re: CPRA Response CD13.2019.05.15.c #15

Dear Mr. Halden,

It's amazing that these turned up! All this time I, along with pretty much every computer scientist in history, thought that computer programs were deterministic and that therefore the results couldn't change between runs given identical inputs! But apparently when one searches jeanne.min@lacity.org for hollywoodbid.org in the Gmail web client running on Chrome in Windows sometimes nothing will come up but other times all kinds of stuff will come up. It's pretty miraculous, and I imagine a scholarly paper or two could come of it if anyone was inclined to write them.

Now, since I know that you know that an adequate search in response to a CPRA request is required by law and I assume that you did an adequate search in June 2019 or earlier when you first informed me that there were 1,400 responsive documents and we both know that in order to be adequate a search in response to this request must have encompassed the email accounts of each CD13 staff member as well as Mr. O'Farrell and insomuch as the first search of Ms. Min's account done as part of the initial adequate search didn't turn anything up but the one that someone over there conducted this morning did turn up some results, since all that stuff, do you think possibly you all might be able to search the rest of the staff's accounts again? And Mr. O'Farrell? And not just lacity.org accounts but all the accounts you all use to conduct public business? This is pretty necessary because I'm sad to say that even now CD13 has not produced all responsive records. It's hard to understand why this is happening, isn't it?

Tomorrow is the first anniversary of this request. What a miracle it would be if not only had we jointly discovered the first non-deterministic computer process running on Windows but CD13 actually completed one of these requests in one single year!

Thanks,

Adrian

Good afternoon, Mr. Halden.

Again, let me thank you for your careful work on this request. Although it took you almost an entire year the time was clearly well spent and it shows in the results! It's clear that the 33 pages you reviewed specifically for this request were very well-reviewed indeed!

That being said, I asked you for copies of emails between any CD13 staff OR elected and anyone at the domain hollywoodbid.org for a specified date range. You searched your own emails very completely for which, again, I thank you. You apparently searched Mr. Bullock's emails and Mr. Starkey's as well.

The only exemption you claimed is your 6255(a)-based theory that there's a public interest in not undermining the desire of your boss that his constituents be able to express their thoughts freely to him without being exposed to public ridicule. However, there's nothing in that which would justify the withholding of entire swaths of emails from the CD13 staffers from whose accounts you've produced nothing responsive.

Maybe you just didn't search the other accounts? Like e.g. I know for a fact that Ms. Min possesses some responsive emails that you did not produce. Likewise Ms. Marisol Rodriguez. Probably there are others as well. Please remedy this lacuna immediately or state an exemption which justifies CD13's failure to produce.

Thanks!

Adrian

Good afternoon, Mr. Halden.

Again, let me thank you for your careful work on this request. Although it took you almost an entire year the time was clearly well spent and it shows in the results! It's clear that the 33 pages you reviewed specifically for this request were very well-reviewed indeed!

That being said, I asked you for copies of emails between any CD13 staff OR elected and anyone at the domain hollywoodbid.org for a specified date range. You searched your own emails very completely for which, again, I thank you. You apparently searched Mr. Bullock's emails and Mr. Starkey's as well.

The only exemption you claimed is your 6255(a)-based theory that there's a public interest in not undermining the desire of your boss that his constituents be able to express their thoughts freely to him without being exposed to public ridicule. However, there's nothing in that which would justify the withholding of entire swaths of emails from the CD13 staffers from whose accounts you've produced nothing responsive.

Maybe you just didn't search the other accounts? Like e.g. I know for a fact that Ms. Min possesses some responsive emails that you did not produce. Likewise Ms. Marisol Rodriguez. Probably there are others as well. Please remedy this lacuna immediately or state an exemption which justifies CD13's failure to produce.

Thanks!

Adrian

All CD13 staffers searched their accounts for responsive documents, the entirety of which are in your possession. I'll leave it up to you whether to unredact some of the emails he claims are public (which he is probably right). My guess is that you could leave these emails redacted and he will not sue because he even admits that his interest in the emails are stale. Moreover, it appears he already knows the content of the redacted emails.

Frank and Bethelwel,

Hello again! See below for the two most recent emails in this thread. Adrian is complaining about a number of things. He said, among other things, that it's "obvious" we only checked two email accounts, which is not accurate. Multiple staff checked and responded to me with documents, and I provided those to Adrian.

Please let me know how or if I should respond to the other various inquiries. So far, the only draft response I have is to his question of who made the redactions:

Hi Adrian,
Individual staff checked and made redactions to their individual emails/documents.
Thanks,
Dan

Good evening, Mr. Halden.

I forgot to ask you who it was who determined which material should be redacted from this production. Name/Title please, as required by law.

Thanks!

On Sun, May 10, 2020, at 3:55 PM, adrian@123mail.org wrote:

Good afternoon, Mr. Halden.

There are a few problems with this production, although that's bound to happen when you rush through work like this. Eleven months is very little time, I admit, and of course I thank you for your diligence!

First, again, you've apparently failed to check all email accounts. Obviously only your account and Mr. Fregoso's were checked. There are, however, plenty of responsives in other CD13 accounts. If I'm assuming too much, if you did check all CD13 staff accounts and MOF's, then I suppose all these missing emails are exempt?

And yet, again, the only exemption you've claimed is your constituents-won't-write-to-MOF-if-we-expose-them-to-ridicule-by-publicly-linking-their-names-with-their-opinions reading of section 6255(a). That prima facie does not apply to emails, e.g., between Ms. Miller and ePath and yet you've failed to search her account. Please clarify.

And also this exemption claim does not seem to apply to pretty many of your own redactions. For instance, consider the email (attached) from Mr. Torres to you. He sent it and yet you've redacted names, presumably on the basis of your above-named theory. It can't possibly apply, though, because these names are not CD13's correspondents. They're recipients of an email sent by someone else entirely. It's not possible that the release of such a name could have any effect on the willingness of any person to communicate with the office of CD13. Please, therefore, explain what authority you have for redacting these names.

And also consider the call-cancelling email, also attached. Here you've redacted Stephen Saengpradap's email, which is awdfs@msn.com. This is an email address that Mr. Saengpradap, who is paid with public funds by a public agency, uses to conduct his publicly-funded, publicly-directed work. Not only that but the City of Los Angeles has on a number of occasions already released Mr. Saengpradap's email address unredacted, thus waiving any possible exemption claims.

And finally it's not plausible that Mr. Saengpradap's email address is redactable on your no-constituent-chilling theory given that he lives at 849 S. Sierra Bonita, which is in CD4. He's not a constituent of Mr. O'Farrell's. The address, if you're wondering, was also released unredacted by the City of Los Angeles and thus exemption claims have been waived for it as well.

I'm sure that if I found these errors in just a few minutes of superficial skimming there are pretty likely others I didn't find yet. You can find them, though! Also, you can have the other members of your office including your boss search their email accounts for responsives.

And I hope you will do it very soon. The interest in this material is already pretty stale even though you so very kindly rushed, rushed, rushed to get it done so quickly. What a tragedy it will be if we, Mr. O'Farrell's true constituents, have to wait another eleven months for you to finish production.

Thanks, Mr. Halden!

Frank and Bethelwel,

Hello again! See below for the two most recent emails in this thread. Adrian is complaining about a number of things. He said, among other things, that it's "obvious" we only checked two email accounts, which is not accurate. Multiple staff checked and responded to me with documents, and I provided those to Adrian.

Please let me know how or if I should respond to the other various inquiries. So far, the only draft response I have is to his question of who made the redactions:

Hi Adrian,
Individual staff checked and made redactions to their individual emails/documents.
Thanks,
Dan

Good evening, Mr. Halden.

I forgot to ask you who it was who determined which material should be redacted from this production. Name/Title please, as required by law.

Thanks!

A.

> First, again, you've apparently failed to check all email accounts. Obviously only your account and Mr. Fregoso's were checked. There are, however, plenty of responsives in other CD13 accounts. If I'm assuming too much, if you did check all CD13 staff accounts and MOF's, then I suppose all these

missing emails are exempt?

And yet, again, the only exemption you've claimed is your constituents-won't-write-to-MOF-if-we-expose-them-to-ridicule-by-publicly-linking-their-names-with-their-opinions reading of section 6255(a). That prima facie does not apply to emails, e.g., between Ms. Miller and ePath and yet you've failed to search her account. Please clarify.

And also this exemption claim does not seem to apply to pretty many of your own redactions. For instance, consider the email (attached) from Mr. Torres to you. He sent it and yet you've redacted names, presumably on the basis of your above-named theory. It can't possibly apply, though, because these names are not CD13's correspondents. They're recipients of an email sent by someone else entirely. It's not possible that the release of such a name could have any effect on the willingness of any person to communicate with the office of CD13. Please, therefore, explain what authority you have for redacting these names.

And also consider the call-cancelling email, also attached. Here you've redacted Stephen Saengpradap's email, which is awdfs@msn.com. This is an email address that Mr. Saengpradap, who is paid with public funds by a public agency, uses to conduct his publicly-funded, publicly-directed work. Not only that but the City of Los Angeles has on a number of occasions already released Mr. Saengpradap's email address unredacted, thus waiving any possible exemption claims.

And finally it's not plausible that Mr. Saengpradap's email address is redactable on your no-constituent-chilling theory given that he lives at 849 S. Sierra Bonita, which is in CD4. He's not a constituent of Mr. O'Farrell's. The address, if you're wondering, was also released unredacted by the City of Los Angeles and thus exemption claims have been waived for it as well.

I'm sure that if I found these errors in just a few minutes of superficial skimming there are pretty likely others I didn't find yet. You can find them, though! Also, you can have the other members of your office including your boss search their email accounts for responsives.

And I hope you will do it very soon. The interest in this material is already pretty stale even though you so very kindly rushed, rushed, rushed to get it done so quickly. What a tragedy it will be if we, Mr. O'Farrell's true constituents, have to wait another eleven months for you to finish production.

Thanks, Mr. Halden!

Frank and Bethelwel,

We received a new CPRA request from Adrian Riskin 2 days ago, so I will provide within the initial 10 day time frame. This request pertains exclusively to my colleague Juan Fregoso, CCed here.

We had previously told Adrian that **new** requests should be submitted through Next Request. Are we allowed to direct him to do this, or no?

Good evening, Mr. Halden!

I need to take a look at all emails in the possession of Mr. Fregoso from between January 1, 2018 and May 10, 2020 that meet any of the following criteria:

1. Contain the word "Burlington"

OR

2. are to/from/cc/bcc michelle7748@outlook.com

OR

3. are sent by Mr. Fregoso and BCC-ed to anyone at lacity.org

This last is a little tricky to search for in Gmail but it's easy enough to do if you look it up. To save your valuable time may I suggest that you have Mr. Fregoso enter the following search string in the search field of his Gmail web client:

Burlington OR michelle7748@outlook.com OR bcc:lacity.org

You guys can probably figure out how to limit the dates so I won't bother you with that! As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

Good afternoon, Mr. Halden.

Again, let me thank you for your careful work on this request. Although it took you almost an entire year the time was clearly well spent and it shows in the results! It's clear that the 33 pages you reviewed specifically for this request were very well-reviewed indeed!

That being said, I asked you for copies of emails between any CD13 staff OR elected and anyone at the domain hollywoodbid.org for a specified date range. You searched your own emails very completely for which, again, I thank you. You apparently searched Mr. Bullock's emails and Mr. Starkey's as well.

The only exemption you claimed is your 6255(a)-based theory that there's a public interest in not undermining the desire of your boss that his constituents be able to express their thoughts freely to him without being exposed to public ridicule. However, there's nothing in that which would justify the withholding of entire swaths of emails from the CD13 staffers from whose accounts you've produced nothing responsive.

Maybe you just didn't search the other accounts? Like e.g. I know for a fact that Ms. Min possesses some responsive emails that you did not produce. Likewise Ms. Marisol Rodriguez. Probably there are others as well. Please remedy this lacuna immediately or state an exemption which justifies CD13's failure to produce.

Thanks!

Adrian

I assume the complications from remote access due to COVID-19 have been the primary cause of the delay as you mentioned in your draft response. If that is the case, then they look fine and I would say continue production. If it is possible to have even a portion ready before the due date on a rolling basis, that could also be an option. Going forward, it is always best to get back to the requester on the dates promised, even if it is to simply let them know you will need additional time and you understand their frustration.

Please let us know if you have any questions or need anything further.

Our office needs to respond to two CPRA requests (via Next Request), both from the same requester, Scott Frazier. Both are overdue for a response, although one has already been partially completed.
Both delays are due to COVID-19.
I have provided the details on both requests, below, and have also drafted a suggested response and updated Due Date for each. I have also provided a hyperlink to each request.
Please see below and advise.
Thank you, as always!
Dan

Request 20-1062
Initial Request Made: February 13, 2020
Original Due Date: March 31, 2020
Some documents have already been provided. On February 25th, we told the requester that we needed more time, and set March 31st as the new Due Date.*

5/12/20 (today): Requester has grown impatient with waiting (and we have not yet completed the request), and wants the remaining documents **now (5/12/20).**

Suggested Response: **"Hi Scott, We apologize for the delay. Due to the extraordinary circumstances posed by the COVID-19 Pandemic, we are still working on this request, which has already been partially completed. We expect to have compiled the remainder of any responsive documents by May 31, 2020."**

Request 20-2622
Initial Request Made: April 27, 2020
Original Due Date: May 7, 2020
We have yet to provide an initial response, which is now 5 days overdue.*

The request is as follows:
I would like to request any emails sent or received by CD13 staff or representatives from the period of March 1, 2020 to present regarding:
* Evictions
* Eviction Moratorium
5/12/20 (today): Requester has contacted us with the following message: I have received no response to this request and the allowable 10 calendar days for your office to respond have lapsed. Please provide the requested public records or I will seek whatever legal recourse is available to me under state law.

Suggested Response: **"Hi Scott, We apologize for the delay. Due to the extraordinary circumstances posed by the COVID-19 Pandemic, we need a bit more time to work on this request. We expect to have responsive documents compiled for you by May 31, 2020."**

Hi Dan,
Thanks for bring this to our attention. I would first and foremost recommend getting back to this requester as soon as possible. I assume the complications from remote access due to COVID-19 have been the primary cause of the delay as you mentioned in your draft response. If that is the case, then they look fine and I would say continue production. If it is possible to have even a portion ready before the due date on a rolling basis, that could also be an option. Going forward, it is always best to get back to the requester on the dates promised, even if it is to simply let them know you will need additional time and you understand their frustration.

Please let us know if you have any questions or need anything further.

Good evening, Mr. Halden.

I forgot to ask you who it was who determined which material should be redacted from this production. Name/Title please, as required by law.

Thanks!

A.

> First, again, you've apparently failed to check all email accounts. Obviously only your account and Mr. Fregoso's were checked. There are, however, plenty of responsives in other CD13 accounts. If I'm assuming too much, if you did check all CD13 staff accounts and MOF's, then I suppose all these missing emails are exempt?
>
> And yet, again, the only exemption you've claimed is your constituents-won't-write-to-MOF-if-we-expose-them-to-ridicule-by-publicly-linking-their-names-with-their-opinions reading of section 6255(a). That prima facie does not apply to emails, e.g., between Ms. Miller and ePath and yet you've failed to search her account. Please clarify.
>
> And also this exemption claim does not seem to apply to pretty many of your own redactions. For instance, consider the email (attached) from Mr. Torres to you. He sent it and yet you've redacted names, presumably on the basis of your above-named theory. It can't possibly apply, though, because these names are not CD13's correspondents. They're recipients of an email sent by someone else entirely. It's not possible that the release of such a name could have any effect on the willingness of any person to communicate with the office of CD13. Please, therefore, explain what authority you have for redacting these names.
>
> And also consider the call-cancelling email, also attached. Here you've redacted Stephen Saengpradap's email, which is awdfs@msn.com. This is an email address that Mr. Saengpradap, who is paid with public funds by a public agency, uses to conduct his publicly-funded, publicly-directed work. Not only that but the City of Los Angeles has on a number of occasions already released Mr. Saengpradap's email address unredacted, thus waiving any possible exemption claims.
>
> And finally it's not plausible that Mr. Saengpradap's email address is redactable on your no-constituent-chilling theory given that he lives at 849 S. Sierra Bonita, which is in CD4. He's not a constituent of Mr. O'Farrell's. The address, if you're wondering, was also released unredacted by the City of Los Angeles and thus exemption claims have been waived for it as well.
>
> I'm sure that if I found these errors in just a few minutes of superficial skimming there are pretty likely others I didn't find yet. You can find them, though! Also, you can have the other members of your office including your boss search their email accounts for responsives.
>
> And I hope you will do it very soon. The interest in this material is already pretty stale even though you so very kindly rushed, rushed, rushed to get it done so quickly. What a tragedy it will be if we, Mr. O'Farrell's true constituents, have to wait another eleven months for you to finish production.

Thanks, Mr. Halden!

The request was submitted on April 23rd. We unfortunately missed the 10-day window to respond, so I would like to provide the initial response later today.

However, I for one am having difficulty of making sense of what exactly this person is asking for. Please see below for the request.

I can respond asking to extend the determination period (to May 17th), but I also feel like we should ask the requester to make their request more succinct or targeted if possible. The request *seems* to be targeted to Walgreens, but I also read it as including ALL correspondence between our office and LAPD, as well as City Planning. The requester also misrepresents Dana Harris and Brian White (who are LAPD employees) as working for City Planning.

In short, it seems like this is a bit all over the place, and I'd like for them to clarify. Can you help?

Thanks,
Dan

However, I for one am having difficulty of making sense of what exactly this person is asking for. Please see below for the request.

I can respond asking to extend the determination period (to May 17th), but I also feel like we should ask the requester to make their request more succinct or targeted if possible. The request *seems* to be targeted to Walgreens, but I also read it as including ALL correspondence between our office and LAPD, as well as City Planning. The requester also misrepresents Dana Harris and Brian White (who are LAPD employees) as working for City Planning.

In short, it seems like this is a bit all over the place, and I'd like for them to clarify. Can you help?

Thanks,
Dan

Yes - I can talk tomorrow (Thursday 5/7) at 8:30 AM or 1:00 PM. Do either of those work for you?

Is there any "placeholder" response I can/should give to the requester this evening, or - at this point - can we just wait until tomorrow?

Thanks!

The response should go through Dan since he is the main point of contact for the requester. If the requester has any follow-up questions about your aspect of the search, Dan can consult with you and convey your response to the requester. Let us know if you have any further questions.

Thank you both.

And just to confirm, no further action is needed on my part, correct? No additional correspondence?

Best,
George

Agreed. Just produce the documents by the date promised. No further dialogue will be productive at this point.

Hi Bethelwel and Frank - I posted the message, using Bethelwel's language, on Next Request. The requester immediately responded with:

thanks. whose order caused you not to be able to deal with this for the six months before the difficult time?

At this point, I feel like all I need to do is respond with the documents later this month, and that no response to this message is necessary. Please advise -- thanks!

I am in the process of compiling and reviewing additional responsive records. Due to the mayor's shelter order brought on by COVID-19, we are unable to meet your deadline of May 18. However, we estimate that nonexempt documents will be available for your review on or about May 31, 2020. We will certainly notify you if documents are ready for production prior to this date. Thank you for your patience during this difficult time.

> Bethelwel - thanks for getting back to me. I did an initial search for the terms the requester was seeking -- emails w/ the word "Scientology" in them from January 1, 2015 through August 2019, as well as emails between me and Officer Nina Preciado -- and it resulted in over 200 emails. I'd like to give myself until the end of May to complete the request, which is just a bit longer than the requester's demand of May 18th.

Please advise on this draft response:

Hello! Apologies for my delay. I am searching for and compiling responsive documents, and will send these to you by May 31st. Thank you for your patience.

Please advise... thank you!

> Thank you, Bethelwel, for your response. For some added clarification:
> I redacted the names and emails of the Scientology members, as well as the constituents' names and emails. Given the highly tense interactions and confrontations that non-Scientologist community members have with the church, and their reported fears of retribution by the church in terms of property damage, surveillance, harassment, etc, as well as several recent attacks on Scientologists in the area going about their business, I felt disclosing anybody's name did not serve any public interest. The content of the messages is still there. The only thing missing is the names. I just find it odd that the requester requested documents that included the name of the very individual who had specifically asked me not to turn over her information, and who said that "if anything happened to me, it would be on you and your office". It's almost as if he wants to out her because she said that.

I had deleted the emails before I received the CPRA. When I found out Officer Preciado had left her position, there really wasn't much more of a need to hold on to them as all of our issues had been resolved by the time she left. The request came several months after she left and after I deleted them. It seems to me the requester already went to ITA or to LAPD because they're making several references to emails.

On Mon, May 4, 2020 at 7:26 PM Bethelwel Wilson <bethelwel.wilson@lacity.org> wrote:

Hello George,
If the constituent emails are private, then you have discretion to redact them pursuant to GC 6255, the rational being the public interest in nondisclosure outweighs the public interest in disclosure because release of the private constituent emails would have a chilling effect on citizens requesting assistance from their local representatives. This consequence is inimical to public policy and intent of the CPRA. By the way, it was unclear to me - were the constituent names redacted as well? If so, the rationale that applies to email redactions would apply to name redactions.

Did you delete your emails with Nina Preciado before or after you received the CPRA? If you did before receipt of the CPRA your response should be you have no responsive documents. If you deleted the emails following receipt of the CPRA, you may need to work with ITA to retrieve these emails since emails should not be deleted when a CPRA is received. The law does not specify any time, but I think it is reasonable to delete emails subject to CPRA perhaps 30-45 days after the production in case a dispute arises regarding the production.

Thank you both.

And just to confirm, no further action is needed on my part, correct? No additional correspondence?

Best,
George

I am in the process of compiling and reviewing additional responsive records. Due to the mayor's shelter order brought on by COVID-19, we are unable to meet your deadline of May 18. However, we estimate that nonexempt documents will be available for your review on or about May 31, 2020. We will certainly notify you if documents are ready for production prior to this date. Thank you for your patience during this difficult time.

I'd like to give myself until the end of May to complete the request, which is just a bit longer than the requester's demand of May 18th.

Thank you, Bethelwel, for your response. For some added clarification:
I redacted the names and emails of the Scientology members, as well as the constituents' names and emails. Given the highly tense interactions and confrontations that non-Scientologist community members have with the church, and their reported fears of retribution by the church in terms of property damage, surveillance, harassment, etc, as well as several recent attacks on Scientologists in the area going about their business, I felt disclosing anybody's name did not serve any public interest. The content of the messages is still there. The only thing missing is the names. I just find it odd that the requester requested documents that included the name of the very individual who had specifically asked me not to turn over her information, and who said that "if anything happened to me, it would be on you and your office". It's almost as if he wants to out her because she said that.

I had deleted the emails before I received the CPRA. When I found out Officer Preciado had left her position, there really wasn't much more of a need to hold on to them as all of our issues had been resolved by the time she left. The request came several months after she left and after I deleted them. It seems to me the requester already went to ITA or to LAPD because they're making several references to emails.

Hello George,
If the constituent emails are private, then you have discretion to redact them pursuant to GC 6255, the rational being the public interest in nondisclosure outweighs the public interest in disclosure because release of the private constituent emails would have a chilling effect on citizens requesting assistance from their local representatives. This consequence is inimical to public policy and intent of the CPRA. By the way, it was unclear to me - were the

constituent names redacted as well? If so, the rationale that applies to email redactions would apply to name redactions.

Did you delete your emails with Nina Preciado before or after you received the CPRA? If you did before receipt of the CPRA your response should be you have no responsive documents. If you deleted the emails following receipt of the CPRA, you may need to work with ITA to retrieve these emails since emails should not be deleted when a CPRA is received. The law does not specify any time, but I think it is reasonable to delete emails subject to CPRA perhaps 30-45 days after the production in case a dispute arises regarding the production.

I am in the process of compiling and reviewing additional responsive records. Due to the mayor's shelter order brought on by COVID-19, we are unable to meet your deadline of May 18. However, we estimate that nonexempt documents will be available for your review on or about May 31, 2020. We will certainly notify you if documents are ready for production prior to this date. Thank you for your patience during this difficult time.

Bethelwel - thanks for getting back to me. I did an initial search for the terms the requester was seeking -- emails w/ the word "Scientology" in them from January 1, 2015 through August 2019, as well as emails between me and Officer Nina Preciado -- and it resulted in over 200 emails. I'd like to give myself until the end of May to complete the request, which is just a bit longer than the requester's demand of May 18th.

I redacted the names and emails of the Scientology members, as well as the constituents' names and emails. Given the highly tense interactions and confrontations that non-Scientologist community members have with the church, and their reported fears of retribution by the church in terms of property damage, surveillance, harassment, etc, as well as several recent attacks on Scientologists in the area going about their business, I felt disclosing anybody's name did not serve any public interest. The content of the messages is still there. The only thing missing is the names. I just find it odd that the requester requested documents that included the name of the very individual who had specifically asked me not to turn over her information, and who said that "if anything happened to me, it would be on you and your office". It's almost as if he wants to out her because she said that.

I had deleted the emails before I received the CPRA. When I found out Officer Preciado had left her position, there really wasn't much more of a need to hold on to them as all of our issues had been resolved by the time she left. The request came several months after she left and after I deleted them. It seems to me the requester already went to ITA or to LAPD because they're making several references to emails.

Hello George,
If the constituent emails are private, then you have discretion to redact them pursuant to GC 6255, the rational being the public interest in nondisclosure outweighs the public interest in disclosure because release of the private constituent emails would have a chilling effect on citizens requesting assistance from their local representatives. This consequence is inimical to public policy and intent of the CPRA. By the way, it was unclear to me - were the constituent names redacted as well? If so, the rationale that applies to email redactions would apply to name redactions.

Did you delete your emails with Nina Preciado before or after you received the CPRA? If you did before receipt of the CPRA your response should be you have no responsive documents. If you deleted the emails following receipt of the CPRA, you may need to work with ITA to retrieve these emails since emails should not be deleted when a CPRA is received. The law does not specify any time, but I think it is reasonable to delete emails subject to CPRA perhaps 30-45 days after the production in case a dispute arises regarding the production.

Hello Dan,
How are the constituent emails constructed? Are the emails assigned by the church or another private entity such as yahoo, google, etc.?

Regarding your threat to sue, all you can do is search your email for responsive documents and provide the requester with the approximate number of emails you will need to review. Obviously, if you have responsive emails in the hundreds it will take you longer than May 18 to provide him with a response. Simply provide him with an expected date of production (obviously not too far out since you have blown past the deadlines) like you would when you are responding to the requester after the 10-day search period. The courts are closed so the requester has little leverage in the sense that if he sues, it is likely the court hearing would not be until the fall or possibly later.

Frank and Bethelwel,

We received some messages yesterday and today via NextRequest from "Robert Freymann" (I believe this is an alias and we are almost positive it is Adrian Riskin, for what it's worth). We need your advice on how to respond:

Here are the messages:

First Message
Good day. Am getting ready to finalize this and I would like you to change your redactions. First the email address of people at COS are not private. There is no authority in the law to redact even their names. Second the Council office does not have investagiteve authority under 6254f. That is only available to law enforcement. Pls procudce this matieral unredacted immediately thx.

*CD13 Question: The church pertained to references to the word "Scientology," and the Church of Scientology email addresses are what the requester means when he references "COS." However, there are concerns here regarding constituents' privacy. **George** – can you please follow up with Frank and Bethelwel regarding your concerns?*

Second Message
Good day. Apparently there are hurndreds of emails missing here. just e.g. on august 13 2018 hakopiants emailed preciado and that email is not here. Also on may 22 2018 preciado emailed hakopiants and that email is not here. There are hundreds more. Also clearly no one searched haldens' emails bc these are all from hakopiants account. in short:

1. search properly find all emails in time range meeting search criteria.

2. undo fake news redactions

3. by may 18 please or will have lawsuits.

CD13 Question: George Hakopiants has checked his emails and has turned over all responsive documents. I confess that I did not realize this request pertained to me, so I still need to do a search. He is threatening a lawsuit if this is not completed by May 18th. Is there any leeway here?

Thanks for your help.

Subject: Re: ATTORNEY CLIENT PRIVILEGE - CPRA message from "Robert Freymann"via NextRequest

Thanks Dan -

Hi Bethelwel and Frank.

Regarding the first question, as I have mentioned before, the constituents who contacted me did so in confidence and specifically asked for me not to divulge their information. The fact that a CPRA request was made using the names of one of those very individuals is a bit odd to me. This is primarily because the church was/is this person's landlord, while others live within very close proximity to the church and they are fearful of retribution from the church or some of its members.

Whether or not that is a legitimate fear is not in my place to judge, but given this is what several people have asked, I can't not respect their wishes. I also do not believe there is any legitimate public interest that will be satisfied by virtue of releasing and un-redacting private individuals' names who asked to remain anonymous in this particular circumstance. If anything, this might do more harm than good because it would discourage constituents who live by the center from ever contacting me again — especially when several individuals claim that the church "keeps lists" of people who have spoken up against them or their activities.

Regarding the second question, I no longer have any more emails from Nina Preciado because she actually ended up leaving her position as Senior Lead Officer. Several pieces of correspondence I had with her were outdated/no longer relevant, and I needed to clear messages in order to make space in my inbox. It appears the individual already has the messages he's looking for because he makes specific references to them. Not sure what more I can provide to satisfy their demands.

Thanks in advance for your guidance here.

Best,
George

Good day. Am getting ready to finalize this and I would like you to change your redactions. First the email address of people at COS are not private. There is no authority in the law to redact even their names. Second the Council office does not have investagiteve authority under 6254f. That is only available to law enforcement. Pls procudce this matieral unredacted immediately thx.

*CD13 Question: The church pertained to references to the word "Scientology," and the Church of Scientology email addresses are what the requester means when he references "COS." However, there are concerns here regarding constituents' privacy. **George** - can you please follow up with Frank and Bethelwel regarding your concerns?*

Second Message

Good day. Apparently there are hurndreds of emails missing here. just e.g. on august 13 2018 hakopiants emailed preciado and that email is not here. Also on may 22 2018 preciado emailed hakopiants and that email is not here. There are hundreds more. Also clearly no one searched haldens' emails bc these are all from hakopiants account. in short:

1. search properly find all emails in time range meeting search criteria.

2. undo fake news redactions

3. by may 18 please or will have lawsuits.

CD13 Question: George Hakopiants has checked his emails and has turned over all responsive documents. I confess that I did not realize this request pertained to me, so I still need to do a search. He is threatening a lawsuit if this is not completed by May 18th. Is there any leeway here?

Thanks for your help.

Subject: UPDATED: ATTORNEY CLIENT PRIVILEGE - Response to Adrian due today

Thank you both! I do have an update. There is a slight delay with a final batch of documents related to this request. I *do* have a whole bunch of documents I will send to Adrian tonight, but the final batch will be arriving on Thursday, May 7th.

This request has been pending for a while so I am updating my DRAFT response below. Does this suffice?:

Hi Adrian,

Please see attached. There are multiple emails coming your way with documents that are responsive to your CPRA Request CD13.2019.06.10.a.

Due to the extraordinary circumstances posed by the COVID-19 pandemic, there is a slight delay on the final batch of documents. We will be sending these to you electronically by the end of this week.

Certain redactions have been made due to privacy. Pursuant to Government Code Section 6255, the public interest in non-disclosure outweighs disclosure due to overriding interest in protecting citizen privacy. On behalf of CD13, individual staff (depending on who was printing out or providing the document) made the decisions to redact or withhold information pursuant to Section 6255.

Thank you,
Dan Halden

Hi folks - I am delayed in getting this CPRA request to Adrian (and he is asking me about it), but will be sending it to him electronically this week.

Please look through your files for emails BETWEEN CD13 staff, including MOF, AND anyone at @hollywoodbid.org between 1/1/18 and 5/15/19. Anything you've got in that time frame that does not include me on it, please let me know ASAP. Please send to me electronically if possible.

Thank you so much.

You did! In fact, in my message I thanked you for already submitting. You just happened to be on the calendar invite with everyone else.

I would not let it go unnoticed that you turned in your assignment on time (early, in fact!)... :-D

At this point it would be appropriate to assume he has selected option #1 and you can begin sending him the files via email attachments. If you have Adobe Acrobat Pro, the pdfs can be combined into one file, otherwise your only option is to break them up as you have available.

Frank and Bethelwel,

See below from Adrian. (I just opened this.) I am having a difficult time following his train of thought, but it **sounds like** he wants me to email them to him (as PDFs). Am I understanding this correctly?

It also looks like he does not seem to have an issue if the emails are NOT in chronological order. Am I also understanding this correctly?

Frank, as we discussed yesterday, I have every single email in PDF form. There are **over 500 individual files.**

So I could send him a number of emails with all the PDFs individually attached... perhaps 50+ emails with ~10 attachments to each email? It would just be a lot of emails, and they would not be in chronological order. Unless there is a way to combine individual PDF files into larger PDFs?

Anyway - please advise a) how I should respond, and b) how best to complete this request.

Thank you!

Hello Dan,

I'm not sure I understand. You're saying that even though you've told me on any number of occasions that CD13 does not possess the means to produce emails electronically now that there's a dire state of emergency you've somehow gained the ability to produce them this way? And if I agree to use NR then you'll upload them in whatever format they're in now but if I choose not to use NR then you'll print them on paper and scan them to PDF?

If that's indeed what you're saying then what I would prefer you to do is to email me the documents in whatever format it is that you are offering to put them on NR. There's no reason whatsoever, whether in the law or in the world of common sense, for you to insist that different means of transmission require different file formats (where clearly the OCR PDFs produced by City Gmail, which you've told me CD13 is unable to produce) are different from the embedded image PDFs produced by your scanner, at least with the settings you typically use.

Furthermore, given that you state below that these files are in some format other than the one which would result from printing/scanning, even leaving aside CD13's bizarre contentions about the native file format of emails I think it's pretty clear that the native format of the actual copies of the files you're offering to upload to NR is whatever file format they're in, so that the CPRA requires CD13 to produce them in that format. I can't imagine that there's any authority in the CPRA which requires me to sign up for an NR account or create a request in order to receive them.

Please let me know which option you prefer and you may complete the request in your preferred fashion.

Thank you and be safe.

Best,

A.

Dear Adrian,

We have finished compiling documents that are responsive to your CPRA request CD13.2019.05.23.c. Due to the extraordinary circumstances presented by the COVID-19 pandemic, this request was completed electronically, which delayed its completion. Thank you again for your patience.

Due to the challenges posed by the pandemic, there are a couple different options available to you regarding how you will receive the documents. Please see the options below and let me know your preference:

Option #1 - You can open a request on the "Next Request" portal, and we will add the documents into the request electronically. Please note that, due to the redacting and review process, the documents have not been sorted by date, so if presented in this fashion, the documents will not be in chronological order. **Expected Date of Completion: Tuesday 4/21/20**

Option #2 - We can do a final print of all the documents, re-sort them by date, re-scan them, and send them to you electronically. Due to the size of the request, this will likely result in several email batches being sent to you. We will also need a few additional days to complete the request in this fashion. **Expected Date of Completion: Friday 4/24/20**

Please let me know which option you prefer and we will complete the request in your preferred fashion.

Thank you and be safe.

I'm also curious, and I believe that this is part of the required determination response, what kinds of exemptions might possibly, conceivably, apply to communications between City staff and a private corporation such at the Hollywood Property Owners' Alliance?

I'm just curious as to what you understand the word "focus" to mean in this context. I thought I understood what it's generally accepted to mean in the context of CPRA requests, but obviously my understanding is incompatible with yours given that from my point of view this request is 100% completely focused and it's logically impossible to focus it more. If you don't mind letting me know what it means to you to "focus the search terms" it would possibly make our interactions more efficient.

If that's indeed what you're saying then what I would prefer you to do is to email me the documents in whatever format it is that you are offering to put them on NR. There's no reason whatsoever, whether in the law or in the world of common sense, for you to insist that different means of transmission require different file formats (where clearly the OCR PDFs produced by City Gmail, which you've told me CD13 is unable to produce) are different from the embedded image PDFs produced by your scanner, at least with the settings you typically use.

Furthermore, given that you state below that these files are in some format other than the one which would result from printing/scanning, even leaving aside CD13's bizarre contentions about the native file format of emails I think it's pretty clear that the native format of the actual copies of the files you're offering to upload to NR is whatever file format they're in, so that the CPRA requires CD13 to produce them in that format. I can't imagine that there's any authority in the CPRA which requires me to sign up for an NR account or create a request in order to receive them.

Please let me know which option you prefer and you may complete the request in your preferred fashion.

Thank you and be safe.

Due to the challenges posed by the pandemic, there are a couple different options available to you regarding how you will receive the documents. Please see the options below and let me know your preference:

Thanks, Frank. Just to clarify - I am planning to send Adrian **12 separate emails, with about 50 PDFs attached to each.** I did download a free trial of an upgraded version of Acrobat, but it only allows me to combine 12 files at once. Since there are well over 500 emails, and since Adrian did not specify otherwise, I'm going with the least time-consuming version - which is **sending him 12 separate emails, with about 50 PDFs attached to each.** Please let me know ASAP if there are any issues with that. Thanks!

Frank, as we discussed yesterday, I have every single email in PDF form. There are **over 500 individual files.**

So I could send him a number of emails with all the PDFs individually attached... perhaps 50+ emails with ~10 attachments to each email? It would just be a lot of emails, and they would not be in chronological order. Unless there is a way to combine individual PDF files into larger PDFs?

Anyway - please advise a) how I should respond, and b) how best to complete this request.

Hello Dan,

I'm not sure I understand. You're saying that even though you've told me on any number of occasions that CD13 does not possess the means to produce emails electronically now that there's a dire state of emergency you've somehow gained the ability to produce them this way? And if I agree to use NR then you'll upload them in whatever format they're in now but if I choose not to use NR then you'll print them on paper and scan them to PDF?

If that's indeed what you're saying then what I would prefer you to do is to email me the documents in whatever format it is that you are offering to put them on NR. There's no reason whatsoever, whether in the law or in the world of common sense, for you to insist that different means of transmission require different file formats (where clearly the OCR PDFs produced by City Gmail, which you've told me CD13 is unable to produce) are different from the embedded image PDFs produced by your scanner, at least with the settings you typically use.

Furthermore, given that you state below that these files are in some format other than the one which would result from printing/scanning, even leaving aside CD13's bizarre contentions about the native file format of emails I think it's pretty clear that the native format of the actual copies of the files you're offering to upload to NR is whatever file format they're in, so that the CPRA requires CD13 to produce them in that format. I can't imagine that there's any authority in the CPRA which requires me to sign up for an NR account or create a request in order to receive them.

Please let me know which option you prefer and you may complete the request in your preferred fashion.

Thank you and be safe.

Best,

A.

It also looks like he does not seem to have an issue if the emails are NOT in chronological order. Am I also understanding this correctly?

Frank, as we discussed yesterday, I have every single email in PDF form. There are **over 500 individual files.**

So I could send him a number of emails with all the PDFs individually attached... perhaps 50+ emails with ~10 attachments to each email? It would just be a lot of emails, and they would not be in chronological order. Unless there is a way to combine individual PDF files into larger PDFs?

Anyway - please advise a) how I should respond, and b) how best to complete this request.

Thank you!

Hello Dan,

I'm not sure I understand. You're saying that even though you've told me on any number of occasions that CD13 does not possess the means to produce emails electronically now that there's a dire state of emergency you've somehow gained the ability to produce them this way? And if I agree to use NR then you'll upload them in whatever format they're in now but if I choose not to use NR then you'll print them on paper and scan them to PDF?

If that's indeed what you're saying then what I would prefer you to do is to email me the documents in whatever format it is that you are offering to put them on NR. There's no reason whatsoever, whether in the law or in the world of common sense, for you to insist that different means of transmission require different file formats (where clearly the OCR PDFs produced by City Gmail, which you've told me CD13 is unable to produce) are different from the embedded image PDFs produced by your scanner, at least with the settings you typically use.

Furthermore, given that you state below that these files are in some format other than the one which would result from printing/scanning, even leaving aside CD13's bizarre contentions about the native file format of emails I think it's pretty clear that the native format of the actual copies of the files you're offering to upload to NR is whatever file format they're in, so that the CPRA requires CD13 to produce them in that format. I can't imagine that there's any authority in the CPRA which requires me to sign up for an NR account or create a request in order to receive them.

Please let me know which option you prefer and you may complete the request in your preferred fashion.

Thank you and be safe.

Best,

A.

We have finished compiling documents that are responsive to your CPRA request CD13.2019.05.23.c. Due to the extraordinary circumstances presented by the COVID-19 pandemic, this request was completed electronically, which delayed its completion. Thank you again for your patience.

Due to the challenges posed by the pandemic, there are a couple different options available to you regarding how you will receive the documents. Please see the options below and let me know your preference:

Option #1 - You can open a request on the "Next Request" portal, and we will add the documents into the request electronically. Please note that, due to the redacting and review process, the documents have not been sorted by date, so if presented in this fashion, the documents will not be in chronological order. **Expected Date of Completion: Tuesday 4/21/20**

Option #2 - We can do a final print of all the documents, re-sort them by date, re-scan them, and send them to you electronically. Due to the size of the request, this will likely result in several email batches being sent to you. We will also need a few additional days to complete the request in this fashion. **Expected Date of Completion: Friday 4/24/20**

Please let me know which option you prefer and we will complete the request in your preferred fashion.

Thank you and be safe.

Frank and Bethelwel,

See below from Adrian. (I just opened this.) I am having a difficult time following his train of thought, but it **sounds like** he wants me to email them to him (as PDFs). Am I understanding this correctly?

It also looks like he does not seem to have an issue if the emails are NOT in chronological order. Am I also understanding this correctly?

Frank, as we discussed yesterday, I have every single email in PDF form. There are **over 500 individual files.**

So I could send him a number of emails with all the PDFs individually attached... perhaps 50+ emails with ~10 attachments to each email? It would just be a lot of emails, and they would not be in chronological order. Unless there is a way to combine individual PDF files into larger PDFs?

Anyway - please advise a) how I should respond, and b) how best to complete this request.

Hello Dan,

I'm not sure I understand. You're saying that even though you've told me on any number of occasions that CD13 does not possess the means to produce emails electronically now that there's a dire state of emergency you've somehow gained the ability to produce them this way? And if I agree to use NR then you'll upload them in whatever format they're in now but if I choose not to use NR then you'll print them on paper and scan them to PDF?

If that's indeed what you're saying then what I would prefer you to do is to email me the documents in whatever format it is that you are offering to put them on NR. There's no reason whatsoever, whether in the law or in the world of common sense, for you to insist that different means of transmission require different file formats (where clearly the OCR PDFs produced by City Gmail, which you've told me CD13 is unable to produce) are different from the embedded image PDFs produced by your scanner, at least with the settings you typically use.

Furthermore, given that you state below that these files are in some format other than the one which would result from printing/scanning, even leaving aside CD13's bizarre contentions about the native file format of emails I think it's pretty clear that the native format of the actual copies of the files you're offering to upload to NR is whatever file format they're in, so that the CPRA requires CD13 to produce them in that format. I can't imagine that there's any authority in the CPRA which requires me to sign up for an NR account or create a request in order to receive them.

Please let me know which option you prefer and you may complete the request in your preferred fashion.

Thank you and be safe.

Best,

A.

Hi Adrian,

I apologize for the delay on this. This request is still in production, and we anticipate it will be completed by April 10, 2020. Please be advised that, due to the ongoing COVID-19 pandemic, there may be further delays, but we will certainly try to get this completed as soon as possible, particularly since there has already been a delay.

Thank you for your patience and I apologize for any inconvenience.

Best,

Hi Mr. Halden,

Just checking on this one, which you promised to have ready more than two months ago.

Thanks!

It was as clear when you said "documents" today as it was when you said "pages" on Friday. All that was not clear was which one you meant. But now that "documents" is ahead of "pages" by two to one, "documents" is starting to seem more clear.

I'm also curious, and I believe that this is part of the required determination response, what kinds of exemptions might possibly, conceivably, apply to communications between City staff and a private corporation such at the Hollywood Property Owners' Alliance?

thanks again!

Thanks, Dan.

From now on I will remember that "narrow or focus" is the same as "narrow." Also, I'm curious as to whether it's 1400 pages or 1400 documents approximately that you found?

Thanks again,

Adrian

Hi Adrian,

Since your request includes a 17-month time frame, and the initial search of documents within that time frame produced approximately 1400 documents, I wanted to give you the opportunity to refine your request to a narrower window of time, which would enable us to complete the request more quickly. I'm sorry if that wasn't clear.

We will continue on this request with the timeline (expected completion by 12/31/19) I provided this previous Friday.

Hi Mr. Halden,

I'm just curious as to what you understand the word "focus" to mean in this context. I thought I understood what it's generally accepted to mean in the context of CPRA requests, but obviously my understanding is incompatible with yours given that from my point of view this request is 100% completely focused and it's logically impossible to focus it more. If you don't mind letting me know what it means to you to "focus the search terms" it would possibly make our interactions more efficient.

Thanks!

Adrian

Hi Adrian,

We are still working on this request. The initial search yielded a very large volume (approximately 1400 pages). Given that, and coupled with your multiple other requests we are simultaneously working to complete, I expect this to be completed by 12/31/19.

As always, we will try to complete things sooner. Please let me know if you would like to narrow or focus the search terms in any way.

Thank you,

Dan Halden

Adrian,

I apologize for the delay in response. This letter is in response to your request, pursuant to the California Public Records Act (CPRA), received by Council District 13 seeking records pertaining to all emails between me and anyone at "hollywoodbid.org" from January 1, 2018 through May 23, 2019.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before June 14, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Frank and Bethelwel,

I hope you are safe and well! Checking in re: CPRA requests due to Adrian Riskin. We have three requests that we had told Adrian we would have ready by tomorrow (they were originally due a couple months ago but the original deadline slipped past all of us, including Adrian).

Simply put, they are not yet complete. I need a few more days on one of them, about a week on the second, and probably at least two weeks on the third. COVID-19 is playing a major role in this delay. Please see my below draft response to Adrian. Is this OK to send?

Thanks,
Dan

Subject: Virtual "Heart to Heart" Roundtables Continue 2x This Week

Neighbors,

I hope you are staying safe and well. Our virtual "Heart to Heart" roundtable series will continue **twice** this week:

Wednesday April 8th - 10:00 AM
Wednesday April 8th - 3:00 PM

This is an opportunity to engage with Hollywood neighbors and stakeholders, provide feedback on the Walk of Fame concept plan, and hear updates on the project as well as other improvements coming to the Hollywood area.

Please email me directly to RSVP to one of these sessions, which recur weekly. We highly encourage first-time participation, if you have not yet taken part in a session!

As always, I encourage you to visit the HEART of Hollywood website: https://heartofhollywood.la/ and in particular, if you can, please take a few minutes to check out the Walk of Fame concept plan. It is available to view or download as a PDF: https://heartofhollywood.la/sites/g/files/wph1206/f/WOF-Concept-Plan-Jan-30-2020_optimized.pdf

Please let me know if you have any questions: (213) 254-7214. I hope to "see" you soon!

Be safe,

Dan Halden

FYI, please expect a call from LAPD confirming your arrival time to open/close. Please answer your cell phone. Our contact is Rampart Patrol Captain Adrian Gonzales his cell is 213-760-0838, but it will not be him everyday, so please be ready to connect with LAPD at opening/closing time.
Thanks.

Subject: Did Mitch vote against an eviction moratorium?

Good morning neighbors,

Please see this morning's e-newsletter from Councilmember O'Farrell. Within the newsletter is a link to **Frequently Asked Questions** regarding actions taken at the City Council's emergency meeting this past Friday, March 27th.

Please let me know if you have any questions. We are here to assist you at any time.

Here's a list of Frequently Asked Questions regarding the City Council vote on evictions.

View this email in your browser

Friends:

I have been hearing from you about our recent City Council action to provide some hope to all Angelenos during the COVID-19 pandemic. People want to know - did I vote *against* a citywide eviction moratorium? The answer is no.

Every day I speak with friends, neighbors, and constituents about the crisis we are in. At the forefront of everyone's mind: Am I going to be able to stay in my home? The coronavirus pandemic has brought profound distress and deep economic worry to Los Angeles.

I want you to know that I enthusiastically voted to approve a citywide eviction moratorium.

We went even further and voted unanimously to waive late fees, prohibit evictions for additional tenants and guests, and extend the payback period to 12 months. The ordinance pertains to all Angelenos, regardless of immigration status.

I have been receiving lots of questions about what the City Council acted on during the emergency meeting on March 27, 2020. There are certain laws we can and can't enact with the Governor and Mayor's emergency declaration, and I created a list of Frequently Asked Questions to help clarify what happened in Council. **You can read the FAQ** here**.**

You will also see in the FAQ that we are working more broadly on efforts to keep all residents on a stable financial footing beyond the actions taken so far, but it will require state and federal assistance. If you have any questions about the eviction moratorium and the process in Council, please do not hesitate to reach out to my office and ask. We have set up a hotline for you to call and speak with one of our staff members at 323-391-4888, 9 am to 5 pm Monday through Friday.

Be well,

MITCH O'FARRELL

DO'S AND DON'TS OF SOCIAL DISTANCING

LOS ANGELES - Mayor Eric Garcetti issued a 'Safer at Home' order to all residents of the City of Los Angeles to stay inside their homes, and immediately limit all movement outside beyond what is absolutely essential to prevent the spread of COVID-19. **This just in: the Mayor closed the Silver Lake Reservoir Meadow as a recreation facility. Please remember to remain at least six feet apart from other people in public (i.e. grocery stores, farmers' markets, etc.).** The federal government announced the extension on the nationwide social distancing guidelines for another 30 days, until April 30.

Here's a recap of the recent City Council action, plus an update on Hollywood's emergency shelter.

Friends:

I'm hearing from constituents about the City Council action that took place Friday, and I want to clarify some misinformation that is out there.

First and foremost, I want you to know that I am pushing to pair rent and mortgage forgiveness with our local, state, and federal lawmakers that will provide even more relief in the wake of the COVID-19 pandemic.

In addition to the 100 percent unemployment benefits now available from the state combined with the latest federal relief package, Angelenos will also have rent protections in place.

These protections include: an eviction moratorium, unanimously approved by the City Council; an ordinance that will waive late fees; and expanded repayment of back rent up to 12 months. This applies to all renters regardless of immigration status.

April 1st is around the corner, and if you receive an eviction notice for non-payment of rent due to coronavirus, please contact the Housing + Community Investment Department (HCID). A hotline has been set up to assist those who have been economically impacted by the pandemic. The HCIDLA hotline hours of operation are Monday to Friday, 8:30am - 4:30pm and Saturday and Sunday, 10:00am - 3:00pm. That number is 1-866-557-7368.

I have more coronavirus information listed below, as well as an update from the emergency shelter at the Hollywood Recreation Center.

Be well,

MITCH O'FARRELL

VIDEO UPDATE: HOLLYWOOD SHELTER

HOLLYWOOD - The City's Department of Recreation and Parks, in collaboration with Los Angeles Homeless Services Authority, opened an emergency shelter at the Hollywood Recreation Center. All 27 beds are full, and there is a waitlist for space. Councilmember O'Farrell donated more than six dozen pairs of socks for the men and women of the shelter.

DO'S AND DON'TS OF SOCIAL DISTANCING

LOS ANGELES - Mayor Eric Garcetti issued a 'Safer at Home' order to all residents of the City of Los Angeles to stay inside their homes, and immediately limit all movement outside beyond what is absolutely essential to prevent the spread of COVID-19. Additionally, the federal government has announced that there will be an extension on the nationwide social distancing guidelines for another 30 days, until April 30. Here is a FAQ sheet on what the 'Safer at Home' order means.

Hi there

A message was added to record request #20-874:

As of March 30, 2020 I still have not received a response regarding my public records request. The California Public Records Act requires a response within 10 business days. Cc: Bethelwel Wilson <bethelwel.wilson@lacity.org>

Good afternoon City Council colleagues,

I hope this email finds you all well and safe. I am sure you have questions regarding COVID-19 and how it will impact the City's ability to adequately respond to California Public Records Requests. The current emergency does not allow the City to simply reject CPRA requests out of hand or to say that the City is no longer accepting them. However, it is likely and reasonable that many departments and offices will take longer (i) to provide a written response to CPRA requests, and (ii) to provide the requested records.

To the extent you are aware that your office is in possession of responsive records to a CPRA request, even if you and your staff can't access them remotely, please acknowledge receipt of the request and respond within the 10 day period that you have responsive records (and indicate any exemptions you think are likely) and provide a reasonable yet distant production date--at least a couple of months out.

For instances when your office is not available to determine if responsive records exist, this could serve as sample response:

Due to the unprecedented nature of the COVID-19 pandemic, City employees are being required to telecommute or self-quarantine for the foreseeable future. In addition to the declaration by Governor Gavin Newsom that California is in a state of emergency, Mayor Eric Garcetti issued a guideline on March 12, 2020 requiring the closure of the City Hall complex, as well as requiring all city agencies to implement telecommuting. As a result, many City employees are not present in the office to physically search for records responsive to your request, and therefore may be unable to confirm whether or not there are records responsive to your request within the timelines described in Cal. Gov. Code section 6253. Our office estimates at this time that there will be a minimum 30-day delay for any CPRA determination for requests received after March 16, 2020. Our office intends to provide additional correspondence on April 16, 2020 with further information regarding your request for records, and will provide an estimated date when responsive records will become available in that correspondence.

As always, Bethelwel and I are here as a resource for any questions or concerns you may have. Please feel free to reach out should the occasion arise.
best,
Frank Mateljan

LOS ANGELES COUNTY HEALTH OFFICER ISSUES NEW ORDERS DIRECTING SELF-QUARANTINE AND SELF-ISOLATION

LOS ANGELES, CA (Fri., Mar. 27, 2020) – On March 25, 2020, in an effort to slow the spread of COVID-19, protect vulnerable individuals, and prevent the Los Angeles County healthcare system from being overwhelmed, the LA County Health Officer has issued two new separate orders:

- **Self-quarantine** of anyone exposed to an individual diagnosed with or likely to have COVID-19.
- **Self-isolation** of anyone diagnosed with or showing symptoms consistent with COVID-19 within 14 days of being in close contact with a person who had or was believed to have COVID-19.

These new Orders ensure that individuals who test positive for COVID-19, and those who are told by a clinician they are presumed to be positive for COVID-19 are required to self-isolate for a period of at least 3 days without symptoms, including being fever free without taking medicine, and 7 days since symptoms started, whichever is longer. Additionally, those who have been in close contact with someone who is positive or presumed positive must quarantine themselves for 14 days from the last time they had contact with the ill person.

"It is critically important that everyone adheres to all the social distancing measures and practice good public health hygiene, including washing hands as frequently as possible," said Dr. Barbara Ferrer, Director of the L.A. County Department of Public Health. "Individuals covered by these Orders should still contact their providers to get advice if they feel their symptoms are worsening."

There are key differences between self-quarantine and self-isolation. Here's what the new orders mean for you:

Self-Quarantine Order **(Exposed)**	Self-Isolation Order **(Diagnosed)**
• Required for anyone exposed to a person diagnosed with or likely to have COVID-19. • You must stay in quarantine for 14 days from the last time you had contact with the ill person. • You cannot leave your place of quarantine for all 14 days. • Only exception to leave quarantine is to receive medical care. • If you develop even mild COVID-19 symptoms, you must self-isolate at home and away from others.	• Required for anyone diagnosed with or showing symptoms consistent with COVID-19 within 14 days of being in close contact with a person who had or was believed to have COVID-19. • Self-isolation period must last at least 3 days without symptoms, including being fever free without taking medicine, and 7 days since symptoms started, whichever is longer. • Notify anyone you've had close contact with while symptomatic to self-quarantine themselves. • Only exception to leave self-isolation is to receive medical care.

Further information on steps to take to self-quarantine can be found here in English and here in Spanish, as well as further information on steps to take to self-isolate can be found here in English and here in Spanish.

Los Angeles County is relying on its residents to respect and follow these health orders without enforcement by peace officers out of caution for their own health and safety and that of the greater community. Residents' cooperation with the health orders is critical as we work to flatten the curve and move beyond the pandemic. We're in this together.

Learn more about the federal stimulus bill in light of the COVID-19 pandemic.

Friends:

I wrote a letter to Governor Newsom today, urging collaboration at every level of government to seek ways to keep people housed, buildings from going into foreclosure, and businesses from shutting down permanently. These objectives must be viewed through the lens of existing jurisdictional parameters, and I am hopeful that we can achieve relief for Angelenos dealing with coronavirus-related hardships, whether through federal action or a state bill. I share the priorities of residents in the 13th District, and I wrote about this in my letter to Governor Newsom here.

Many of you have also contacted me regarding a rent freeze. I am in full support of a rent holiday. This program will need to be coupled with mortgage forgiveness for the owner of the rental property. We also have to figure out how landlords will pay for their property taxes without the rental income. It's in all of our interests to keep renters and property owners on a solid financial footing. These are things I know we can figure out to avoid exacerbating our housing crisis even further, and I am confident we can work with our local, state, and federal partners to ensure this form of relief truly benefits everyone.

Also in the news today – I am encouraged to see the federal government discussing a $2 trillion stimulus package that will assist renters and small business owners in Los Angeles. The first of the month is around the corner. Rents, mortgage payments, and bills are due just as tens of thousands of people in my district have had their income completely evaporate. This money will provide at least some relief including: a one-time payout of up to $1,200 for most American adults; more than $377 billion for small businesses; $150 billion for local, state and tribal governments; and $130 billion for hospitals. More details on this when they become available.

Be well,

MITCH O'FARRELL

EVICTION MORATORIUM

LOS ANGELES - Mayor Garcetti has issued a temporary eviction moratorium due to the COVID-19 pandemic. There are protections now in place for those Angelenos unable to pay their rent due to coronavirus. Read about the protections in the link below.

UPDATE: LITTLE ARMENIA GATEWAY

EAST HOLLYWOOD - Construction on the Little Armenia Gateway continues at Hollywood Blvd and the 101 Freeway exit! The Atanian Art Center just delivered more stone to complete the "Darbas" portion of the design. The foundation is now in place, marking a significant milestone in the advancement of this monument. My office spearheaded the project with support from the community. Construction will be ongoing at this site for the next several months culminating in a big celebration, resulting in another of our city's cultural landmarks!

HOUSING TRANSGENDER WOMEN

LOS ANGELES - Through the collaboration between Councilmember O'Farrell, APAIT, Recreation and Parks, and LAHSA, three transgender women were able to be housed at one of the city's Recreation and Parks emergency shelters. It is more important than ever to come inside, stay warm, stay dry, receive nutrition, and protect yourself from the coronavirus. All shelters follow CDC health guidelines for safe social distancing. Thank you Jazzmun Crayton and Jake Weinraub of APAIT for your work on this with the Councilmember!

SUPPORTING SMALL BUSINESSES IN CD 13

SILVER LAKE - During the COVID-19 pandemic, please support your local small businesses, like Cafecito Organico! Remember to practice good social distancing while visiting your favorite restaurant!

COUNCILMEMBER O'FARRELLL STATEMENT ON ST VINCENT HOSPITAL BEING USED TO TREAT CORONAVIRUS PATIENTS

LOS ANGELES -- Councilmember Mitch O'Farrell issued this statement following the announcement that Verity Health System of California, Inc., has entered into an agreement with the State of California to ensure COVID-19 patients will be treated at the recently-closed St. Vincent Medical Center. According to a report, this action is part of the State's preparations to care for patients impacted by COVID-19.

"I am pleased that Governor Newsom is utilizing state resources to repurpose the recently shuttered St Vincent Medical Center into a COVID-19 treatment facility. I have traveled to Sacramento to meet with the Governor's office on four different occasions in recent months to advocate for repurposing the site to house those experiencing homelessness. With everything turned upside down due to the coronavirus pandemic, I can't think of a more timely, urgent purpose for St Vincent Hospital in the 13th District. I commend the Governor for taking this action and in his handling of the crisis so far. I am here to assist in this effort in any way possible." ***-Councilmember Mitch O'Farrell, who represents the area where St Vincent Medical Center is located***

Subject: Special Notice: Property Tax Payments
To: <daniel.halden@lacity.org>

Since so many people think that I collect taxes (*I don't - the Tax Collector does!*), I thought I would share information about property taxes that the Treasurer-Tax Collector issued.

Visit the Tax Collector's website at https://ttc.lacounty.gov/ for more details.

Statement from Keith Knox, Treasurer and Tax Collector on COVID-19 and April 10 Property Tax Deadline

Si desea obtener información adicional sobre este aviso o si necesita la información traducida en español, por favor llame al 1(213) 974-2111 entre las 8:00 a.m. y 5:00 p.m. Tiempo Pacífico, de lunes a viernes, excluyendo los días festivos del Condado de Los Ángeles.

"I understand that this is a very stressful time, especially for those suffering direct effects from this public health crisis, and my office is committed to helping in any way we can. Los Angeles County property owners affected by the COVID-19 virus may have late penalties cancelled if they are unable to pay their property taxes by the April 10 deadline.

We have no authority to extend the April 10 deadline, as outlined by State Law. However, beginning on April 11, the day after property taxes are due, people unable to pay on time for reasons related to COVID-19 may submit a request for penalty cancellation online. The department has set up a special team to process these requests for those who demonstrate they were affected by the outbreak.

We encourage all property owners who can pay their taxes on time to do so. This revenue helps keep the government running and providing vital services that the public relies on, especially in times like these.

Since County buildings are currently closed to the public during this emergency, there will be no in-person payments. Instead, taxpayers can pay online, via telephone or by mail. There is no cost for e-Check payments online. For online credit/debit card transactions, our card payment processor charges a 2.25 percent service fee.

We have developed responses to our most Frequently Asked Questions

(FAQs). Please click here for our FAQs

Taxpayers can also visit https://ttc.lacounty.gov/, to review payment methods and several other online self-service options. Taxpayers may also call (213) 974-2111 for additional information"

Neighbors,

Please see below from Councilmember O'Farrell. As you may have heard, earlier today Mayor Garcetti issued a "Safer At Home" order for the City of Los Angeles. Additionally, the Board of Supervisors has issued a similar order for the entire County of Los Angeles.

Details are below. Our office continues to be at your service as we navigate this challenging time. We are here for you, and we will get through this together.

Be safe,

Here are the latest updates regarding services and the COVID-19 pandemic.

Friends,

Some important updates on the coronavirus pandemic and what the city is doing to save lives.

First, Mayor Garcetti issued a 'Safer at Home' order to all residents of the City of Los Angeles to stay inside their homes, and immediately limit all movement outside beyond what is absolutely essential to prevent the spread of COVID-19.

As outlined in the order, there are lawful exceptions for critical tasks such as: securing food and health; safety and medical necessities; and caring for children, elder adults, family, friends and people with disabilities.

Second, the Mayor also announced a major initiative to ensure our homeless population receives necessary shelter. He has ordered the temporary conversion of some of our Recreation and Parks facilities to provide emergency shelter for people experiencing homelessness who are also asymptomatic. The first phase of this plan will include 13 recreation centers and provide 1,596 beds.

One of those facilities will be located in the 13th District -- at the Hollywood Recreation Center. Again, these newly formed shelters will serve as rescue and disaster sites for those who do not show symptoms of COVID-19.

The homelessness crisis in Los Angeles, in and of itself, is a public health crisis and a robust inventory of shelter space and permanent supportive housing is something I have been working on for years.

People living in tents and unsanitary conditions offer an ideal breeding ground for disease. Living in a tent is not safe -- we have over 1,000 people experiencing homelessness dying on our streets each year that prove the point. It's time to bring everyone inside. Only then can everyone get the care they need.

The state and federal government are also actively working on providing additional resources in dealing with this pandemic as it relates to homelessness. I will keep you posted as these resources become available.

Please be safe, and take care of each other while practicing social distancing and following all CDC guidelines.

RELAXING PARKING RESTRICTIONS

LOS ANGELES - These two graphics explain the parking enforcement modifications that are in place to make life a little easier for you during this pandemic. These changes will be in effect until March 31st. If that date is extended, we will let you know.

FREE WIFI FOR STUDENTS

LOS ANGELES - In an effort to assist Angelenos dealing with the COVID-19 pandemic, Spectrum is offering FREE internet and WiFi for families with K-12 and college students for 60 days.

EARLY SHOPPING FOR SENIORS

LOS ANGELES - Please share! These grocery stores are dedicating the first hour of operation exclusively for seniors and other vulnerable shoppers.

FREE MEALS FOR LAUSD KIDS

ECHO PARK - Councilmember O'Farrell visited the staff and volunteers at The Dream Center - which is serving 7,000 meals each day to LAUSD students and families. The Dream Center says it's because of local heroes like Los Angeles Dodger Justin Turner who make this service possible; he donated meals purchased from our local small business owners! The silver lining of the coronavirus pandemic — we are seeing the best of Angelenos!

Subject: SEE-LA Farmers' Market Update: Some open; some closed. All you needto know.

Hollywood Neighbors,

I think this will be of interest to you. Please see below from SEE-LA, which operates the Hollywood Farmers Market as well as other markets in Los Angeles.

Be safe,

Comment on the concept for the Walk of Fame Master Plan

On Monday, the Los Angeles County Department of Public Health determined that Certified Farmers' Markets should continue to operate with some restrictions, while the California Department of Public Health similarly declared farmers' markets essential businesses that should remain open statewide.

Three SEE-LA Certified Farmers' Markets will continue to provide access to fresh, regional produce and packaged food this week. Here's the status of all of SEE-LA's markets:

Atwater Village Farmers' Market Sundays 10am – 2pm	**OPEN WITH MODIFICATIONS** (see below)
Crenshaw Farmers' Market Saturdays 10am – 3pm	**CLOSED UNTIL FURTHER NOTICE** (see below)
Central Avenue Farmers' Market Thursdays 10am – 3pm	**CLOSED UNTIL FURTHER NOTICE** (see below)
Echo Park Farmers' Market Fridays 3:00pm – 7:30pm	**OPEN WITH MODIFICATIONS** (see below)
Hollywood Farmers' Market Sundays 8am-1pm	**OPEN WITH MODIFICATIONS** (see below)
MLK Campus Farmers' Market Wednesdays 9am – 2pm	**CLOSED UNTIL FURTHER NOTICE** (see below)

OPEN WITH MODIFICATIONS: Three of SEE-LA's farmers' markets will operate under these strict safety conditions:

- No food preparation food booths are allowed. However, pre-packaged food options prepared in a commercial kitchen will be available.
- All booths will maintain distance from one another. As a result, market layouts will shift; staff at the Information Booth will help you locate particular vendors.
- No product sampling is allowed.

- Public seating and eating areas have been eliminated.
- All non-essential market activities such as arts & crafts, music, etc. are suspended.

Please help us ensure a safe and healthy environment for everyone:

- Stay at home if you're sick or at-risk.
- Wash your hands thoroughly and often.
- Touch only what you'll buy.
- Shop efficiently and with a plan; do not linger or socialize in the market.
- Maintain a safe distance from others.
- Help limit line lengths by shopping at booths with shorter lines first.
- Buy hot and prepared food to go.
- Leave non-service animals at home.
- Consider limiting the amount of dried good items to ensure that there is enough for everyone.
- Wash your fruits and vegetables thoroughly at home.

CLOSED UNTIL FURTHER NOTICE: Despite guidance from County and state health authorities, all three of SEE-LA's markets in South Los Angeles were closed until further notice by their host sites. We've operated markets in this community for 18 uninterrupted years ... until now. We are deeply worried about South LA, which is home to some of our staff and thousands of people who patronize our markets and participate in the Market Match and Fresh Funds programs. We are frustrated by the systemic problems that paint a bleak, unjust picture: If you live in South LA, you have fewer options for fresh, healthy food than Angelenos living above the 10 freeway. The closures of our beloved South LA markets deepen historic, race-based inequities that will be exacerbated by the COVID-19 crisis.

While we struggle to re-open these markets, we're determined to continue to provide fresh produce to residents of South LA. SEE-LA is racing to design alternative models to distribute fresh food in the community and to help the family farms in our network, many of which are losing crucial revenue with these market closures. We'll formally launch a campaign to support South LA COVID-19 food access next week, and you can donate right now to kick it off.

Finally, echoing suggestions we've heard from so many of you, we're also working furiously to facilitate sales at our markets that do remain open. SEE-LA is accelerating implementation of a mobile app that will allow customers to order from individual vendors for pick-up at a SEE-LA market and also hopefully for drive-through and/or home delivery. Stay tuned for announcements about those innovations.

In the midst of this unprecedented health crisis, we recognize that Southern California communities and regional farmers rely on farmers' markets now more than ever. SEE-LA is committed to be here for all of us. Stay well.

MAYOR GARCETTI ANNOUNCES ECONOMIC RELIEF PACKAGE FOR SMALL BUSINESSES IMPACTED BY THE NOVEL CORONAVIRUS

LOS ANGELES — Mayor Eric Garcetti today announced an $11 million economic relief package for small businesses impacted by the novel coronavirus (COVID-19).

“Small businesses are the backbone of our economy, and we’ll do everything possible to help them survive this crisis,” said Mayor Garcetti. “This program will offer the support they urgently need to be in a better position to stay in business, retain employees, and thrive again when we get past this very difficult moment.”

As part of the program, which was approved by the Los Angeles City Council, the Economic and Workforce Development Department will provide $11 million in no-fee microloans of $5,000 to $20,000 — which may be used to cover working capital. Since cash flow is critical at this unprecedented time, the program will offer relaxed underwriting with no credit score minimum, a generous allowance to meet debt service, and a 100% Loan to Value ratio. The interest rate can either be 0% for a term of six months to one year, or 3% to 5% for a term of up to five years.

“Small businesses across the city are already taking a significant hit from this crisis,” said Councilmember Paul Krekorian. “This motion allows these businesses to access loans that can keep them functioning over the next critical weeks and months.”

“As the Chair of the Economic Development Committee, I’m especially concerned for what this public health crisis means for our small businesses, in particular for underserved areas such as in my District,” said Councilmember Curren Price. “It’s important not only to support but also maintain our current businesses. This initiative can go a long way in alleviating the concerns that are weighing heavily on our business community.”

The microloan program is being paired with a Small Business Resilience Toolkit, which is being distributed as a digital guidebook and includes vital information covering Federal, State, County, and City emergency policies and programs impacting small businesses. It also offers strategies for adjusting to the effects that COVID-19 is having on businesses — including ways to keep employees safe, maintain operations at maximum possible capacity, and prepare business continuity plans.

SBA disaster loans are NOW BEING PROCESSED!

The application link is now open for any California business wishing to apply for a disaster loan related to economic damage from the COVID-19 health crisis.

A word from Bill Allen, CEO of LAEDC

Dear members, partners and clients of the LAEDC,

During these trying times, I want you all to know that as a result of our work over the past couple of years promoting business continuity and resiliency measures, the LAEDC has been well prepared to respond to the challenges associated with the spread of COVID-19 in our region and we are here to serve you.

Each of our operating units is fully operational, and our business assistance team, which has always worked from remote locations around the county, is in regular contact with our small business clients and will continue to be available to any of you who may need our assistance connecting with helpful resources in the weeks ahead. We have listed some of those resources below.

As you can tell from the opening text and link in this email, today we got the good news that the county and state have completed the required process to declare the state of California an SBA disaster area, which allows for small businesses in our county to apply for financial assistance through the SBA disaster loan program.

In addition, we have daily been compiling and updating a COVID-19 resource page on our LAEDC website which you can reach at the following link. It contains helpful information from our federal state and local governments. https://laedc.org/coronavirus

Angelenos are among the most creative, innovative and resilient people in the world and I'm confident that working together we can successfully navigate our way through this storm.

Bill Allen, CEO, LAEDC

Other immediate help:

Work Sharing: This State of California program provides an alternative to layoffs, for those businesses with reduced work or available production.
https://www.edd.ca.gov/unemployment/Work_Sharing_Program.htm

Paid Family Leave: Employees who need leave to take care of children or family issues can also apply for Paid Family Leave (PFL) through State of California EDD. Use this link to register online. Do not call -- the phone lines are swamped. Use the online application:
https://www.edd.ca.gov/Disability/How_to_File_a_PFL_Claim_in_SDI_Online.htm

Non-traditional loan programs are available to assist businesses. Please email LAEDC for details. Include your business name and city where the business is located so LAEDC can assign a regional manager to followup with you.

California IBank is another source for emergency loans, via Pacific Coast Small Business Development Corp.

Please visit LAEDC's COVID-19 response page at https://laedc.org/coronavirus , which we are updating frequently, for more information.

Remember, businesses which are experiencing significant economic harm can contact LAEDC for strategic assistance, confidentially and at no cost, as part of LAEDC's nonprofit mission. **Email LAEDC:** covid19response@laedc.org

Frank, Bethelwel, Strefan -

Adrian had previously requested my text messages "in the format in which they're stored." I talked to Strefan about this last year, and we checked with ITA and we were told we did not have a way to do that. I don't think he wants screenshots.

Can you please advise on how I should respond?

Adrian,

I'm so sorry; this simply slipped through the cracks.

Please be advised that this office finds that "unusual circumstances" exist with respect to this request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

Since I was delayed in issuing this response, we will make a determination concerning this request in a shorter than normal time frame. We expect to make a determination concerning your request on or before June 17, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter. Apologies again for the delay!

Please be advised that this office finds that "unusual circumstances" exist with respect to this request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

Since I was delayed in issuing this response, we will make a determination concerning this request in a shorter than normal time frame. We expect to make a determination concerning your request on or before June 17, 2019.

City of Los Angeles Public Records

Hi there

A message was added to record request #20-1659:

Under 6253 (a) I may view the documents at any time. I will be in the cd 13 office tomorrow morning at 9 am on sunset blvd. Failure to produce the documents for viewing will be a violation of the law. Under 6253 (d) (3) this constitutes a denial. Under state law you are required to name the persons giving the order to deny. Under 6253 (e) The agency must "a state or local agency may adopt requirements for itself that allow for faster, more efficient, or greater access to records than prescribed by the minimum standards set forth...". Claiming that I may not access it because it has not come out or making it in any way moot to get the records would violate the law. You must make the record available to me immediately! I have described the records I require. Please do NOT violate state law again! Under 6253 (f) You directed me to the Film LA website to get the required documents. Since they are not there you are required by law to give them to me immediately. Under 6253.1 (a) I have made a "reasonably describes an identifiable record or records" Under 6253. 1 (a) (1) You are required to "public to identify records and information that are responsive to the request or to the purpose of the request, if stated". I requested to know when the documents are sent to you and you have refused to give me this information. Under Tom LaBonge, Kathy Jones-Irish also violated the law by giving document control to an outside person violating 6253.3. Please do not attempt this. Under 6257.5 "does not allow limitations on access to a public record based upon the purpose for which the record is being requested, if the record is otherwise subject to disclosure." Under this denial there is no limitation on future records in the CPRA. Please identify the section where future records can be denied. Under your denial you claim "CPRA does not require an agency to produce documents on a going-forward basis.", when in fact the issue is, The CPRA does not require and agency not to produce documents on a going-forward basis. Furthermore, Ther CPRA requires that you allow "greater access to records than prescribed by the minimum standards set forth..." Michael Abel 323.810.5677

Team -
Please respond to all the MOF emails sent to you in a timely manner. If there are items that Steve or Sylvan can assist with, please ask for help. When it comes to beautification, graffiti, cleanliness or bulky item related cases - please forward to Sylvan. When it come to BSL lights out, potholes requests, etc...please rely on Steve. Do not let these emails sit in your inbox. I understand that at the moment we are heavily weighted with requests regarding the (H) population and CPRA's,
but we still owe it to our constituents to resolve casework in a timely manner.

Thank you.

Hi there

A message was added to record request #20-1659:

Thank you for contacting our office. The City Attorney says the CPRA does not require an agency to produce documents on a going-forward basis. We suggest re-phrasing the request to state the time period for which you would like the shoot sheets. The time period should only go up to the present, not the future.

Hi Frank and Bethwell--
We have a CPRA request (20-1651):

All emails to/from publicrecords@lacity.org in possession of staff in your department from 2018 through 2020.

Below is an example of one of those emails. We (or at least I) get them daily. They are just a report of what is overdue or due soon on NextRequest

Do we need to supply these?

Hello Tony,
Hope all is well. How many of those daily reminders have you retained from that time frame? While perhaps not in the spirit of what the requester is looking for I suspect, they would be responsive to the request as is. If the number is quite voluminous, you always have the option of getting back to the requester and asking if they want to modify or narrow their request to exclude those reminder emails. Otherwise, you would need to produce then and take this is a lesson learned going forward on retention. Sorry.

Please let us know if you have any further questions or there is something I may be missing.

best,
Frank

Dear Councilmember O'Farrell & Mr. Halden,
We hope you will be able to assist us in getting a presentation about the Heart of Hollywood Initiative with a focus on the Walk of Fame Master Plan.

It would be great if you, a representative from the City of Hollywood (maybe Director of Public Works) and Gensler would join us to discuss the project and the resulting construction / consulting opportunities that will become available.

Construction Network is the premier construction industry networking group in Southern California. We feature over 50 capital program presentations annual with most of our focus on public sector projects.

Our network would be thrilled to have this presentation featured at one of our VIP Breakfast events in downtown LA for Fall 2020 (maybe November)!

If you are interested, please let me know so that we can proceed with scheduling.

We hope you will accept our offer to present, and we will patiently await your reply!

Jeanne, hoping you can help me with securing a response of some sort to this letter.

The HPOA Board meets next week (4 p.m. June 21). Could someone from the council office attend the meeting to report on the way forward to bring this project to completion? We have all worked so hard, and we are in the final lap. I trust that the Councilmember is as excited as we are about the prospect of finally seeing these signs installed, and we would like to know how to help.

However, I cannot let another meeting go by with nothing new to report.

Many thanks, appreciate your guidance on next steps.

Jeanne,

I want to bring you into the loop on an issue pending with the City Clerk – time is of the essence, so I may need you or the Councilmember to weigh in.

I am attaching our draft city contract (between HPOA and City of Los Angeles) to manage the HED for 2019-28. It is pretty boilerplate, and we are fine with it, except we noticed that the termination clause has changed rather drastically from the last version we signed 10 years ago. I have attached that comparison.

For the city to have a 30-day out for convenience puts us in a very unstable situation – for a $7.4M BID which is involved in service contracts to do the work here in Hollywood. You can read the logic of this argument in the thread below. This would also jeopardize employment contracts and similar legal obligations.

The Hollywood board meets tomorrow – we were hoping to seek authorization to sign the contract, so we can proceed with the planning for 2019. I may be able to get a motion to sign if this provision can be reinstated to its previous version – otherwise we'll have to wait until September. Our normal City Clerk reps (Rick Scott and Miranda Paster) are both out on medical leave, so I think my best bet is to get directly to Holly.

Let me know your thoughts.

Subject: RE: City contract - Termination Section 15

Rita, one of the things we would want to discuss with Holly is that when we enter into a contract with a service provider, they are often investing in equipment that has to be amortized over a minimum of three years. For example, we are currently bidding out the security and maintenance contracts for the BID – and will very likely be hiring new vendors. For the maintenance contract, they are proposing a street sweeper, several pressure washing trucks, trash hauling truck and the like. We also have to rent space for their operations. They are hiring up to 25 people.

A similar situation exists for security. We will also be investing in a new radio system with repeaters.

To have the risk of a 30 day termination for convenience puts many things into jeopardy. Let's set up a conference call with Holly and the city attorney assigned to the BID contracts to flesh this out.

Many thanks,

Kerry

Hi Kerry,

I was out yesterday. Let me take a look at this and get back to you.

Rita, thank you for forwarding the draft contract. We will be sharing it with our board this Thursday.

We've reviewed it in comparison with the contract we signed 10 years ago. There is one clause that poses a significant problem for a nonprofit organization that enters into service contracts with multiple vendors to provide services to support the property owners. We've attached the current termination clause as compared to the one we have been operating under.

I recall being in a meeting with the city attorney and city clerk staff over 10 years ago discussing this clause (it used to provide for *termination for cause* and also allowed for an *opportunity to cure.*)

The challenge is that we enter into service contracts that also have termination clauses – in our case, multi-million dollar service contracts for security and street maintenance. There is also a long-term lease associated with office rent, etc.

Perhaps something happened that the city decided to change this portion of the standard BID contract, and I'm wondering if we could get on the phone (perhaps with Holly) before the Thursday board meeting to see if we can return to the original language.

Thank you

Please take a look below (all the way at the bottom). It pertains primarily to your emails regarding the word "Burlington" and/or with a michelle7748@outlook.com, from January 1, 2018 through May 10, 2020.

Please take an initial look through your emails and let me know how long you think it will take to complete. We can absolutely ask for an extension, but I need to provide an initial response early next week.

Please let me know if you have any questions.

Jeanne, hoping you can help me with securing a response of some sort to this letter.

The HPOA Board meets next week (4 p.m. June 21). Could someone from the council office attend the meeting to report on the way forward to bring this project to completion? We have all worked so hard, and we are in the final lap. I trust that the Councilmember is as excited as we are about the prospect of finally seeing these signs installed, and we would like to know how to help.

However, I cannot let another meeting go by with nothing new to report.

Many thanks, appreciate your guidance on next steps.

Jeanne,

I want to bring you into the loop on an issue pending with the City Clerk – time is of the essence, so I may need you or the Councilmember to weigh in.

I am attaching our draft city contract (between HPOA and City of Los Angeles) to manage the HED for 2019-28. It is pretty boilerplate, and we are fine with it, except we noticed that the termination clause has changed rather drastically from the last version we signed 10 years ago. I have attached that comparison.

For the city to have a 30-day out for convenience puts us in a very unstable situation – for a $7.4M BID which is involved in service contracts to do the work here in Hollywood. You can read the logic of this argument in the thread below. This would also jeopardize employment contracts and similar legal obligations.

I may be able to get a motion to sign if this provision can be reinstated to its previous version – otherwise we'll have to wait until September. Our normal City Clerk reps (Rick Scott and Miranda Paster) are both out on medical leave, so I think my best bet is to get directly to Holly.

Let me know your thoughts.

Rita, one of the things we would want to discuss with Holly is that when we enter into a contract with a service provider, they are often investing in equipment that has to be amortized over a minimum of three years. Hi Kerry,

I was out yesterday. Let me take a look at this and get back to you.

Rita, thank you for forwarding the draft contract. We will be sharing it with our board this Thursday.

We've reviewed it in comparison with the contract we signed 10 years ago. There is one clause that poses a significant problem for a nonprofit organization that enters into service contracts with multiple vendors to provide services to support the property owners. We've attached the current termination clause as compared to the one we have been operating under.

I recall being in a meeting with the city attorney and city clerk staff over 10 years ago discussing this clause (it used to provide for *termination for cause* and also allowed for an *opportunity to cure.*)

The challenge is that we enter into service contracts that also have termination clauses – in our case, multi-million dollar service contracts for security and street maintenance. There is also a long-term lease associated with office rent, etc.

Perhaps something happened that the city decided to change this portion of the standard BID contract, and I'm wondering if we could get on the phone (perhaps with Holly) before the Thursday board meeting to see if we can return to the original language.

Thank you

Kerry

HHWNC May 20 2020 Agenda v2.pdf
ATT00001.htm

Hello Everyone ...

You've represented your dept, council, city or state office or organization as an official to present at our HHWNC board meetings.

Weds., May 20th is our first ZOOM Board Meeting. We have a somewhat lengthy agenda due to the postponement of our meetings in March and April.

If you intend to speak as an "official" at this meeting, PLEASE LET ME KNOW. You will be invited as a Panelist/Participant vs Guest (public speaker).

If someone else will attend in your place or in addition to you (i. e. LAPD) PLEASE let me and our admin@hhwnc.org know so he or she can be properly "invited".

This is our first HUGE Zoom meeting under Brown Act so bear with us.

We would like to accommodate everyone but comments must be brief...hopefully no longer than 2-3 minutes. Please advise! All speakers on discussion other than presenters of a board agenda will be limited to 2 minutes speaking time then they will be muted.

If you don't want to speak, you can always join as a "guest/Stakeholder" if you haven't worn out from too many zooms & webinars!!

Any questions, please call me to discuss IN ADVANCE at 310-753-9777 (my cell). Or via email.

Thank you.... Cross fingers!!

Hope you and your loved ones are safe.

a) Hollywood Center Project - is a proposed mixed use development of 4 buildings within the HUNC boundaries, including over 1,000 residential apartments, on a 4.46 acre site. The site generally is bound by Yucca Street on the North, Ivar Avenue on the West, Argyle Avenue on the East and Hollywood Boulevard on the South. The City's Planning Department released a Draft Environmental Impact Report (DEIR) on April 16, 2020. The department set June 1, 2020, as the deadline for public comments on the DEIR. The City's Planning Department's case no. is ENV-2018-2116-EIR. The State Clearinghouse Number is 2018051002.

The Hollywood Center Project site is just to the East of HHWNC's area. While the Hollywood Center Project site is in Hollywood United Neighborhood Council's area, the Hollywood Center Project's likely impacts will be spread across both neighborhood councils' areas. Additional time should be granted to the neighborhood councils to gather their stakeholders' concerns and provide public comments.

Due to the City's suspension of all neighborhood councils' activities during March and April, 2020, and the gradual restarting of neighborhood councils' activities in May, HHWNC urges Mayor Garcetti, City Council Member Mitch O'Farrell, and the City's Planning Department to extend the public comment deadline by at least another 60 days.

Motion: Hollywood Hills West Neighborhood Council recommends and requests that the City of Los Angeles's elected officials and the City's Planning Department extend the public comment deadline on the Hollywood Center Project's DEIR for at least 75 days beyond the current June 1, 2020 deadline. The public comment deadline should not be set any earlier than August 15, 2020.

8. **Treasurer's Report (Matt Shichtman)**

a) Board Member Reimbursements – None this month

b) Approve February, March & April Monthly Expenditure Reports

Motion: The Board of the Hollywood Hills West NC approves the February 2020 Monthly Expenditure Report submitted by Treasurer Matt Shichtman.

Motion: The Board of the Hollywood Hills West NC approves the April 2020 Monthly Expenditure Report submitted by Treasurer Matt Shichtman.

a) Member Training Update

10. **Secretary's Report (Britta Engstrom)**

11. **Committee Reports**

a) **Park & Open Space Chair (Jeff Masino)**

i. New Installations – Runyon Canyon Park Updates: While Runyon Cyn Park is currently closed, LA Rec & Parks has completed the installation of a Captain Albert Torres memorial bench in Upper Runyon Cyn and a "Chat Bench," spearheaded by Area 8 Chair, Serra Aladag, in lower Runyon Cyn. More details, including a dedication for both will be announced at a later date.

ii. COVID-19 Pandemic Runyon Cyn Re-opening Plan: The Hollywood Hills West Neighborhood Council, together with the Los Angeles Department Recreation & Parks, are concerned for the safety and well-being of all Runyon Cyn Park visitors until such time that the coronavirus will no longer be a threat to our community. With this in mind, a plan for certain trail closures, new signage, and fencing will be needed **(please see attachment of new signage)**. LA Rec & Parks has asked that HHWNC help contribute specifically for the creation of 8 TRAILS OPEN SOCIAL DISTANCING banners and 8' tall chain-link fencing **(please see attachment for signage invoice).**

Motion: That the HHWNC work together with LA Rec & Parks and approve an expenditure of $639.40 to produce 8 TRAILS OPEN SOCIAL DISTANCING banners to be installed at Runyon Cyn

c) **Infrastructure (Danielle Mead), Area 7 (Lincoln Williamson) & Environment (Barbara Witkin)**
   i. On January 26, 2020, members of the Area 7 and Infrastructure committees walked Sunset Blvd from the city border with West Hollywood to La Brea Ave. The committees identified many opportunities for improvements and beautification, including the need for pressure-washing multiple stretches of sidewalks which are dirty, discolored and littered with gum and debris. Based on an estimate from a vendor, the committees request up to $4,000.00 allocation of funds for pressure washing the public sidewalk along three heavily trafficked blocks on Sunset Boulevard: 1) Hayworth Avenue to Fairfax Avenue (south side), Vista Street to Martel Avenue (north side), and Fuller Avenue to Poinsettia Place (north side).

   Motion: The Hollywood Hills West Neighborhood Council approves up to $4,000.00 for pressure washing sidewalks (including gum removal) for three blocks along Sunset Boulevard: 1) Hayworth Avenue to Fairfax Avenue (south side), Vista Street to Martel Avenue (north side), and Fuller Avenue to Poinsettia Place (north side).

d) **Public Safety (Paul Jenkins)**
   i. HHWNC Senior Outreach Program (see attachments)
   Create an HHWNC Senior Outreach program that will help connect isolated seniors to community resources and provide them a reason and opportunity to tell a story about their life. Even if they must be physically isolated, they can reach out emotionally.

   The pandemic may require seniors and those with underlying health issues to follow Stay at Home orders until there is a vaccine or an effective treatment (the vaccine is estimated to take 12 to 18 months). Isolation can be challenging emotionally and often leads to both physical and mental health problems. The plan would be a way to engage Seniors and reinforce their value to their neighbors and the HHWNC.

The program would include organizing volunteers, launching a community website, having Senior online meetings, and dropping off HHWNC branded plants and Emergency Preparation manuals.

During the outreach phone call, we could offer:
-Information on resources for Seniors
-The opportunity to join an HHWNC community website of seniors, artists, and volunteers.
-Ask them to create a story about their life that an actor or volunteer could read at a regularly scheduled online meeting. Or they could create a piece of artwork to be photographed and displayed.
-An Emergency Preparation manual so they can be emergency information leaders for their neighbors
-An opportunity to be a volunteer making phone calls and checking on other Seniors

The budget requested is a not to exceed amount of $4,000 for approximately 100 senior HHWNC branded plants and emergency plan deliveries for Seniors that agree to create art. This includes mailings and outreach. See attached budget and diagram of the initial plan proposed for discussion. Outreach meetings will be conducted for stakeholder and board member feedback and interest.

Motion: Approve a budget to create a Senior Outreach program which includes social out reach and mailings, purchase and delivery of plants, print and delivery of Emergency Preparation manuals. Amount not to exceed $4,000.

12. **Public Comments** – Comments from the public on agenda items and non-agenda items within the Board's subject matter jurisdiction. Public comments are limited to 2 minutes per speaker.

13. **Adjournment**

NEIGHBORHOOD COUNCIL FUNDING PROGRAM
FISCAL YEAR ADMINISTRATIVE PACKET

Summary

The Administrative Packet provides for a more comprehensive and complete record of all items that support the Neighborhood Councils' (NC) fiscal and administrative operations, including its annual budget, Financial Officers, and any commitments for NC office space, storage facility, P.O. Boxes, etc.

Goal(s)

The goal(s) of the Administrative Packet is to make it easier for NCs to identify, plan, and confirm, via a board vote, all fiscal and administrative requirements upfront each year so that our Office can prepare for and process funding requests and resulting contracts judiciously and expeditiously.

The Packet contains the following items:

- NC Funding Program Acknowledgements & Agreements – Signed by all Financial Officers
- Completed Annual Budget
- Information pertaining to office space, meeting space, storage facility, Post Office Box (P.O. Box), and website services, as applicable.

Procedure

On a yearly basis, we require each NC to discuss, prepare, and approve the Administrative Packet. Once the Packet has been voted on by the board, the Packet and the completed Board Action Certification (BAC) Form are to be submitted to the NC Funding Program.

Your NC Treasurer can submit both documents, the Packet and BAC, by uploading them in the NC Funding System portal, Budget Allocation section, immediately after Board approval. Once received, reviewed, and accepted by our Program, your NC will gain full access to its funds. The NC Funding System portal website is: https://cityclerk.lacity.org/NCFundPortal/#/login

As our Program awaits your Packet submission, access to your NC funds will be limited to $333.00 per month, until the annual budget, Administrative Packet, and BAC have been received and accepted. This limited amount is intended to assist your NC operationally for expenses related to conducting your NC meetings, i.e. meeting facility use fees, printing and photocopying of meeting documents, meeting refreshments/snacks, professional staff services.

If you have questions or require any assistance regarding the packet, please feel free to email us at clerk.ncfunding@lacity.org or call us at 213-978-1058.

NEIGHBORHOOD COUNCIL FUNDING PROGRAM

BANK CARDHOLDER ACKNOWLEDGEMENT & AGREEMENT OF RESPONSIBILITIES

This document outlines the responsibilities that I, as the Neighborhood Council Bank Cardholder, have as the primary custodial holder of a City Los Angeles Neighborhood Council (NC) Bank Card, referred herein as "the card" for the Neighborhood Council named below. My signature indicates that I have read and understand these responsibilities and further, that I agree to adhere to the guidelines established by the Office of the City Clerk and approved by the City Controller for the use of City funding as it relates to the Neighborhood Council Funding Program.

1. I understand that the City of Los Angeles Neighborhood Council Card is intended to facilitate the purchase and payment of materials or services required for the conduct of official Neighborhood Council business only.

2. I agree to make only those purchases consistent with the type of purchases authorized by the Office of the City Clerk and approved by the NC Governing Board.

3. I understand that under no circumstances will I use the Card to make personal purchases either for myself or for others. The Card is issued in the name of the Neighborhood Council and I serve as the Card custodian. I agree that should I willfully violate the terms of this Agreement and use of the Card for personal use or gain that I will reimburse the City of Los Angeles for all incurred charges and any fees related to the collection of those charges.

4. Uses of the Card not authorized by the Office of the City Clerk can be considered misappropriation of City funds. This could result in (a) immediate and irrevocable forfeiture of the Card, and /or (b) potential de-certification action. I understand that the Card must be surrendered upon termination of any official position with the Neighborhood Council to which the card is issued. I agree to maintain the Card with appropriate security whenever and wherever I or any other authorized person may use the Card. If the Card is stolen or lost, I agree to immediately notify the Office of the City Clerk.

5. I understand that since the Card is the property of the Bank and authorized for issue by the City of Los Angeles, I am required to comply with internal control procedures designed to protect City assets. This may include being asked to produce the Card, receipts, and/or statements to validate its existence and to audit its use.

6. I understand that I will have access to the Funding Program System portal via the Internet where all card transactions will be posted by the Bank when the card is used. I understand that I am required to obtain itemized receipts for all card transactions and upload the itemized receipts to the Funding Program System portal to verify the posted card transaction. Uploading the required itemized receipt is necessary for my NC Monthly Expenditure Report (MER) to be generated by the Funding Program System portal. The MER must be reviewed and approved by the NC Governing Board before being submitted to the Office of the City Clerk as a complete Report.

7. I understand that all transactions on the Card will reduce the funds available to the NC. I understand that the Bank will not accept any limit increases from me.

8. I understand that the Card is solely provided to the designated NC cardholder and that assignment of the Card is based on the understanding that I need to purchase materials required for the conduct of Neighborhood Council business. I understand that custodial possession of the Card is not an entitlement nor reflective of title or position.

9. As a Neighborhood Council Financial Officer, I have signed and received a copy of both the NC Funding Program Bank Cardholder Agreement of Responsibilities and Financial Officers Letter of Acknowledgement, have attended and completed the required NC Funding Program training, and understand the requirements and limitations regarding the NC Bank Card's use.

NEIGHBORHOOD COUNCIL FUNDING PROGRAM

ANNUAL BUDGET TEMPLATE – FISCAL YEAR 2019-2020

The annual budget is a plan for the utilization of the NC's financial resources. It should be used as a strategic financial road map to conduct activities and efforts that will help the NC achieve its mission, goals, and objectives. The budget should include the input of stakeholders, be accessible, and comply with the rules that govern the use of NC public funds.

As a planning tool, the annual budget allows the NC board to allocate its funds, both regular annual funds and rollover funds, if any, into the following Expenditure Categories:

1. General and Operational Expenditures
    - i. **Office/Operational**
    - ii. Outreach
    - iii. Elections
2. Neighborhood Purposes Grants (NPGs)
3. Community Improvement Projects (CIPs)

With the exception of certain expenditures related to Office/Operational items, the annual budget cannot be used as authorization or approval of actual payments to vendors. All payments related to Outreach purchases, activities, and events, Elections, NPGs, and CIPs must be considered and approved through separate board motions, not as part of the board approval of the annual budget.

The annual budget may be accepted as authorization for payment for certain monthly and recurring **Office/Operational expenditures only**, such as those listed below, when itemized in the Office/Operational Expenditure Category. Please see the sample itemized Office/Operational budget allocations next page.

1. Office lease payments
2. Office supplies and equipment expenses, not including inventory items
3. Storage facility lease payments
4. P.O. Box payments
5. Office telephone and Internet services
6. Refreshments/snacks for board/committee meetings
7. Website hosting and maintenance services
8. Professional meeting/office-related services, i.e. translators, minute-takers, audio services
9. Printing and copying for meetings/office-related purposes only
10. Printing NC business cards

The annual budget template form provided here is an optional tool. Your Neighborhood Council may submit its annual budget on a form different from this template as long as it only contains the same budget allocation Expenditures Categories listed above.

For more details on the Administrative Packet, Fiscal Year annual budget, and rollover of funds unspent at the end of the Fiscal Year, please review the Policies and Guidelines, Policy 1.1, found on our website: https://clerk.lacity.org/neighborhood-council-funding-program

Ethan is looking into the short term rental that was the site of a murder earlier in the day. Ethan introduced Sarah Spielberger, Deputy City Attorney, Gang & Gun Prosecution Section. If anyone sees graffiti they should report to 311 or SLO. They will determine if it's gang related.

e) LAPD – Hollywood & North Hollywood Divisions

SLO Ralph Sanchez was unable to give too many details about the ongoing investigation regarding the recent shooting at the short term rental in Mt. Olympus. He stated that they are on it and they are investigating it. The suspects are still outstanding. It is a short term rental that has been written up as a party house previously. a) Report on CD4 Candidate Forum held on Sunday, Feb. 16, 2020. Four candidates participated for 90 minutes of Q&A. The debate is available to view online. HHWNC had active participation at their table at the event.

b) LAFD Fire Station 76 Report - update on Community & Officials event (Public Safety Report). (see attachment)

Capt. Dalton stated that the station is 70+ years old and they are unable to cool the apparatus (like a garage) which can get extremely hot, even at night. It's putting the firefighters at risk for heat related illnesses and does not allow them to recover. Additionally, the gym isn't used because it is too hot in the summer. The swamp cooler would reduce the temperature by over 20 degrees.

Commander Hogan stated that since the swamp cooler is not in their budget they are unable to ask for it which is whey they are coming to the HHWNC for a NPG.

Motion: HHWNC approve a Neighborhood Purpose Grant of $3,800 for Fire Station 76 to install a swamp cooler at the fire station.

Anastasia Mann made the motion, Orrin Feldman 2nd. The motion was approved unanimously 17-0.

This amount must now be approved as a Community Improvement Project (for beautification and capital improvement projects on public property). LA Rec & Parks will also provide a memorial tree at the bench location and will install both at no additional cost to HHWNC.

Motion: HHWNC fund a Community Impact Project for a memorial bench and plaque at cost for $1,200 to honor Captain Albert Torres.

ii. Runyon Cyn Park "Chat Bench" Update: In September 2019, spearheaded by Area 8 Chair, Serra Aladag, the HHWNC Board voted unanimously 19-0 to fund and support working with LA Rec & Parks to designate a "chat bench"," encouraging spontaneous conversation among park goers at Runyon Canyon Park, and sponsored by the HHWNC. An existing bench in lower Runyon Cyn has been identified. Serra has submitted the following language below (modeled on other "chat benches"):

i. Website Maintenance Proposals

At HHWNC's January board meeting, the board voted to have President Anastasia Mann appoint a board member to obtain three bids from qualified vendors to provide ongoing website, email and technical support for HHWNC and report back to the Board. Anastasia Mann recused herself and left the room.

We have received bids from David Horowitz, Media Arts and Sunlight Media for the Board to review (see agenda packet).

Motion: HHWNC shall accept the bid from David Horowitz for $250/month to provide ongoing website development/administration, Microsoft Exchange administration and other administrative duties, as well as for special projects at a rate of $80-$90/hr.

Danielle Mead made the motion, Oren Katz 2nd. The motion was approved 15-0.

ii. Sidewalk Repair DEIR

The City of Los Angeles Bureau of Engineering (BOE) is conducting the environmental review process for the proposed Sidewalk Repair Program. The proposed Project would continue, amend and expand implementation of Safe Sidewalks LA over approximately 30 years in order to make City pedestrian facilities compliant with applicable accessibility requirements. The Neighborhood Council Sustainability Alliance (NCSA) Trees Committee has asked neighborhood councils to support their concerns about tree loss and the tree canopy impacts which could result from the Sidewalk Repair Program (see background info in agenda packet).

Motion:

Whereas, the Sidewalk Repair Program Draft Environmental Impact Report (EIR) proposes to allow the tree canopy to decrease over 1.5% during 30 years by removing 12,869 large trees, only reaching 2017 levels again in 2047, and
Whereas, the EIR proposes to mitigate tree loss at different ratios during different years of the project, only planting the minimum number of trees necessary to return to 2017 levels in 2047, and
Whereas, the EIR claims the project to have minimal environmental impacts, and
Whereas, tree canopy is an essential first line of defense against extreme heat days, which will become more frequent during the next 30 years and localized tree loss will result in a dangerous increase in local temperatures, especially on extreme heat days, and
Whereas, loss of tree canopy also means reduced air quality, loss of habitat, loss of stormwater filtration, and loss of aesthetics and property values,

Therefore, the Hollywood Hills West Neighborhood Council requests to the Bureau of Engineering:

1) that every possible effort be made to redesign sidewalks around trees utilizing bulb-outs and meandering sidewalks;
2) that only those trees absolutely necessary to be removed for sidewalk repair be removed, with no preemptive removal of trees not causing problems;
3) that all trees removed for the sidewalk repair program be mitigated at a ratio of 4:1 with species of equal size at maturity and located in the same neighborhood as those removed;
4) that the EIR be amended to consider tree removal a significant adverse impact with binding mitigation measures;
5) that every tree removal continue to have the due process of notification through an Urban Forestry Division tree removal notice and that removal of 3 or more trees at a given site continue to have a Board of Public Works hearing;
6) a 60-day extension in the scoping period to allow all neighborhood councils the opportunity to agendize and submit their motions.

Danielle Mead made the motion, Jeff Masino 2nd. The motion passes as amended 16-0.

Public Comment:
-Julie Kremkus

d) **Area 3/Transportation (Brian Dyer & Jeff Straebler)**

i. At the November 2019 HHWNC Board meeting, the Board sent back the Area 3 / Transportation motion to remove the traffic island at Yucca and Las Palmas for further study. This is a follow up to the Board discussion and recommends a motion for LADOT to conduct a traffic study for Area 3 and suggest mitigation measures for the impacts of general Hollywood Bowl-driven traffic, Hollywood Bowl-driven hard street closures; movie premiere and other street closures of Hollywood Boulevard; traffic islands located at the intersections of Yucca at Las Palmas, Cherokee and Whitley, traffic turning left from Las Palmas onto Franklin, traffic turning right from Wilcox onto Franklin, etc.

Motion: That the Hollywood Hills West Neighborhood Council request the Los Angeles Department of Transportation to conduct a traffic study and propose traffic flow mitigation measures within Area 3.

NOVEL CORONAVIRUS
What You Need to Know

Coronavirus is a type of virus that causes diseases of varying severities, ranging from the common cold to more serious respiratory disease. A novel (new) coronavirus is a new strain of coronavirus that hasn't been identified before in humans.

How is it spread?

- Through coughing and sneezing
- Close personal contact, such as touching or shaking hands
- Touching an object or surface with the virus on it, then touching your mouth, nose, or eyes before washing your hands
- Because novel coronavirus is new, we are learning more each day about the transmission patterns and incubation periods

People who have traveled to or from Wuhan, China since December 1, 2019, could have been exposed to the virus. Seek medical care if you traveled to Wuhan and develop a fever and cough or respiratory symptoms within 14 days of your return.

What are the symptoms?

Fever **Cough** **Difficulty Breathing** **Severe Illness**

How can I protect myself when I travel?

Travelers going outside the US

- Avoid animals (alive or dead), animal markets, and products that come from animals (such as uncooked meat).
- Avoid contact with sick people.
- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer if soap and water are not available.
- Avoid touching your eyes, nose, and mouth.

If you traveled to Wuhan and feel sick

- Stay home and avoid contact with others.
- Seek medical care right away. Before you go to a doctor's office or emergency room, call ahead and tell them about your recent travel and your symptoms.
- Don't travel while sick.
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when coughing or sneezing. Throw the tissue in the trash.

HOLLYWOOD HILLS WEST

WEB & EMAIL ADMINISTRATION
PROPOSAL

Proposal by

David Horowitz

Developer & Exchange Administrator

Prepared for

Hollywood Hills West
Neighborhood Council

City of Los Angeles

[illegible]

HOLLYWOOD HILLS WEST – NEIGHBORHOOD COUNCIL

Why HHWNC Should Select Me

I am someone most of the board knows and trusts. I have volunteered countless hours to HHWNC, and I am the one that set up and maintains both the current web server and the Exchange Online server for HHWNC. So, instead of telling you what I would do, I will tell you what I do and what I would like to continue to do for you.

Web Server & Website Maintenance

Rather than have a typical hosting plan, the current HHWNC website is hosted on a server that we lease from SSD nodes. I set up that server to run PHP, Nginx, MariaDB, and WordPress. I also configured all of the firewall policies and additional active security (WordFence with customized policies and alerts) for the website, and I monitor and respond to the security alerts. I set up all board members with access to the website. And I assist with password resets and technical questions about the website.

I apply security updates to the operating system on the server as well as to Nginx, PHP, and MariaDB. Security updates, as well as feature updates to WordPress and its plugins, are applied as needed once they have been tested to ensure they will not break the site. Whenever something unforeseen, like an update to WordPress itself, breaks the website, I attempt to fix it. Depending upon the amount of work required, I either fix it or provide an estimate to the board to personally repair it if the time or effort required to fix it is substantial, hourly rates below. Occasionally, it may even be necessary to outsource certain repairs to the original web designers of the WordPress site.

Exchange Server Administration

I manage the Exchange Online instance for HHWNC, which just means an Exchange server in the cloud. I set up all board members with an @hhwnc.org email address. I assist with that initial set up as well as the set up on mobile devices as needed, and any password resets throughout their term. I also assist with any technical questions about email. When responding to California Public Records Act requests I will provide an estimate to the board to help collate and redact email communications, hourly rate below.

Other Administration

Additionally, I am the administrator for the Constant Contact account and I set up all users for the account and assist with password resets. I also make sure payment information stays updated. And I send out monthly notifications for the board meetings to all stakeholders and I assist with Facebook administration occasionally as well.

YOUR VOICE IS NEEDED!

Hello, neighborhood council board members,

The members of the Neighborhood Council Sustainability Alliance (NCSA) Trees Committee want to be sure you are aware of a critical opportunity for individuals and neighborhood councils to take a position on the future of our urban tree canopy.

The City of Los Angeles has launched a program to repair our broken sidewalks. As part of a settlement of the Willits class action lawsuit, a sidewalk repair program (SRP) called Safe Sidewalks LA began 3 years ago, and as a result, hundreds of large trees have already been removed, even though an environmental impact report (EIR) had not been conducted. We all want our sidewalks repaired, but we cannot afford to lose our urban tree canopy.

Through this 30-year SRP program, close to 13,000 large, mature trees are projected to be removed and replaced with 15-gallon saplings.

On December 26, 2019, the Sidewalk Repair Program Draft EIR was finally released. Here is a link: https://sidewalks.lacity.org/environmental-impact-report. The NCSA Trees Committee has serious concerns that this lengthy report is not informed by science and ignores the City's own Dudek report, which cites tree preservation as critical for the health of our city and its inhabitants.

The goal of this draft EIR is to "streamline" the implementation of the sidewalk repair program and enable trees to be removed without challenge. We have concerns about the rush to remove trees without adequate due process, public involvement, and consideration of more sustainable approaches. We know there are hardscape alternatives to tree removals, such as bulb-outs, that are utilized in other cities to divert the sidewalk around the tree in order to retain it that are not proposed for Los Angeles. Visit www.seattle.gov/Documents/Departments/SDOT/Trees/TreeSidewalksOperationsPlan_final215.pdf to learn more.

Although new young trees will be planted, the projected return to the tree canopy baseline as it existed prior to the program will not occur for 30 years. The report ignores or fails to evaluate numerous health and environmental impacts that result from tree removals. These include an increased heat island effect, a decline in air quality, loss of wildlife, and loss of stormwater capture. No mitigation of ecosystem services loss is addressed in this EIR because trees are considered a design element rather than an ecosystem service provider.

Trees take decades to grow to maturity, and the report anticipates a new tree mortality rate of only 8%, which we believe is overly optimistic, particularly given that budget and capacity constraints may make proper maintenance and irrigation of young trees extremely challenging. The City of Santa Monica's chief forester reported at the City of Los Angeles's 2019 Tree Summit that they experience 20% mortality with street tree saplings, and their urban forestry program is highly regarded. The City of Los Angeles's replacement-tree list excludes important large-canopy tree species, and it is the large trees that provide greater ecosystem services than smaller trees. It is these valuable species that are frequent candidates for removal.

Here is a sample motion:

Whereas, the Sidewalk Repair Program Draft Environmental Impact Report (EIR) proposes to allow the tree canopy to decrease over 1.5% during 30 years by removing 12,869 large trees, only reaching 2017 levels again in 2047, and
Whereas, the EIR proposes to mitigate tree loss at different ratios during different years of the project, only planting the minimum number of trees necessary to return to 2017 levels in 2047, and
Whereas, the EIR claims the project to have minimal environmental impacts, and
Whereas, tree canopy is an essential first line of defense against extreme heat days, which will become more frequent during the next 30 years and localized tree loss will result in a dangerous increase in local temperatures, especially on extreme heat days,
Whereas, loss of tree canopy also means reduced air quality, loss of habitat, loss of stormwater filtration, and loss of aesthetics and property values,

Therefore, the *(your NC name here)* requests
1) that every possible effort be made to redesign sidewalks around trees utilizing bulb-outs and meandering sidewalks
2) that only those trees absolutely necessary to be removed for sidewalk repair be removed, with no preemptive removal of trees not causing problems
2) that all trees removed for the sidewalk repair program be mitigated at a ratio of 4:1 with species of equal size at maturity and located in the same neighborhood as those removed
3) that the EIR be amended to consider tree removal a significant adverse impact with binding mitigation measures
4) that every tree removal continue to have the due process of notification through an Urban Forestry Division tree removal notice and that removal of 3 or more trees at a given site continue to have a Board of Public Works hearing
5) a 60-day extension in the scoping period to allow all neighborhood councils the opportunity to agendize and submit their motions

City of Los Angeles Mail - Re CD12.pdf

Frank and Bethelwel,

Please see below for a long message from Adrian, asking for:

"So I need to take a look at records that will allow me to enumerate and understand each such "instance in East Hollywood" as well as any other not-in-East-Hollywood "sorts of cases" similar to these "several instances". These might include but not be limited to emails to/from tenants or tenant advocates, landlords, attorneys repping landlords or tenants, letters to/from landlords, tenants, advocates, and so on. Also anything else that's related to these "several instances" and others not in East Hollywood."

I am CCing my colleagues Juan Fregoso (since Adrian's request was piqued by a recent CPRA request that Juan completed) and George Hakopiants (who covers East Hollywood).

I think I understand what Adrian is asking for, but as is often the case, it's broad and overly complicated. Can we get him to refine the ask in some way?

I need to provide the initial response to him by Tuesday 7/14.

Thank you,

Dan Halden

Subject: CPRA request (CD13.2020.07.04.a)
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Mr. Halden!

I am informed by your colleague Mr. Fregoso (see attached email) that "there have been several instances in East Hollywood in which we have had to step in and work out something in favor of renters or people who are experiencing the threat of displacement." Given his characteristic attachment to dramatically overheated rhetoric it's no surprise that he doesn't expect anyone "to know about these sorts of cases because we generally do not advertise this as they are examples of private casework."

As I am, sadly, not able to understand how CD13 organizes or labels its records or, for that matter, does anything at all, I am taking advantage of the right afforded to me by both the CPRA and the Constitution of California to describe these records by their content and/or function rather than their official names and relying on you, playing the role of the "reasonable" person anticipated by the statute, to determine what's responsive.

So I need to take a look at records that will allow me to enumerate and understand each such "instance in East Hollywood" as well as any other not-in-East-Hollywood "sorts of cases" similar to these "several instances". These might include but not be limited to emails to/from tenants or tenant advocates, landlords, attorneys repping landlords or tenants, letters to/from landlords, tenants, advocates, and so on. Also anything else that's related to these "several instances" and others not in East Hollywood.

As usual I will need these emails in MBOX format. I'm attaching yet again CD12's method for extracting them from City Gmail in that format. I will also need all attachments in their native formats although if you do finally come to your senses and produce the MBOX they'll be included there automatically.

And, you know, I realize that in the last year or so CD13 has developed a number of distinct policies with respect to CPRA requests. At this point I can't keep track of them any more, so if sending this to you isn't the approved method du jour can you just, as the law requires, figure out how to handle it rather trying to make me guess what I should have done or having Mr. Arranaga yell at me about how well he understands the law or explaining it to me yet again?

I know you were recently pushing the idea of NextRequest and I think Mr. Arranaga was really obsessed with it for a while, but by now I don't believe anyone in your office has even logged on to it for months. I'm beginning to think it's just a ploy! It's certainly not a workable method for obtaining records from CD13.

Thanks!

Adrian

Hi Kyle:

Thanks for the email. I will forward your sentiments to the Councilmember.

The issues you mentioned because there are both specific to Echo Park, which my colleague Juan oversees and can provide you with some updates.

However, I do want to take a moment to touch on the general notion of your email, which is that we are "out of touch" with the daily needs of our constituents. Nothing could be further from the truth. I am aware that this is the narrative that is being aggressively pushed by certain factions online at all costs. Often the "reporting" coming from these sources is so warped, you do not see the full picture, while other times, they are blatant lies. This is by design. Advocacy groups are not objective news agencies. It is their job to promote their agenda at all costs, even at the expense of the truth. For that reason, these aren't reliable sources of information, and I appreciate you giving me a platform to inform you of some of the things we're doing directly, at least in East Hollywood.

The Councilmember has always directed his staff to take a hands-on approach to issues related to renters' rights and evictions. I don't expect you or anyone else to know about these sorts of cases because we generally do not advertise this as they are examples of private casework. Still, there have been several instances in East Hollywood in which we have had to step in and work out something in favor of renters or people who are experiencing the threat of displacement. We did this with Super Pan when I asked to meet with the business owners and the people advocating on their behalf. I met with several members of the Neighborhood Council as well as the business owner and explained to them in Spanish, that we would be doing everything possible to extend their contract. In the end, we were able to secure an extension of their lease with the new property owner and their agent even assisted them in finding a new spot elsewhere.

We intervened when an entire building of tenants was being cheated of their RSO rights to relocation while work was being conducted illegally in their property. We were able to halt the illegal renovation work and worked with the Department to get the tenants who qualified for relocation accommodated. The Councilmember and I even personally went to the tenants' and met them in a living room in the building to address them directly.

We did this in Los Feliz, where an elderly Armenian couple was having their Section 8 contract terminated and were facing homelessness. We reached out to the landlord and worked with them to get an extension on their termination date until we were able to help them look for a new spot to live. Luckily they found something just a few blocks over and stayed in the neighborhood.

We did this with the Kingswood Apartments, which is an affordable housing building that had an expiring covenant in 2019. We are working with HCID to get another 30-year extension of the covenant on this property so that people can stay in their homes.

We are the only Council office I know in which the elected official goes door-to-door every month with his entire staff to conduct a neighborhood cleanup and offer residents City services and hear some of their concerns directly.

I am happy to explain and elaborate further if you care/wish to know about what's happening on the Council side of things. My door is always open to you and you are welcome to call anytime if you have any comments or concerns.

I will hopefully see you at the next Neighborhood Council meeting.

Best regards,
George

City Inspector at 312 N Burlington

To: Juan Fregoso <juan.fregoso@lacity.org>

Greetings Juan

I want to voice my concern with a city inspector that is surprising my wife with additional requirements that he claims are required. When we thought building a retaining wall was completed with all of his inspections, twice afterwards he neglected to mention sprinkler and landscaping in addition to his newest claim that we need fencing above the wall "to get a sign off". These two extra items will run our budget over by approximately $20,000. It seems the inspector is over reaching and adding unnecessary burden upon home owner. Who can we contact and verify this added work is required?

Let me know your thoughts

Hi [redacted],

What specific requirements?

Can you send me a copy of the notices along with the Inspector you are working with?

Hi Elias,

Anna informed me that you will be attending our Councilmember in Your Corner Event at 2nd and Union tomorrow. I really appreciate your participation! Arrival by 9 or so would be great, the event will kick off at 9:30 and last until 1pm.

It is anticipated that people will be asking questions about the RSO and about the No-Fault Eviction Moratorium. Approximately 15-20 tenants at the Burlington Apartments (https://la.curbed.com/2019/10/3/20896831/burlington-apartments-westlake-sold-rent-strike) received eviction notices on or after October 1. They will likely be answering questions about that.

We usually have food in the mornings (fruit, granola and donuts). Do you have any special requests?

Thanks! See you tomorrow.

Craig

Thanks Sir.

We are working on getting this area addressed.

It was on our Illegal Dumping schedule for Friday. The SAN report just came back and due to time, they were not able to address and it needed to be rescheduled.

We will keep you updated.

Ok, so by the time we had a total of 5 truck loads , LASAN bulky item truck showed up and was helpful in us finishing strong.

I know that the people in the neighborhood appreciated out work.

Hi Cecile,

I will send this to our scheduler. We are reviewing all Holiday Events, but I can not confirm his attendance just yet as you know this is a busy time. Are you asking that we provide our own car for the parade? Given his schedule for holiday events, he may not be able to ride in the parade, but I will make the push to make sure he still attends and helps kick it off. We will not have the holiday schedule set for a few more weeks but as soon as I have information I will make sure to keep you updated.

Can you please provide me with the following information:

Councilman O'Farrell Attendance Request

1. **A contact person AND cell number for the day of the event.**
2. **Detailed parking information. Please provide closest parking possible for event (including location, special arrangements, etc.).**
3. **Ideal time for him to attend**
4. **Estimated time for him to speak PLEASE PROVIDE AGENDA.**
5. **What topics would you like to Councilman O'Farrell to address when he speaks?**
6. **Are there people and/or organizations he should acknowledge when he speaks?PLEASE INCLUDE NAMES, TITLES, AND SHORT SENTENCE OF WHY THEY THEY ARE BEING ACKNOWLEDGED.**
7. **How many people do you estimate will be in attendance?**

Hi Cecile,

DOT confirmed that a 3rd sign would be added in front of 250 N. Burlington Ave back in early April, which means it was only recently approved.

I'll follow up with DOT and ask for an update on the installation of the sign. It can take some time after approval, if there is anything we can expedite we will make the push.

Thank for following up.

Hello Councilmember O'Ferrell,

I am a concerned citizen of the city of Los Angeles. I spend time working with my community via various activism and community service projects. Much of my community involvement can be attributed to my young life, as a Boy Scout, later reaching Eagle. There I learned that service comes before self and that at every opportunity, I should make an effort to do something that makes someone else's life just a little bit easier. That, along with a plethora of other reasons, is why I am writing this email to you today.

Yesterday, I attended your National Night Out Event, along with #SheDoes and the Burlington Unidos to ask you why you fail to stand up for your constituents. Constituents that are currently facing eviction due to a rent increase of as much as 40%, while living in inhuman conditions. Would you be okay with a rent increase of 40% while you're living among rats and bedbugs? I doubt it. After seeing your performance yesterday, I am rather appalled that you place your donors above your voters. The single response the tenants received from you was "I will talk to the landlord" as you quickly fled the scene. Well, today, some tenants were just evicted from 143 S. Burlington.

I urge you to begin to put the voice of your residents, your voters, above the voice of your big donors and special interest groups. After walking the streets in your district yesterday, it is far from perfect. Far from humane in many areas. YOU must do more to fight for the people that LIVE on your streets.

Currently, you're only doing what you do best - performing.

Do better. Your residents need you.

Regards,

[redacted]

Councilmember Mitch O'Farrell and team,

My name is [redacted] [redacted] and I'm part of the Burlington Unidos tenants facing eviction. I know that you're already familiar with our story since many of your constituents have been trying to reach out to you regarding our case, but hear me out here. We, tenants at 131, 143, 171 Burlington Ave. LA, CA 90057, have been living for many years under very unsafe and unhealthy conditions. Pest and rodent infested units and building, and to make things worse the landlord charges for fumigation. Mold in restrooms are only painted over and over again with no real solution. Several tenants have roof leaks during the rainy season and some have even had their roofs collapse. Landlord charges us for normal wear-and-tear repairs. We had our hot water on and off throughout the day for many days before we even received a note from management telling us it was going to be fixed. Trash pick up only twice a week caused the trash containers to overflow, trash on the ground made the trash area and parking lot to stink, and to make things worse there was no proper clean up done by maintenance. A sewage pipe in one of the parking lots tends to burst, flooding the area with dirty water, we have to walk over it to get to our cars, and maintenance does an awful job cleaning it up and the bad stench stays for days. There are almost everyday plumbing leaks in the parking lot that we have to drive under and over puddles of dirty water. We have the videos to show you the above and more.........So Councilmember, I'm sure that you agree with me that there should be no tenant under your district that should be living under these slum conditions, not in Los Angeles, not anywhere. Unfortunately, this is our reality for the tenants at Burlington Apartments. While the landlord neglects our well being, the landlord still believes it is ok to raise our rent by $250-$400 monthly. There were no offers for renovations, no offers for repairs, no offers for improved maintenance, no offers for fumigations. That was a wake up call for us tenants, it's true that we are not protected under the RSO, that our rents are slightly below the market rate, but I honestly believe that there should be NO EXCUSE for uninhabitable living conditions, and I hope that you agree with me on this too. We realized that the only way to get the landlord's attention was to form Burlington Unidos and begin a rent strike. We have tried to negotiate with the landlord for a reasonable rent increase (pertaining to all the safety and health problems with the buildings) and improved maintenance and repairs as well as respect from management. The landlord doesn't seem to want to reach a fair negotiation with us at all. Therefore, this is where we seek for your help. For you to kindly meet with us, as a group, and give us the opportunity to share our experiences with you. We only ask that you, as our representative, show us your support against this unjust and inhumane treatment from our landlord and act as an intermediate for a negotiation. A slumlord who operates in your district and is taking advantage of hard working families. We stood up against our slumlord, and now we face eviction and homelessness. We seek justice and a safe and healthy home in our community of Westlake. I'm sure you also agree that this is part of your responsibility? Beforehand, I truly appreciate your SUPPORT and look forward to hearing back from you soon since this is an URGENT matter.

Sincerely,

[redacted]

Dear Councilmember Mitch O'Farrell,

My name is Matthew Adams and I am one nearly 200 tenants (94 units) living at 131, 143, 171 Burlington Avenue in Westlake currently in a rent strike, the largest in recent history in LA, against the owner Lisa Ehrlich. We are your constituents in CD 13, we are families, we are mostly Latinxs, and we are currently paying 50% of our monthly income in rent. Ms. Ehrlich raised our rents 10% in 2017, and another 30% in 2018. The rent increases will result in 70% of our monthly income going to rent. Although Ms. Ehrlich is within her right to raise rent on our non RSO buildings, we live in deplorable conditions (sewage leaks, rats, roach and bed bugs infestations, mold, crumbling roofs from leaks, and security issues among other issues). We are fighting these unjust rent increases with a rent strike, frankly, we have no other way to fight these rent increases. We have attempted to negotiate with Ms. Ehrlich and she refuses to reach a sensible compromise.

The cases have now gone to court, as she has filed unlawful detainers against us. If now face eviction and if she is successful, we will literally become homeless -we cannot afford the outrageous rents accross the city. As our City Councilmember representing us in CD 13, we would like to meet with you to discuss how you can help mediate negotiations with Ms. Ehrlich. We formed a tenants association called Burlington Unidos, and we would like to meet with you by next week, Tuesday or Wednesday to discuss. Time is of the essence.

We look forward to your response.

Thank you.

Ive spoken with a few people here.

This case is in court. They stopped paying the rent and from what one constituent told me, they never worked with Housing. The legal team advised them to fight and go on a rent strike to my understanding.

Can housing still help here?

To my understanding the ruling on their case is coming up in the next few weeks.

Some cases have already been settled.

Lets discuss offline when you get a chance.

Estimado Concejal Mitch O'Farrell,

Mi nombre es [redacted] [redacted] y soy un miembro de 200 personas compartido en 94 unidades ubicadas en 131, 143, 171 Burlington Avenue en Westlake en nuestra huelga de renta contra la propietaria Lisa Ehrlich y los aumentos de alquiler exagerados. Nuestra huelga de renta es la más grande en la historia de Los Ángeles. Somos votantes del Distrito 13, somos familias, somos mayoría latinos, y somos inquilinos que, actualmente, estamos pagando el 50% de nuestros ingresos mensuales a la renta. La propietaria Sra. Ehrlich aumentó nuestras rentas en un 10% en 2017 y otro 30% en 2018. El aumento de 30% va resultar en el 70% de nuestros ingresos mensuales para la renta. Aunque la Sra. Ehrlich tiene derecho de aumentar el alquiler de nuestros apartamentos pero vivimos en condiciones deplorables (fugas de aguas residuales, ratas, infestaciones de cucarachas y chinches, molde, techos desmoronados por fugas y problemas de seguridad y más). Estamos luchando contra estos injustos aumentos de alquiler con nuestra huelga de alquiler porque, francamente, no tenemos otra manera de luchar contra estos aumentos exagerados de alquiler. Hemos intentado negociar con la Sra. Ehrlich y ella se niega a llegar a un compromiso razonable.

Los casos ahora han llegado a la corte - Lisa Ehrlich ha archivado detenciones ilegales contra nosotros. Si logra desalojarnos, nos convertiremos en familias desamparadas. Francamente, no podemos pagar los alquileres exorbitantes por toda la ciudad. Como nuestro Concejal y nuestro representa en el Distrito 13, nos gustaría reunirnos con usted para analizar cómo nos puede ayudar a mediar en las negociaciones con la Sra. Ehrlich. Formamos una asociación de inquilinos llamada Burlington Unidos, y nos gustaría reunirnos con ustedes la próxima semana, martes o miércoles para hablar sobre la tema. El tiempo corre.

Esperamos su respuesta.

Sinceramente,
[redacted]

Hi Angeleno hope you're very well. I'm sorry to have to complain but once again the alleyway right next to our building is FULL of stuff. I don't know what's wrong with these awful ensign it's whom are using the alleyway as a dumpster. It's very horrifying to see and it's dangerous in many levels. There are multiple mattresses and appliances scattered within viewing of our parking lot. When is the neighborhood going to get better? Why do we have to continue to suffer the bad behavior of these crummy people? Pleas help us.

Warmly,

Wanni Yu

SPEAKER PELOSI LETTER .pdf

Neighbors,

Earlier today, Councilmember Mitch O'Farrell sent the attached letter to Speaker Pelosi and Senate Leader McConnell, urging them to assist renters in Los Angeles.

Councilmember O'Farrell is working with all levels of government, calling for rent and mortgage forgiveness during the COVID-19 pandemic. He wants to ensure all Angelenos stay housed during this crisis and beyond.

Please see the attached letter and feel free to share with your neighbors and our fellow Angelenos.

As always, please feel free to contact me or our office at any time. We are here to assist you in any way possible.

Be safe,

The Honorable Congresswoman Nancy Pelosi
Speaker of the House of Representatives

The Honorable Kevin McCarthy
H-204, The Capitol
Washington, D.C. 20515

Dear Speaker Pelosi and Minority Leader McCarthy:

Thank you for providing the leadership we need during this unprecedented and profoundly stressful time. The House of Representatives acted swiftly to address the needs of Americans who are most impacted by the COVID-19 pandemic. The recently approved CARES Act will now provide real relief for working people across the country, especially those in the district that I represent on the Los Angeles City Council

I hear from Angelenos daily: People across most industries are in distress due to massive job loss. In addition to the fear of getting sick, they fear losing their ability to pay bills and stay afloat financially until the pandemic eases. With the U.S. economy virtually shut down, and talk of the next federal relief bill underway, I urge you to consider measures that will keep renters housed, and people who own rental properties from going into foreclosure.

In the Los Angeles metro region, over half of all households are renters. In the 13th District of the City of Los Angeles that I represent, over 80% of residents are renters, most of which are families.

In Los Angeles, we enacted emergency eviction protections related to the COVID-19 pandemic, along with an extension to pay back rent, interest free, up to 12 months after the emergency order is lifted. But without additional federal assistance we are limited in our ability to do much more. Tens of thousands of people have lost all their income along with their ability to pay the rent. Conversely, many rental property owners in Los Angeles have mortgages that rely on that

income in order to meet the obligations of their loan, pay property taxes, and other related expenses.

We are staring into the abyss. Although some property owners have loans guaranteed by the Federal Housing Administration that provide a forbearance plan, full repayment of mortgage loans plus interest is still required. We will have a large universe of renters who will be without any income for weeks or months struggling to stay housed, as well as property owners who aren't receiving rent to cover their mortgages. There will be instances where income will return much too slowly to keep pace with the ability to repay rents and mortgages long after emergency orders are lifted.

Therefore a federal plan for rent and mortgage forgiveness tied to COVID-19 is warranted. I doubt the unprecedented circumstances in Los Angeles are unique. As the next federal relief bill comes into focus in the coming weeks, the details conveyed in this letter will only become more apparent. Not unlike the big federal banking and auto industry bailouts from eleven years ago, we will need a similar plan. This time, the plan needs to be laser focused on keeping people housed and mortgages from going into default, while simultaneously concentrating on reopening business, bringing jobs back, and returning to life in general after the pandemic eases.

I humbly thank you for your consideration and stand ready to do whatever I can in my capacity in order to play a role in serving this purpose.

Thank you and be well!

Sincerely,

Mitch O'Farrell

**RE: Sunset Gower Studios Enhancement Plan,
ENV-2017-5091-EIR**

Dear Mr. McCrea:

On behalf of the Los Angeles Conservancy, thank you for the opportunity to comment on the Draft Environmental Impact Report (EIR) for the Sunset Gower Studios Enhancement Plan. As stated in the Draft EIR the proposed project will significantly impact the Sunset Gower Studios potential historic district and demolish 6050 Sunset Boulevard, an individually eligible historic resource. Based on outreach to the project applicant, Hudson Pacific Properties, the Conservancy understands Alternative 2: Preservation and Soundstage Alternative will be selected as the preferred project which the Conservancy fully supports. Unlike the proposed project in the Draft EIR, Alternative 2 will not result in any significant impacts to cultural resources.

The Conservancy greatly appreciates the efforts of the project team to fully consider the range of potential impacts when planning to incorporate new construction into a potential historic district. Not only is it important to maintain this production studio heritage of Hollywood but also to ensure this studio continues to maintain its vital role and function as a production facility for the future. Therefore we acknowledge Hudson Pacific Properties for working hard to create a viable studio for 21st century motion picture industry needs, while further reinforcing the important legacy of pioneering studios in Hollywood.

Proposed project will have significant and unavoidable impacts to the historic district

The potential Sunset Gower Studios Historic District has a period of significance from 1918, when the property was first developed by William Horsley, to 1958, when Harry Cohn, the pioneering president of Columbia Pictures died.

The potential district contains thirty-five buildings within its boundaries. Of the thirty-five, twenty-two buildings are identified as contributors. As currently included in the Draft EIR with the proposed project, six contributing buildings will be demolished to construct Buildings A, B, C and a parking structure. The cumulative loss to the district will be twenty-seven percent, a percentage that the Historic Resources Group has found to be a significant loss.

In addition to the loss of potential district contributors, 6050 Sunset Boulevard, an individually eligible resource will be demolished to construct Building A. Iconic music producer Bill Putnam opened his recording studio at 6050 Sunset in 1959. The studio quickly became one of the world's most popular recording spaces. Legendary artists such as Nat King Cole, Dean Martin, Bing Crosby, Jonny Mathis, Jan and Dean, The Righteous Brothers, Bobby Darin, Ray Charles, and Sammy Davis, Jr. all recorded at the studio. When Putnam's health began to fail in the 1970s, he sold the studio to his protégé, Allen Sides who continued operating the studio. No other music recording studio has won more technical excellence awards or garnered as many Best Engineered Grammys as the United-Western Recorders facility at 6050 Sunset.

1. Alternative 2: Preservation and Soundstage Alternative is a feasible alternative meeting project objectives while reducing significant impacts

As stated in the Draft EIR, Alternative 2: Preservation and Soundstage Alternative is deemed the environmentally superior alternative. This alternative successfully meets the project goals while minimally reducing the total net developed square footage by 8,015 square feet, or 1%.

Further, Alternative 2 preserves additional contributing resources within the potential historic district as well as the historic building located at 6050 Sunset. By relocating 6050 into the interior of the studio lot, it can be preserved and maintain its eligibility as a historic resource. Our understanding is the intact recording studio interior will also be maintained and preserved as part of this building's relocation.

As stated earlier, we understand Alternative 2 is intended to be selected as the preferred project and shall be included within the Final EIR. Overall this alternative and modified preferred project reflects the commitment by Hudson Pacific Properties to listen to the preservation community and work collaboratively to develop a plan that successfully incorporates new construction into an historic environment.

2. List the Sunset Gower Studio Historic District in the National Register of Historic Places and California Register of Historical Resources

The Conservancy strongly encourages the applicant to list the Sunset Gower Studios potential historic district in the National Register of Historic Places and California Register of Historical Resources (NRHP/CRHR) for its significance in the development of Los Angeles's early motion picture industry. Sunset Gower is an intact example of an early motion picture industry and is directly associated with Columbia Studios, one of the most influential film studios and one of Hollywood's "Big Eight" from the Golden Age of film. We recommend this commitment be made a condition as part of the Final EIR approval and certification process, and occurring prior to the issuance of any certificate of occupancy permit approval.

3. Designate 6050 Sunset Boulevard, 1455 Gordon Street (Alley Cat Studio), and 1440 Gower Street (Building 35) as City of Los Angeles Historic-Cultural Monuments (HCM)

We also strongly encourage the applicant to locally designate the three identified potentially eligible individual resources within and immediately adjacent to the project area. These buildings include 6050 Sunset Boulevard, 1455 Gordon Street (Alley Cat Studio), and 1440 Gower Street (Building 35). Both 6050 Sunset and 1440 Gower are set within the potential historic district boundaries, and 1455 Gower is immediately adjacent and under the same Hudson Pacific Properties ownership.

Each of these buildings is individually significant and thus should be afforded protection and a design review process for the future. Building 35 in particularly is highly significant as a later contribution to the historic district dating to 1951, and directly associated with Columbia Pictures as their administrative headquarters. As with the NRHR/CRHP district listing, we recommend these individual designations be required as a condition for certificate of occupancy permit approval.

4. Conclusion

In conclusion, the Conservancy does not support the proposed Sunset Gower Studios Enhancement Plan Project as presented in the Draft EIR, however we do fully support Alternative 2: Preservation and Soundstage Alternative. This is a "win-win" solution that successfully reduces project impacts to historic resources to a less than significant level while still meeting project objectives. Furthermore, we urge the applicant to list the Sunset Gower Studios Historic District in the National Register and California Register, and to locally designate 6050 Sunset Boulevard, 1455 Gordon Street, and 1440 Gower Street. As part of the Final EIR, designation of these resources shall be made a condition for acquiring certificate of occupancy permit approval.

The Conservancy greatly appreciates the proactive steps taken by Hudson Pacific Properties to incorporate necessary new construction into this important historic setting. Such efforts reflect the applicants commitment to stewardship of Hollywood's significant motion picture legacy.

Nuestra huelga de renta es la más grande en la historia de Los Ángeles. Somos votantes del Distrito 13, somos familias, somos mayoría latinos, y somos inquilinos que, actualmente, estamos pagando el 50% de nuestros ingresos mensuales a la renta. La propietaria Sra. Ehrlich aumentó nuestras rentas en un 10% en 2017 y otro 30% en 2018. El aumento de 30% va resultar en el 70% de nuestros ingresos mensuales para la renta. Aunque la Sra. Ehrlich tiene derecho de aumentar el alquiler de nuestros apartamentos pero vivimos en condiciones deplorables (fugas de aguas residuales, ratas, infestaciones de cucarachas y chinches, molde, techos desmoronados por fugas y problemas de seguridad y más). Estamos luchando contra estos injustos aumentos de alquiler con nuestra huelga de alquiler porque, francamente, no tenemos otra manera de luchar contra estos aumentos exagerados de alquiler. Hemos intentado negociar con la Sra. Ehrlich y ella se niega a llegar a un compromiso razonable.

> My name is [redacted] and I am one nearly 200 tenants (94 units) living at 131, 143, 171 Burlington Avenue in Westlake currently in a rent strike, the largest in recent history in LA, against the owner Lisa Ehrlich. We are your constituents in CD 13, we are families, we are mostly Latinxs, and we are currently paying 50% of our monthly income in rent. Ms. Ehrlich raised our rents 10% in 2017, and another 30% in 2018. The rent increases will result in 70% of our monthly income going to rent. Although Ms. Ehrlich is within her right to raise rent on our non RSO buildings, we live in deplorable conditions (sewage leaks, rats, roach and bed bugs infestations, mold, crumbling roofs from leaks, and security issues among other issues). We are fighting these unjust rent increases with a rent strike, frankly, we have no other way to fight these rent increases. We have attempted to negotiate with Ms. Ehrlich and she refuses to reach a sensible compromise.
>
> The cases have now gone to court, as she has filed unlawful detainers against us. If now face eviction and if she is successful, we will literally become homeless -we cannot afford the outrageous rents accross the city. As our City Councilmember representing us in CD 13, we would like to meet with you to discuss how you can help mediate negotiations with Ms. Ehrlich. We formed a tenants association called Burlington Unidos, and we would like to meet with you by next week, Tuesday or Wednesday to discuss. Time is of the essence.

Nuestra huelga de renta es la más grande en la historia de Los Ángeles. Somos votantes del Distrito 13, somos familias, somos mayoría latinos, y somos inquilinos que, actualmente, estamos pagando el 50% de nuestros ingresos mensuales a la renta. La propietaria Sra. Ehrlich tiene derecho de aumentar el alquiler de nuestros apartamentos pero vivimos en condiciones deplorables (fugas de aguas residuales, ratas, infestaciones de cucarachas y chinches, molde, techos desmoronados por fugas y problemas de seguridad y más). Access to internet continues to be an issue for our Union Avenue Families. I know that SPECTRUM is offering 60 days of free wifi, however for our parents this is still an issue, since most do not have credit cards or funds to pay for WiFi service once it expires. For our parents it may be easy to apply for the no cost 60 day trial, however it would be a challenge to terminate, since most have limited access to devices. Would it be possible for the Westlake community/Union school community or LA city to receive free internet? Our students received information on on-line learning and will not be able to access curriculum since they have no internet. Thank you Mitich for continuing our supporting our city and family.

Hi Principal,

Sorry for the delay.

We are talking to their Spectrums government relations representative to see what options may be available, but as of now they are only offering the 60 day trial.

Is there a good time schedule a quick call after 3pm? I am not clear in what you are referring to in regards to termination of service.

Juan

I notice the alley between Court and Beverly an between Union and Burlington, got the alley ground repaired and slurry topped. We would like to formerly ask for the same treatment for the alley between Court and Temple. The cracks need mending and are causing many drive ways to break up. The ground is moving and a new top would add much support to the other properties. Please let us know how to approach this with your office and offer our support

Good Afternoon,

I am handling your request to replace a missing 15 minute parking sign in front of the school at the above location. I conducted a field check. There are 2 signs with a beginning and ending sign for the 15 minute zone. Our office would not be able to paint the curb because the paint is only enforced between 8a to 6p Monday through Saturday. The 15 minute in front of the school is from 6a to 6p school days. There would be a conflict. I will submit a request to have the trees trimmed away from the sign. That will solve any issues of visibility.

Best,

Hi Margot,

Hope all is well! I wanted to reconnect on the short conversation we had the last time you were in our district office. We have $598K to work on improvements around the Beverly/Union/Burlington/3rd St area. We'd like to implement key SRTS elements and would like to discuss further with you.

Would you be available the following times to meet:
Mon 2/26 anytime after 2:30 PM
Tue 2/27 1PM
Thus 3/1 10:30 AM

Thanks

Hello Marisol,

Thank you for reaching out. I would be happy to chat about the area you outlined below and potential criteria tied to your available funding. Could I suggest that we connect by phone on Tuesday 2/27 @ 1 pm. I will forward an invite with a conference call #.

As you may know, Union Avenue ES is one of the top 50 schools, and we will be developing a street infrastructure improvement plan – a SRTS Plan in the same vein as the Gratts ES & Gratts Learning Academy SRTS Plan. The Walking Safety Assessment to initiate Plan development will be conducted with the school community and your team in Sept/Oct 2018. The WSA is an opportune forum for your spotlighting and our documenting concerns. As part of the SRTS Plan development process, we then ask KOA to segment the list of improvements by near term and capital improvements. We could leverage this list to assess how and when to effectively apply the $598K.

Do not hesitate to contact me with further questions or information.

Margot

Hey Juan,

Our office received a walk-in name [redacted] [redacted] who lives at [redacted] N Burlington Avenue.

He visited our office to ask for assistance in cleaning up his alleyway. He alleyway is a hot spot for illegal dumping. Recently, their was a bunch of vegetation that was dumped in the alleyway. There are a few open tickets for bulky items pickup.

[redacted] was also inquiring about a future clean in the area.

He can be reached at [redacted]

I've been wanting the Teams to go do SOME work in that alley, but because of the presence of some folks there, they wouldn't be able to clean the whole alley.

JUAN, have you been there recently?

As far as I know, unless new checks have come in there is no Hwd MTF dollars other than the "Paseo/La Mirada" settlement...

OK... There should be a new $500K infusion coming soon. The BID letter asks for $90-100K to be put toward wayfinding. My understanding is the property owner making the contribution (Clarett West) has specifically brought up wayfinding, since the BID has provided money for the project but we just need to close the gap.

How does an entity make a contribution? Do they contact us, or does it go right to the City Clerk?

Hi Jeanne,

I think you saw the letter we sent earlier this month, at the request of the Hollywood BID Board. We haven't heard anything back, and tomorrow is our Streetscape/Planning Committee agenda. The committee has asked for a progress report.

We are holding onto funds, in the current two BID budgets, to pay for construction docs. These funds come from the current two BIDs, which expire at the end of the year, so it is important to get this figured out very soon.

Peere Ghent, who is the Project Manager for LA Express Park for DOT, had reported at the Chamber Economic Development Committee two weeks ago that the project could be installed as early as August (!?)– which caught us by surprise, because we thought there was still a funding gap?

Frank Stephan, on the Hollywood Board, attempted to reach Craig Bullock at least twice before the Hollywood BID board prior to our May 17 meeting, as he has taken point on this for Hollywood, and he never received a return call.

So, Jeanne, I hate to bring this to the attention of the Chief of Staff – but I don't know where else to turn. I'm copying Dan because he is our deputy, but I know he has his hands full with the bridge housing (and other projects) and this is not in his bailiwick.

Let me know next steps, and what we can report tomorrow to the committee.

Many thanks!

Kerry

Streetscape/Planning Meeting for Hollywood BID

Hi Kerry,

I hope you are well.

I am so embarrassed about not getting back to Frank. I started looking into this after I received the email with the attached letter and got side tracked. At any rate, I learned that the planner that originally handled the case for Blvd 6200/Eastown has since retired from the City. Department of City Planning staff is going through the file to see if the entitlements conditioned the community benefit and, if so, what triggers them. It is not unusual that community benefits are payable prior to the issuance of a certificate of occupancy (C of O). The C of O for this project has not been issued. The other factor for this is that there is a separate agreement for the offsite signage for the. Funds may also come from that site. I followed up today and they are getting back to me. I will update you.

I will also try calling Frank back. I attempted earlier this afternoon but his voice mail box was full.

Again, my apologies!

Craig, just heard about that.

Curious if there has been a conversation as to whether continuing to invest in terrazzo over the long haul is sustainable? This could be a way to leverage some research into a long-term solution. Is anyone initiating a conversation about that?

Hi Kerry,

Yes, it has been discussed and will likely be discussed as we continue. The challenge is that the Walk of Fame is a historic cultural monument (HCM) and it presents challenges when we want to modify it beyond the current scope. Having said that, we are looping in the Department of City Planning Office of Historic Resources (OHR). The BID, CofC and Trust, of course, will be looped into the conversation once we get rolling on this. Right now we are handling all the boring accounting stuff.

Craig, as we do the maintenance for the Walk of Fame, it is hard to not notice that more and more of it is becoming damaged, and it does beg the question as to whether the introduction of another type of surface might make sense over time, to mitigate against terrazzo failure.

Take a look at this video of a paving solution we became aware of recently (we had a Coro Fellow doing some research for us – it was a joint project with the chamber – to consider how to best protect the WOF). Its worth taking a look at, and they have hinted at being willing to do a pilot segment to show the potential of this paving alternative.

This company is called PaveGen

http://www.pavegen.com/washington

Here's a thought: it would seem that a portion of these funds might best be directed to conducing an assessment of the current state of the WOF (e.g., how much of it is damaged, and what it would take to repair it) so that there is a baseline to compare against in the future. I'm going to share these thoughts with folks in the Chamber as well.

Hi Kerry,

Thanks for the response.

I attended the presentation that the Coro Fellow provided. I think alternative are with exploring. Having said that, a HCM will news review by OHR. That conversation will happen we just aren't ready to have it yet until the consultant is brought on board.

I would like to share that presentation with the consultant once we get to that point.

I have hearings this morning and not sure that I will be back in time for the call. I left a message (my third) with Frank Stephan.

The project at 6200 Hollywood Blvd has no development agreement. It is conditioned, however, that the developer pay an amount not to exceed $2 million towards the Hollywood Mobility Funds in three installments. It appears that the final installment has yet to be made. All the funds in the account have been encumbered for other transportation related items. I shared this information with Dan and left it on my voice mail with Frank.

The Hollywood BID director (Kerry) had asked me to specifically invite you/Council Office to this meeting when it had been scheduled.

The next meetings that are in our scope are with the CRA/LA/City Planning Department (late October) to update them on the progress, and then my office will be meeting with Hollyw

Craig - it is essential that you be there as the planning deputy for the council district. We are very concerned that this may hold up the community plan - so it is best we all be in the room at one time to come to an understanding about what this CRA plan is and what our strategy will be.

Please work with the organizer to come up with a new time.

Hi Kerry, Leron and Rich,

I hope you are well and had a nice weekend.

Below is the email that I received from Prakash Pinto regarding tomorrow's meeting. Unfortunately, my schedule still prevents me from attending. I will, however, be part of the meeting betwe
proceed with the meeting and all of us get together to go over the design guidelines at a later date or (2) I call in as soon as my other meeting is complete and participate via conference call o
Please let me know how you would like to proceed. I apologize for this inconvenience.

to me

Hi Craig,
So sorry that you will not be able to attend, but I understand completely. No worries.
The Hollywood BID director (Kerry) had asked me to specifically invite you/Council Office to this meeting when it had been scheduled.

The next meetings that are in our scope are with the CRA/LA/City Planning Department (late October) to update them on the progress, and then my office will be meeting with Hollyw
Sunset Urban Design Plan that we will be incorporating as part of the update.

Let me know if you would like to attend those.

Very Best,
Prakash Pinto

COVID-19 Consumer Alerts

From LA City Attorney Mike Feuer

PRICE GOUGING

It is unlawful for any food items or goods, medical supplies, services, etc., to be sold at more than 10% higher than what they were selling for before the City of LA declared a public health emergency on March 4.

STIMULUS CHECKS

The Federal government will not ask you to pay anything up front to get this money. No fees. No charges. You also won't be asked to give your Social Security, bank account or credit card number.

TREATMENTS AND CURES

Online scammers are selling fake cures, vaccines and advice on unproven treatments for COVID-19. Always consult with your doctor or healthcare provider. And watch for fake safety products being sold too.

PHISHING EMAILS AND TEXTS

Watch out for phishing emails and texts claiming to be from health or government officials but potentially looking to install malware on your computer or phone to steal your credit card and personal information.

IN-HOME TESTS

There are no commercially available in-home tests that you can buy right now. And anyone coming to your door that you don't know, offering to test you in your house or sell you a test, could be a burglar.

ROBOCALLS

Hang up on callers claiming to be government or health officials, your insurance company or other so-called experts selling you fake cures. They are trying to steal your credit card number or personal information.

COVID-19
ALERTAS AL CONSUMIDOR

Del Procurador Municipal de LA, Mike Feuer

AUMENTO DE PRECIOS

Es ilegal que se vendan artículos alimenticios o bienes, suministros médicos, etc., a más del 10% de lo que se estaban vendiendo antes de que la Ciudad de Los Angeles declarara una emergencia de salud pública el 4 de marzo.

CHEQUES DE ESTÍMULO

El gobierno Federal no le pedirá que pague nada por adelantado para obtener este dinero. Sin remuneraciones. Sin cargos. Tampoco se le pedirá que proporcione su número de seguro social, cuenta bancaria o tarjeta de crédito.

TRATAMIENTO Y CURACIONES

Los estafadores en línea están vendiendo curas falsas, vacunas y consejos sobre tratamientos no probados para COVID-19. Siempre consulte con su médico o proveedor de atención médica. Y tenga cuidado con los productos de seguridad falsos que también se venden.

CORREOS ELECTRÓNICOS Y TEXTOS DE PHISHING

Tenga cuidado con los correos electrónicos de phishing y los mensajes de texto que dicen ser de funcionarios de salud o del gobierno, pero que potencialmente buscan instalar malware en su computadora o teléfono para robar su tarjeta de crédito e información personal.

PRUEBAS EN EL HOGAR

No hay pruebas comerciales disponibles en el hogar que pueda comprar en este momento. Y cualquier persona que llegue a su puerta que no conozca ofreciéndole probarlo en su casa o venderle una prueba, podría ser un ladrón.

ROBOCALLS

Cuelgue las llamadas que dicen ser de funcionarios gubernamentales o de salud, su compañía de seguros u otros supuestos expertos que le venden curas falsas. Están tratando de robar su número de tarjeta de crédito o información personal.

Informe las estafas relacionadas con el consumidor de COVID-19 en la red www.lacityattorney.org/covid-19

1501 Vine Street Operating Condition Recommendations (Walgreens) Initial Draft.docx

Frank and Bethelwel - another email/document needed for your review, please, for this request we are submitting today.

See below/attached. This is an email and document from LAPD, related to Walgreens, but currently in **DRAFT form.** It relates to a set of DRAFT operating conditions; my understanding from my colleague Amy Ablakat (CCed) is that these are not yet finalized; the finalized version will be submitted to Walgreens at some point.

My guess is that these can be **withheld** because they would be considered **"deliberative,"** is that correct?

Thanks,

The requester (99.9% positive it's Adrian, once again) wants copies of ALL CD13 CPRA requests currently on Next Request -- either open or closed. I'm trying to interpret what exactly they want. Here are my questions:

1) Do they want A) a list of requests that we have received, or B) the **FULL CONTENTS** of the requests themselves?

2) If it's B, are we under any obligation to provide that?

Thanks,

143 S Burlington. 60-days notices

Councilman Mitch O'Farrell,

We are currently the tenants at 143 S Burlington (in the Westlake area). As you may be aware, this building was one of the 3 buildings that were involved in the rent strike, last year, against then-owner "1979 Ehrlich Investment Trust", (Lisa Ehrlich).

On September 19, 2019, we were notified that the buildings were sold to 29SC Burlington, LP. and 60-day notices were issued to the tenants of this building on October 1, 2019.

According to the notices we will need to vacate the premises by November 30, 2019. The buildings are currently undergoing extensive renovations. We were unofficially advised (this information was not provided in writing) that if we choose to stay we will have the option of moving into one of the renovated units but the rent will be increased by $600

As you can imagine, these are very stressful times for the tenants at 143 Burlington. We had not yet recovered from the stress and strain of the rent strike, only to be blindsided by being asked to leave the homes that we have fought to stay in.

The holiday season is fast approaching, but instead of giving thanks and caroling we will be praying to keep a roof over our heads. *How do we tell our children that there is no Christmas this year because we are being asked to permanently vacate our homes?*

Because we are being asked to leave prior to January 1, 2020, we will not be protected by AB1482. That means that we are vulnerable and without any recourse at this time.

During the rent strike, you expressed that your hands were tied because we stopped paying rent. The tenants are already united and this time we fully intend to continue paying the amount of our current rent. With that in mind, we are asking for your support in helping us to remain in our homes.

We would appreciate an opportunity to discuss this matter with you directly. You can contact Rosa Paxtor at **213-284-8155** or Luis Herrera at **213-422-7478.**

Thank you in advance for your support.

Sincerely,

Rosa Paxtor

Hi [redacted],

1) The Department just finalized the study on the request we submitted. Please see the response from the department after they inspected:

There are 2 signs with a beginning and ending sign for the 15 minute zone. Our office would not be able to paint the curb (green)because the paint is only enforced between 8a to 6p Monday through Saturday. The 15 minute sign in front of the school is from 6a to 6p school days. There would be a conflict.

I asked that they replace the 15 min sign that is missing. They will also be trimming the trees for visibility of the signs

2) To apply for the Speed Hump Program you will need to wait for the opening of the application process on September 12th at 8 am. Please see the link below and make sure you apply. Their are only accepting a small amount of applications per district and they are looked at on a first come first serve basis.

Please see below:

http://ladot.lacity.org/how-do-i/request-speed-humps?utm_source=P.I.C.O.+Neighborhood+Council+Newsletter&utm_campaign=87ede72de4-EMAIL_CAMPAIGN_2018_09_07_03_47&utm_medium=email&utm_term=0_554979aaaa-87ede72de4-256369369

If there are no school zone signs you will need to open another ticket for this new request or I can open one next week.

Have a nice weekend.

Hello Juan..our dearest community advocate for HiFi..thanks.. re response :

1. I think at the moment we will go with the 15 minute parking from 6 am to 6 pm.
2. Thanks for the tree trimming. Are they going to trim trees between Temple/Bonnie Brae west side of the curb? The trees covered the lights. There is prostitution going on. A report stated that cars parked are used for prostitution covered by the trees. Naked lady getting out of the car! Again, we need more lights!
3. Ill be flying tomorrow night for Dubai and back on the 17th! Ill mist the Gateway meeting .
Can you help us with the Speed Hump Program and the school zone notice?
Thank you Juan.

Hi [redacted],

Marisol is out of the office, we do not need to include her in our emails.

The trees will be cleared so drivers can see the signs, it will not be a full tree trimming. The department will be doing some tree trimming on Bonnie Brae soon if they haven't already done it, Ill see if they can add some of the trees on Burlington but I can not guarantee they will be able to get to this area.

I gave you the information for the speed hump program, please follow the link and apply when the application window opens up on Wednesday morning. Once you submit the application please let me know and Ill follow up with the department.

Hello Juan .. hope you are well. I got a letter from Dept. Of Bldg and
Safety from the West side (why not from City of LA Building and Safety
(sorry I misplaced the paper)
with information of a proposed
demolition at above address. Developer is
Alan Slavik, I think the same person who is supposed to do demo job at 420 N Alvarado,
hangout of the homeless.

Juan, on 434 N Burlington Ave.,
can you please help us by
making sure that they be careful
during demo/ construction to
be aware of a child care center adjacent
to the construction site ?
We have about 82 children that will be affected by the dust, dirt
and noise and about 16 to 18
employees.

Thanks Juan, let's keep in touch with this! The adjacent property,
Is our child care center!
